

Sample - 2022 County TIF Information Form

Deadline

The 2022 County Information Reporting Form is due March 31, 2023.

Purposes of the Form

The County Information Reporting Form is necessary for several purposes

- (1) To identify county oversight activities and information, including:
 - (a) dates of the actual first distribution of tax increment to a TIF district (which determines its maximum duration limit);
 - (b) the return of tax increment to the county by development authorities;
 - (c) decertification of TIF districts;
 - (d) enforcement of the Four-Year Knockdown Rule; and
 - (e) the correction of errors by counties pursuant to the correction statute;
- (2) To provide tax increment distribution information to verify reporting by development authorities; and
- (3) To ensure accurate transfers of the OSA TIF enforcement deduction to the State.

Form Instructions Available

Detailed instructions for completing this form can be downloaded at:

[TIF Forms and Instructions](#)

Important Information for Completing SAFES Forms

The OSA has become aware of an issue affecting some reporting forms that are downloaded from the State Auditor's Form Entry System (SAFES), which could include this form.

Please press the **Ctrl, Alt and F9** keys at the same time to ensure that all calculations on your form are correct. Pressing these keys at the same time forces the form to recalculate and will resolve the issue. Please do this when you first open the form and again just before submitting the form, at a minimum.

Please feel free to contact us at safes@osa.state.mn.us with any questions.

Red Messages:

The red messages in the right margin indicate that data must be entered or corrected before the reporting form can be submitted. Once the data has been entered or corrected, the red message will no longer be displayed. The table below summarizes the number of remaining red messages.

Tab Name	Red Messages Remaining
TIF Activity	7
Distributions-Settlements	7
TIF Enforcement Deduction	0
TOTAL COUNT	14

Alternate File Instructions (in lieu of Distributions Table)

You may choose to send an accompanying file in lieu of completing the Distributions Table on the Distributions-Settlement Tab. This may be preferable if you have the ability to query or report the data from your system and can copy and paste that data into a file to avoid data entry on the Distribution Table. The following requirements apply to the accompanying file.

- (1) The file must be a comma-delimited file with the extension ".CSV". One way to create a .CSV file is to copy and paste the data into an Excel file; select Save As from the File menu; name the file and choose a file location; and select .CSV from the drop-down of file types.
- (2) The authority names and TIF district names can be reported as they are identified in the county system, with the TIF district names placed in either Column B or C (although Column C is preferred if using county names). The names do not need to match the prepopulated Distribution Table, nor do they need to be in the same order as the prepopulated Distribution Table.
- (3) The file must contain no extra columns, headers, labels, or text. It must only contain Columns A through I from the Distribution Table. If either Column B or C is not used, a blank column must still be included. Column J should not be included.

If you have difficulties complying with these changes or have reasons to suggest alternate file types in the future, please contact Jason Nord at Jason.Nord@osa.state.mn.us or 651-296-7979.

Submitting the Form

Please submit the completed form using the State Auditor Form Entry System (SAFES). Refer to the instructions for more details.

7 Does this county charge for TIF administrative costs? Select One

8 Comments (4,000 character limit on Comments):

Sample - 2022 County TIF Information Form

Distributions/Settlements

- 1 Did this county make any TIF distributions/settlements in 2022? Select One
- 2 Has this county chosen to complete the Distribution Table on Line 4 or to send the optional .CSV file? Select One

You may enter distributions of tax increment for each TIF district in the Distribution Table on Line 4, or you may alternatively chose to send an accompanying file containing the distribution amounts. See instructions for details. The alternate file might be preferred by counties with a large number of districts to avoid data entry. The accompanying file must be in comma-separated-values format (.CSV) containing the information for columns A through I of the Distribution Table arranged exactly as they are in the table on Line 4.

Total Distributions

- 3 If the Distribution Table on Line 4 is completed, these totals will be automatically calculated. If the alternative file is provided in lieu of completing the Distribution Table, enter the corresponding totals in columns A and B. Column C will be automatically calculated.

A	B	C
2022 Distributions <small>(excluding January 2022 cleanup)</small>	January 2023 Clean-up Distributions <small>(if any)</small>	Total TIF Distributions
\$ 15,000.00	\$ 150.00	\$ 15,150.00

Distribution Table

- 4 Enter the total amount of tax increment distributed for each TIF district in 2022, excluding any cleanup settlement in January 2022, in Column H. Enter any amount distributed in January 2023 as a cleanup settlement in Column I. Report all distributions, adding any new or missing districts in the blank rows. Do not include TIF enforcement deduction amounts as these are paid to the State and are reported on the TIF Enforcement Deduction Tab. Column C is optional and solely for the county's reference, except that if a district is added in a blank row this name should be provided if the OSA name is unknown. Verify the Department of Revenue Codes in columns E, F, and G. If incorrect, enter the correct code(s) in the comment section. Do not copy and paste data into this table as it disrupts data importing (use the alternate file if copying and pasting will save time).

	A Development Authority Name <small>(City, EDA, HRA, PA)</small>	B OSA TIF District Name	C County TIF District Name <small>(Optional unless "Not in List" selected in column B)</small>	D County TIF Code <small>(Optional - See Instructions)</small>	E F G DOR TIF Codes			H 2022 Distributions <small>(excluding January 2022 cleanup)</small>	I January 2023 Clean-up Distributions <small>(if any)</small>	J Total TIF Distributions

Sample - 2022 County TIF Information Form

TIF Enforcement Deduction

Expected Enforcement Deduction Amount

1 Based on the total distributions from the Distributions–Settlement Tab(Column A), the total increment collected prior to subtracting the enforcement deduction (Column B) and the amount of the enforcement deduction (Column C) are estimated. The OSA expects that the enforcement deduction payments to the State from February 2022 through January 2023 should approximately equal the amount in Column C.

<table border="1" style="width: 100%; border-collapse: collapse;"> <tr><th style="background-color: #e0f0e0;">A</th></tr> <tr><td style="text-align: center;">Total Tax Increment Distributed (amount reported on previous tab)</td></tr> <tr><td style="text-align: right;">\$ 15,150.00</td></tr> </table>	A	Total Tax Increment Distributed (amount reported on previous tab)	\$ 15,150.00	<table border="1" style="width: 100%; border-collapse: collapse;"> <tr><th style="background-color: #e0f0e0;">B</th></tr> <tr><td style="text-align: center;">Total Tax Increment Collected (prior to the enforcement deduction)</td></tr> <tr><td style="text-align: right;">\$ 15,204.74</td></tr> </table>	B	Total Tax Increment Collected (prior to the enforcement deduction)	\$ 15,204.74	<table border="1" style="width: 100%; border-collapse: collapse;"> <tr><th style="background-color: #e0f0e0;">C</th></tr> <tr><td style="text-align: center;">Expected Enforcement Deduction</td></tr> <tr><td style="text-align: right;">\$ 54.74</td></tr> </table>	C	Expected Enforcement Deduction	\$ 54.74
A											
Total Tax Increment Distributed (amount reported on previous tab)											
\$ 15,150.00											
B											
Total Tax Increment Collected (prior to the enforcement deduction)											
\$ 15,204.74											
C											
Expected Enforcement Deduction											
\$ 54.74											

/ (1 - .0036) = x .0036 =

Enforcement deduction payments to the State (MMB)

2 Enter the amounts and dates of each payment or transfer of TIF enforcement deduction amounts to the State. Typically only two or three transfers are expected, but additional rows are provided. (If more than eight transfers were made, combine the remaining amounts on row 8 and note the additional dates in the comments on Line 3. Provide a comment on Line 3 to explain any difference greater than minor rounding errors between the total for Line 2 and the expected amount from Line 1, Column C.
