**ST. PAUL (5/12/2016)** – State Auditor Rebecca Otto today released the Large Public Pension Plan Investment Report, which reviews the investment performance of Minnesota’s large local public pension plans for the 2014 calendar year. The public pension plans included in this report are the Bloomington Fire Department Relief Association, the Duluth Teachers’ Retirement Fund Association, and the St. Paul Teachers’ Retirement Fund Association.

This report informs lawmakers of the large plans’ investment performance, educates fiduciaries and members of the plans, and provides transparency to the public.

Highlights from the report include:

### **Current Trends**

- During 2014, rates of return for the large plans were 7.0 percent (Bloomington Fire Department Relief Association), 6.5 percent (St. Paul Teachers’ Retirement Fund Association), and 5.9 percent (Duluth Teachers’ Retirement Fund Association). St. Paul Teachers’ was the only plan that exceeded their benchmark.
- Bloomington Fire was the only large plan that ended 2014 with a funding ratio above 100 percent, at 113.7 percent. Duluth Teachers’ and St. Paul Teachers’ had funding ratios of 46.8 percent and 66.1 percent, respectively.

### **Long-Term Trends**

- The ten-year period from January 2005 through December 2014 was a period of market volatility. Bloomington Fire was the only large plan able to match or exceed its actuarial assumed rate of return over this period. Although the other large plans were not able to meet their actuarial assumed rates of return over this period, most of the plans were able to keep up with or exceed market returns. The best-performing plan over the ten-year period was St. Paul Teachers’, which earned 6.8 percent.
