Executive Summary

- In 2010, 271 Minnesota law enforcement agencies reported a total of 4,604 incidents of property seized subject to forfeiture. Of the 4,604 incidents, 1,405 were reported to the Office of the State Auditor before new reporting requirements went into effect August 1, 2010, while 3,199 were reported after the implementation of the new requirements (pg. 7).
- Gross sales of forfeited property or seized cash totaled \$5,367,197 in 2010; administrative expenses and lien holder's obligations totaled \$952,060 in 2010;¹ and net proceeds totaled \$4,464,455 in 2010 (pg. 7).²
- In 2010, vehicles accounted for 42 percent (19 percent in 2009) of property seized, followed by cash at 42 percent (54 percent in 2009), firearms at 15 percent (26 percent in 2009), and other property at 1 percent (same as 2009) (pg. 8).³
- Of the 4,604 forfeiture incidents reported, 3,711 involved seized cash, property that was sold, or an agreement that required monetary compensation to the agency. The total value of net proceeds from these forfeitures was \$4,464,455. Net proceeds derived from forfeitures ranged from \$0 to \$105,000. Net proceeds per forfeiture incident averaged \$1,203 in 2010 (pg. 7).
- The most common criminal activities leading to seizure, forfeiture, and final disposition of property in 2010 were controlled substance and DUI-related. Forfeitures involving a controlled substance accounted for 2,918, or 63 percent, of reported incidents, while DUI-related forfeitures accounted for 1,077, or 23 percent, of reported incidents. The remaining incidents involved game and fish violations (211), fleeing (124), burglary (29), weapons (28), assault (27), robbery/theft (23), and "other" crimes (167) (pg. 11).
- The agencies with 100 or more forfeiture incidents completed in 2010 were: the Minnesota State Patrol (519), the Minneapolis Police Department (282), the Department of Natural Resources (DNR) Enforcement Division (211), the Dakota County Drug Task Force (178), the Southeast Minnesota Drug Task Force (171), and the Saint Paul Police Department (112) (pg. 8).
- In addition to the 271 law enforcement agencies that completed forfeitures in 2010, 176 agencies indicated that they had no forfeitures to report in 2010, and 38 agencies did not provide any information to the Office of the State Auditor regarding their forfeiture activity in 2010 (pg. 13).

¹These costs represent the payment of seizure, storage, forfeiture, and sale expenses; satisfaction of valid liens against the property; or court-ordered restitution (Minn. Stat. § 609.5315, subd. 4).

²Net proceeds do not equal the gross proceeds minus administrative expenses/lienholder obligations because when expenses exceed the gross proceeds, the net proceeds available for distribution are shown as zero.

³Vehicles include ATVs, boats, motorcycles, motorhomes, and snowmobiles.

Scope and Methodology

Under Minnesota law, property associated with designated criminal offenses may be forfeited. Minn. Stat. § 609.5315, subd. 6, directs law enforcement agencies to report to the Office of the State Auditor property seized subject to forfeiture under these laws. In 2010, the Legislature revised a number of statutes that authorize the seizure and forfeiture of property. The statutory changes, among other things, expanded the scope of information that must be reported to the Office of the State Auditor. Additionally, the reporting requirements are now linked to a broader range of forfeitures including those involving driving under the influence (DUI), game and fish violations, off-road vehicle violations, gambling, and racketeering.

Information that must now be reported to the Office of the State Auditor includes the amount forfeited, the statutory authority for the forfeiture, the disposition date, a brief description of the circumstances involved, whether the forfeiture was contested, and the final disposition of the property. For controlled substance and driving while impaired forfeitures, the report must indicate whether the forfeiture was initiated as an administrative or a judicial forfeiture. For firearms, the make, model, and serial number of each firearm forfeited must be reported.

This report provides information on the cash and property seized subject to forfeiture in which the final disposition was completed in 2010.⁴ Forfeitures are considered complete in the year in which there is a final disposition of the seized property regardless of the date the property is initially seized. At final disposition, items are sold, retained for law enforcement purposes, destroyed, forwarded to other law enforcement agencies, or returned to the owner. This report does not reflect all property seizure and forfeiture activity in 2010, but rather the number of forfeitures that went through final disposition in 2010.

The statutory changes outlined above took effect August 1, 2010 -- during the middle of the 2010 reporting period. Due to the mid-year changes, the data in this report is not comparable to any previous reporting period.⁵ In addition to the 271 law enforcement agencies that completed forfeitures in 2010, 176 agencies reported that they had no forfeitures, and 38 did not file reports with the Office of the State Auditor.

Forfeitures that were completed in 2010 are detailed in the four data tables in this report. Table 1 provides a summary and comparison of the type and value of property forfeited before and after the statute revisions that took effect August 1, 2010 (pg. 9). Table 2 lists, by agency, all property seized subject to forfeiture in which the final disposition was completed between January 1 and July 31, 2010 (pg. 16). Table 3 lists, by agency, all property seized subject to forfeiture in which the final disposition was completed between August 1 and December 31, 2010 (pg. 81). Table 4 summarizes forfeiture activity by agency (pg. 171).

⁴In Minn. Stat. §§ 609.531–609.5318, the subject of this report is described as “property seized” which is “subject to forfeiture.” Other terminology used in this report, such as “forfeiture incidents” and “forfeitures,” are intended to convey the same meaning.

⁵All forfeiture information in this report is self-reported by individual law enforcement agencies. The Office of the State Auditor does not audit this data.

Background

State laws governing property that is subject to criminal forfeiture proceedings, and the actual disposition of the forfeited property, have changed considerably since their inception in 1971.

- In 1971, the Legislature authorized law enforcement agencies making an arrest involving a controlled substance to seize property associated with the use or transportation of the controlled substance. Upon conviction of the offense, the individual forfeited the seized property to the local law enforcement agency. Legislation authorized local law enforcement agencies to use forfeited property for law enforcement purposes or sell the property and use the proceeds of the sale for authorized agency activities and to destroy forfeited contraband.
- In 1973, the Legislature authorized the seizure and subsequent forfeiture of money that was deemed to be related to the commission of an offense involving a controlled substance. The 1973 law prescribed a more detailed process for criminal forfeitures. It also directed that half of all proceeds from the sale of forfeited property, and half of all of the forfeited cash, be forwarded to the state drug abuse authority. The state drug abuse authority was directed to use its share of the proceeds for the care and treatment of individuals with drug-related disorders. The remaining half of the proceeds from the sale of forfeited property would continue to be used by the local law enforcement agency.
- In 1984, the Legislature expanded the items that are subject to criminal forfeiture to include all money, precious metals, gems, negotiable instruments, securities, and property or things of value. The 1984 law further stipulated that “all moneys, precious metals, and gems found in proximity to controlled substances or in proximity to any equipment or records pertaining to a controlled substance, are subject to forfeiture.” It also revised the formula for distributing forfeited cash and the net proceeds from the sale of forfeited property. Under the 1984 revision, the state retained one-third of the cash and net proceeds for the care and treatment of individuals with drug-related disorders. The remaining two-thirds of the net proceeds were to be shared equally between the law enforcement agency making the initial arrest and the prosecuting agency.
- In 1988, the Legislature significantly expanded the list of criminal offenses that could result in the forfeiture of cash and personal property. In addition to controlled substance-related forfeitures, the Legislature authorized forfeitures of cash and property related to the commission of a variety of other criminal offenses including: murder, aggravated assault, criminal sexual conduct, criminal vehicular homicide, robbery, kidnapping, prostitution, bribery, fraud, and theft. The 1988 law also amended the formula used to distribute forfeited cash and the proceeds from the sale of forfeited property. The new formula directed that 70 percent of the cash and net proceeds be used by the law enforcement agency initiating the forfeiture action, 20 percent of the cash and net proceeds be distributed to the prosecuting agency, and the remaining 10 percent of the cash and net proceeds be forwarded to the state for deposit in the state’s General Fund.

- In 1992, legislative interest in the nature and extent of criminal forfeitures increased throughout the state. This increased interest resulted in a legislatively-imposed requirement that law enforcement agencies report all criminal forfeitures to the Office of the State Auditor. The new reporting requirement mandated that the reports be filed monthly and include the amount forfeited, date, and a brief description of the circumstances involved.
- In 1993, the Legislature passed legislation that prohibited law enforcement agencies from selling forfeited firearms. The provision required that all forfeited weapons, ammunition, and firearm accessories be destroyed unless retained for law enforcement purposes.
- In 1994, the Legislature amended the forfeiture statutes to require law enforcement agencies to report to the Office of the State Auditor “the number of firearms forfeited, and the make, model, and serial number of each firearm forfeited.”
- In 1995, the Legislature expanded DUI-related forfeiture statutes to include offenses involving snowmobiles, all-terrain vehicles, boats, and automobiles. A vehicle used in an incident that results in a third impaired driving conviction in 5 years or a fourth conviction within 15 years is subject to forfeiture. The legislation also required law enforcement agencies to report these forfeitures to the Office of the State Auditor on an annual basis.
- Due to the 1997 legislative repeal of Minn. Stat. §§ 84.912, subd. 10, and 86B.337, subd. 10, the requirement to report information on DUI-related forfeitures to the Office of the State Auditor was eliminated.
- In 1999, the Legislature amended Minn. Stat. § 609.5315, subd. 1, to allow law enforcement agencies to sell forfeited firearms to federally-licensed firearms dealers. The Hennepin and Ramsey County Boards were given authorization to ban the sale of forfeited firearms by their respective sheriff’s departments. The Boards subsequently voted to continue the ban.
- In 2010, the Legislature made numerous changes to the forfeiture laws, including the expansion of the reporting requirements related to forfeiture; requiring model policies on forfeiture; requiring officers to give forfeiture receipts upon seizure of property; implementing timelines for forfeiture notice and hearings; placing a cap on the value of property that may be forfeited administratively; authorizing petitions for remission and mitigation of seized property; requiring certification by the prosecutor before property may be forfeited administratively; and prohibiting sale of forfeited property to law enforcement officers, employees, and family members.

2010 Forfeiture Activity

In August 2010, the Office of the State Auditor implemented a new on-line reporting system to coincide with the enhanced reporting requirements detailed previously. This change resulted in there being two similar but distinct databases for the 2010 year. The analysis presented here combines the two sets of data when it is comparable, but provides a separate analysis for data elements only provided after August 1, 2010.⁶

In 2010, 271 Minnesota law enforcement agencies reported a total of 4,604 incidents of property seized subject to forfeiture. Of the 4,604 incidents, 1,405 were reported to the Office of the State Auditor before new reporting requirements went into effect August 1, 2010, while 3,199 were reported after the implementation of the new requirements.

Of the 4,604 forfeiture incidents reported, 3,711 involved seized cash, property that was sold, or an agreement that required monetary compensation to the agency. The total value of net proceeds from these forfeitures was \$4,464,455. Net proceeds derived from forfeitures ranged from \$0 to \$105,000. Net proceeds per forfeiture incident averaged \$1,203 in 2010.

When the full year is examined, the combined gross sales, expenses, and net proceeds of 2010 forfeited property totaled the following amounts:

- Gross sales of forfeited property or seized cash totaled \$5,367,197 in 2010.
- Administrative expenses and lien holder's obligations totaled \$952,060 in 2010.^{7 8}
- Net proceeds totaled \$4,464,455 in 2010.

Range in Net Proceeds Level

Law enforcement agencies receive funds derived from forfeitures in three primary ways: the forfeited item was cash, the forfeited item was sold, or an agreement required monetary compensation to the agency. An analysis of the net proceeds of these incidents showed the following:

- 593 (16.0 percent) forfeitures were less than \$100.
- 1,459 (39.3 percent) forfeitures ranged from \$100 to \$499.
- 648 (17.5 percent) forfeitures ranged from \$500 to \$999.
- 847 (22.8 percent) forfeitures ranged from \$1,000 to \$4,999.

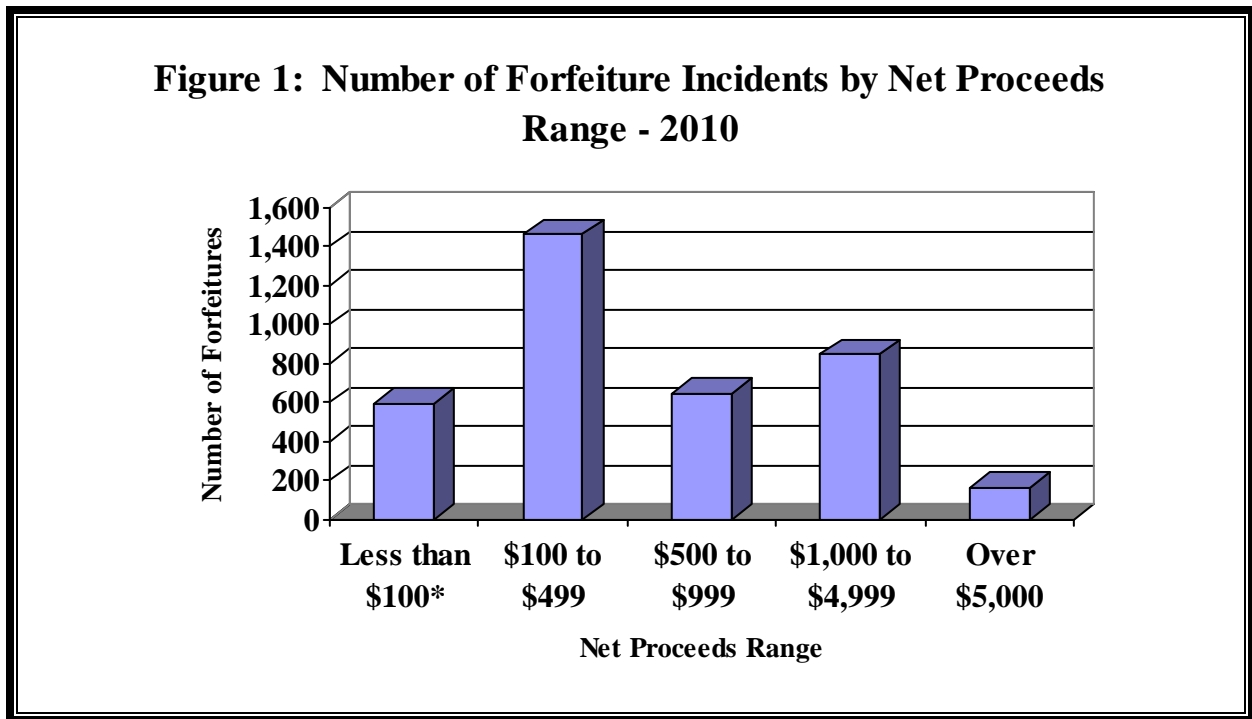

⁶Forfeiture incidents reported prior to August 1, 2010, did not indicate if the forfeiture was contested, or if it was initiated as an administrative or judicial forfeiture for controlled substance or DUI-related forfeitures.

⁷Net proceeds do not equal the gross proceeds minus administrative expenses/lienholder obligations because when expenses exceed the gross proceeds, the net proceeds available for distribution are shown as zero.

⁸These costs represent the payment of seizure, storage, forfeiture, and sale expenses; satisfaction of valid liens against the property; or court-ordered restitution (Minn. Stat. § 609.5315, subd. 4).

- 164 (4.4 percent) forfeitures were greater than \$5,000.

Figure 1 below shows the distribution of forfeitures by net proceeds range.

Criminal Forfeiture Activity by Law Enforcement Agency

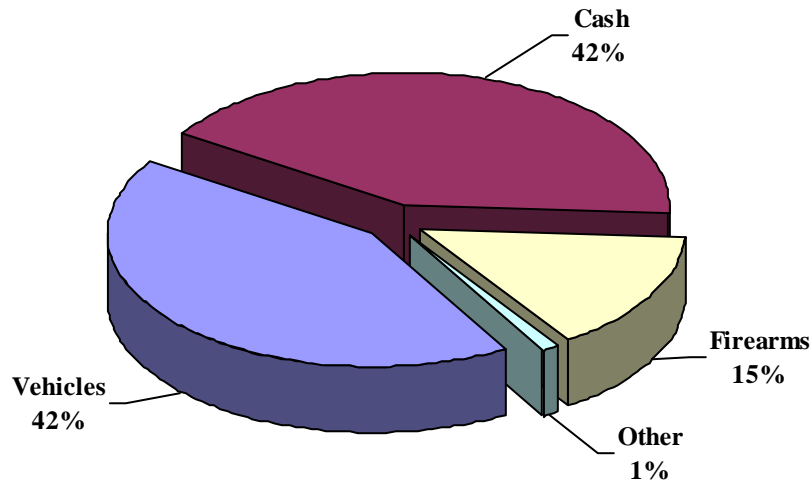

The 271 law enforcement agencies reporting criminal forfeiture incidents in 2010 included county sheriff’s departments, city police departments, various drug task forces, and the Minnesota State Patrol. The agencies with 100 or more forfeiture incidents completed in 2010 were: the Minnesota State Patrol (519), the Minneapolis Police Department (282), the Department of Natural Resources (DNR) Enforcement Division (211), the Dakota County Drug Task Force (178), the Southeast Minnesota Drug Task Force (171), and the Saint Paul Police Department (112). The inclusion of DUI and game and fish forfeitures significantly increased the number of forfeiture incidents reported by the Minnesota State Patrol and the DNR Enforcement Division.

Type of Property

Figure 2 on the following page shows the type of property seized subject to forfeiture in 2010. The inclusion of DUI-related forfeitures significantly changed the composition of forfeited property reported to the Office of the State Auditor compared to the previous year. In 2010, vehicles accounted for 42 percent (19 percent in 2009) of property seized, followed by cash at 42 percent (54 percent in 2009), firearms at 15 percent (26 percent in 2009), and other property at 1 percent (same as 2009).⁹

⁹Vehicles include ATVs, boats, motorcycles, motorhomes, and snowmobiles.

The table below shows the three most common types of forfeited property (cash, vehicles, and firearms) and all other property broken out by those forfeitures reported prior to the statute revision (pre-August) and those reported after the revision (post-August).

Controlled Substance and DUI-Related Forfeitures

The changes to the reporting requirements that went into effect August 1, 2010, require law enforcement agencies to provide additional information on controlled substance and DUI-related forfeitures. Property seized subject to forfeiture for which the associated crime is controlled substance or DUI-related must also include whether the forfeiture was initiated as an administrative or judicial forfeiture, and whether the forfeiture was contested.

For forfeitures completed after August 1, 2010, the revised reporting requirements provided the following information:

- There were 1,157 DUI-related forfeitures reported between August 1 and December 31, 2010. Of these, 1,121 or 97 percent were initiated as administrative forfeitures; 29, or 3 percent were initiated as judicial forfeitures; and, 7, or 1 percent, were initiated as “other”. Figure 3 below shows this breakdown.
- Among the DUI forfeitures, 26 percent of those initiated as administrative forfeitures were contested, 62 percent initiated as judicial forfeitures were contested, and all of those listed as “other” were contested.

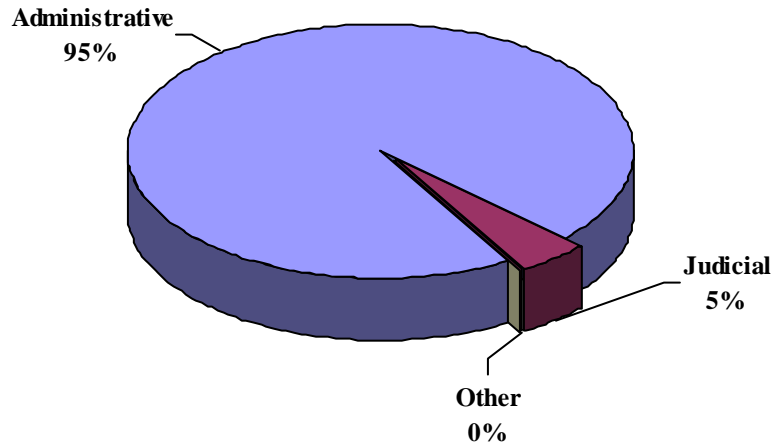

- There were 1,336 controlled substance-related forfeitures reported between August 1 and December 31, 2010. Of these, 1,272, or 95 percent, were initiated as administrative forfeitures; 63, or 5 percent, were initiated as judicial forfeitures; and 1 (less than one percent) was initiated as “other”. Figure 4 on the following page illustrates this distribution.

- Among the controlled substance-related forfeitures, 21 percent of those initiated as administrative forfeitures were contested, 25 percent initiated as judicial forfeitures were contested, and, the lone “other” was contested.

1,336 Controlled Substance-Related Forfeitures*

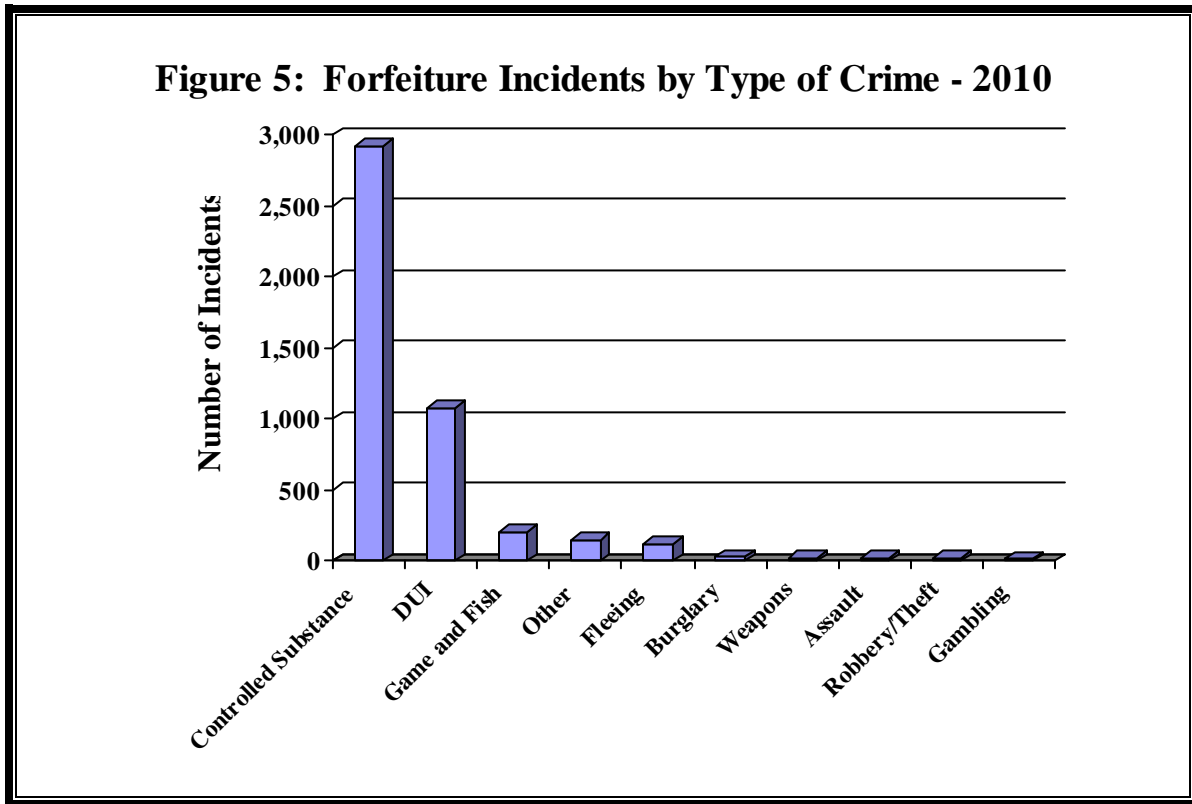

*Completed between August 1 and December 31, 2010.

Type of Crime

The most common criminal activities leading to seizure, forfeiture, and final disposition of property in 2010 were controlled substance and DUI-related. Forfeitures involving a controlled substance accounted for 2,918, or 63 percent, of reported incidents, while DUI-related forfeitures accounted for 1,077, or 23 percent, of reported incidents. The remaining incidents involved game and fish violations (211), fleeing (124), burglary (29), weapons (28), assault (27), robbery/theft (23), and “other” crimes (167). Figure 5 on the following page shows forfeiture incidents by type of crime.

Figure 5: Forfeiture Incidents by Type of Crime - 2010

Forfeited Property Destroyed, Retained, or Forwarded to Other Agency

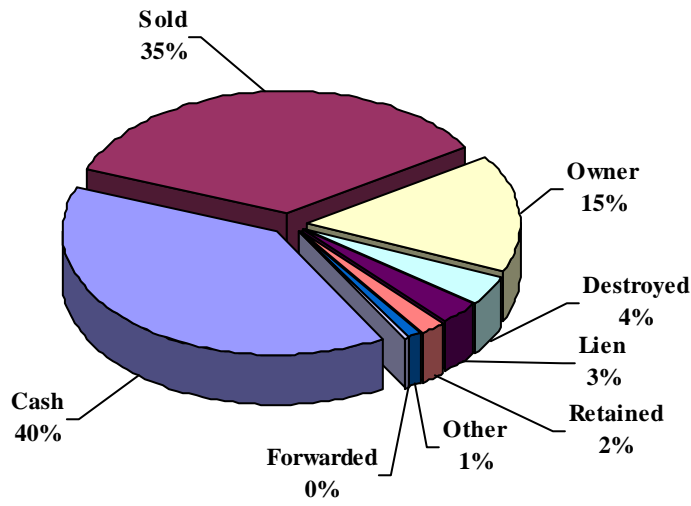

In addition to selling forfeited property, law enforcement agencies have the authority to destroy property that is harmful to the public, retain property for official use by the agency, return the seized property upon court order or agreement, or forward property to a state or federal agency (usually the Drug Enforcement Administration). When the final disposition of seized property is one of those listed above, there are no net proceeds subject to the various distribution formulas. If property retained for official use is later sold, the net proceeds are apportioned according to Minn. Stat. § 609.5315, subd. 5.

In 2010, 104 forfeitures resulted in property being retained by the agency or forwarded to another agency, 144 forfeitures resulted in property being destroyed, 100 forfeitures were used to resolve liens against the property, and, in 500 cases, the seized property was returned to the owner upon agreement or court order. The “other” category, which accounted for 45 forfeiture incidents, includes any other disposition of property not previously classified.

Final Disposition of Property

Law enforcement agencies reported final disposition for 4,604 incidences of seized property in 2010. Figure 6 on the following page shows the type of final disposition on all 4,604 forfeitures completed in 2010.

Figure 6: Final Disposition of Property Seized Subject to Forfeiture - 2010

Property or Proceeds Shared With Other Agency

Law enforcement agencies frequently work together, especially on drug-related offenses, and often share the cash proceeds from drug-related criminal forfeitures. Sharing of property or proceeds occurs most frequently in narcotics task forces, where proceeds are split amongst the contributing agencies in accordance with Minn. Stat. § 609.5315, subd. 5.

Agencies Reporting No Forfeitures in 2010

Not all law enforcement agencies in the state process property for forfeiture. The Office of the State Auditor requires all law enforcement agencies that did not process any forfeitures in a given year to inform the Office by January 31 of the following year of this information. For 2010, 176 agencies reported that they did not process any property under the forfeiture statutes (see Appendix 1). This does not mean that forfeitable offenses did not occur in these jurisdictions, but rather it is often cost-prohibitive for these agencies to take advantage of the forfeiture statutes due to their limited size. Many agencies forward their forfeitures to the task force in their jurisdiction. Appendix 3 contains a map of the gang and drug task forces throughout the state.

In addition to the 176 agencies that indicated they had no forfeitures to report in 2010, 38 agencies did not provide any information to the Office of the State Auditor regarding their forfeiture activity in 2010. These agencies are listed in Appendix 2.
