## Description of the Office of the State Auditor

The mission of the Office of the State Auditor is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 100 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

**Audit Practice** – conducts financial and legal compliance audits of local governments;

**Government Information** – collects and analyzes financial information for cities, towns, counties, and special districts;

**Legal/Special Investigations** – provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law; as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;

**Pension** – monitors investment, financial, and actuarial reporting for Minnesota’s local public pension funds; and

**Tax Increment Financing** – promotes compliance and accountability in local governments’ use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

## INDEPENDENT AUDITOR'S REPORT

Board of County Commissioners  
Polk County  
Crookston, Minnesota

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Polk County, Minnesota, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Polk County, as of December 31, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore, is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit;
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed;
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis; Budgetary Comparison Schedules for the General Fund and the Road and Bridge, Social Services, and Public Safety Special Revenue Funds; Schedule of Changes in Total OPEB Liability and Related Ratios – Other Postemployment Benefits; PERA retirement plan schedules; and Notes to the Required Supplementary Information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Polk County's basic financial statements. The combining nonmajor fund financial statements; Budgetary Comparison Schedules for the Agassiz Regional Library, Environmental Services, and Public Health Special Revenue Funds; combining fiduciary fund financial statements; Schedule of Deposits and Investments; Schedule of Intergovernmental Revenue; and Schedule of Expenditures of Federal Awards and related notes, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information as identified above is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 14, 2023, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial

reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

**POLK COUNTY  
CROOKSTON, MINNESOTA**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
DECEMBER 31, 2021  
(Unaudited)**

**INTRODUCTION**

Polk County's Management's Discussion and Analysis (MD&A) provides an overview of financial activities for the fiscal year ended December 31, 2021. Since this information is designed to focus on the current year's activities, resulting changes, and currently known facts, it should be read in conjunction with the County's financial statements and the notes to the financial statements.

**FINANCIAL HIGHLIGHTS**

- Governmental activities' total net position is \$129,687,963, of which Polk County has a net investment in capital assets of \$119,723,020, and \$3,952,967 is restricted to specific purposes or uses.
- Business-type activities' total net position is \$18,714,896. Net investment in capital assets represents \$17,318,122, and \$78,439 is restricted to specific purposes and uses.
- Polk County's net position (governmental activities and business-type activities) totals \$148,402,859 for the year ended December 31, 2021. Net investment in capital assets represents \$137,041,142 of the total, \$4,031,406 of the total net position is restricted for specific uses, and \$7,330,311 is unrestricted.
- The net cost of Polk County's governmental activities for the year ended December 31, 2021, was \$29,201,929. General property tax revenues and other revenue sources totaling \$30,390,715 exceeded the total net cost of \$29,201,929.
- Polk County's governmental funds' fund balances increased by \$1,582,484. This increase was the result of a combined General Fund balance increase of \$3,132,129, a Road and Bridge Special Revenue Fund balance decrease of \$4,328,108, a Social Services Special Revenue Fund balance increase of \$2,077,899, a Public Safety Special Revenue Fund balance increase of \$19,776, a Ditch Debt Service Fund balance increase of \$306,309, and an increase in other governmental fund's fund balance of \$374,479.

- The General Fund balance increased by \$3,132,129. The increase was mostly due to an excess of expenditures over revenues of \$1,422,390, which was more than offset by other financing sources totaling \$4,554,519 comprised of \$4,040,000 bonds issued and \$514,519 premium on bonds issued.
- The Road and Bridge Special Revenue Fund balance decreased by \$4,328,108 due to an excess of expenditures over revenues of \$4,732,421 caused by the use of State Aid Highway Bonds received in 2019 and the planned spending of accumulated wheelage and transit tax funds as well as an offsetting increase in other financing sources of \$442,208 due to leasing.
- The Social Services Special Revenue Fund balance increased by \$2,077,899 due to excess of revenues over expenditures of \$2,077,899.
- The Public Safety Special Revenue Fund balance increased by \$19,776 due to an excess of expenditures over revenues of \$188,542 offset by \$208,318 in other financing sources due to leasing.
- The Ditch Debt Service Fund balance increased by \$306,309. The increase was due to an excess of revenues over expenditures of \$306,309.
- The fund balance as of December 31, 2021, for all other governmental funds increased by \$374,479 caused by an excess of revenues over expenditures of \$24,479 and the addition of other financing sources totaling \$350,000 resulting from net transfers in of \$350,000.

## **OVERVIEW OF THE FINANCIAL STATEMENTS**

Polk County's MD&A serves as an introduction to the basic financial statements. Polk County's basic financial statements consist of three parts: government-wide financial statements, fund financial statements, and notes to the financial statements. The MD&A (this section), certain budgetary comparison schedules, the Schedule of Changes in Total OPEB Liability and Related Ratios – Other Postemployment Benefits, schedules of the County's proportionate share of net pension liability and of the County's contributions for the defined benefit pension plans, and Notes to the Required Supplementary Information are required to accompany the basic financial statements and, therefore, are included as required supplementary information. The following chart demonstrates how the different pieces are inter-related.

**Management’s Discussion and Analysis**

<b>Government-Wide Financial Statements</b>	<b>Fund Financial Statements</b>
<b>Notes to the Financial Statements</b>	

**Required Supplementary Information**  
(Other than Management’s Discussion and Analysis)

Polk County presents two government-wide financial statements—the Statement of Net Position and the Statement of Activities. These two government-wide financial statements provide information about the activities of the County as a whole and present a longer-term view of the County’s finances. The fund financial statements follow these two government-wide financial statements. For governmental activities, these statements tell how the County financed these services in the short-term as well as what remains for future spending. Fund financial statements also report the operations in more detail than the government-wide statements by providing information about the most significant/major funds. For proprietary activities, these statements provide detailed financial information relating to the waste management operations and facilities.

**Government-Wide Financial Statements—The Statement of Net Position and the Statement of Activities**

The government-wide financial statements are designed to provide readers with a broad overview of Polk County’s finances in a manner similar to a private-sector business.

The Statement of Net Position and the Statement of Activities report information about the County as a whole and about its activities in a way that helps the reader determine whether its financial condition has improved or declined as a result of the current year’s activities. These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the full accrual basis of accounting, which is similar to the accounting method used by most private-sector companies.

These two statements consider all of Polk County’s current year revenues and expenses regardless of when the County receives the revenue or pays the expense. The statements also report the County’s net position and changes in it.

You can think of net position—the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources—as one way to measure the County’s financial health or financial position. Over time, increases or decreases in the County’s net position are an indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the property tax base and the general economic conditions of the state and County, to assess the overall health of Polk County.

In the Statement of Net Position and the Statement of Activities, we divide Polk County into two kinds of activities:

- **Governmental activities**—Most of the County’s basic services are reported here, including general government, public safety, highways and streets, sanitation, human services, health, culture and recreation, conservation of natural resources, economic development, and interest. Property taxes and state and federal grants finance most of these activities.
- **Business-type activities**—The County charges fees to cover the costs of certain services it provides. Included here are the operations of the Landfill and Resource Recovery.

### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Polk County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

- **Governmental Funds**—Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, fund level financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government’s near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government’s short-term financing decisions. Both the Balance Sheet – Governmental Funds and the Statement of Revenues, Expenditures, and Changes in Fund Balance – Governmental Funds provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The County reports four governmental fund types: general, special revenue, debt service, and capital projects. Information is presented separately in the Governmental Funds Balance Sheet and in the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balance for the General Fund, the Road and Bridge Special Revenue Fund, the Social Services Special Revenue Fund, the Public Safety Special Revenue Fund, and the Ditch Debt Service Fund, all of which are considered to be major funds. Data from the other four special revenue funds, the other two debt service funds, and the Capital Projects Fund are combined into a single, aggregated presentation.

Individual fund data for each of these nonmajor funds is provided in combining statements after the notes to the financial statements.

Polk County adopts annual budgets for its governmental funds, except the Ditch Special Revenue Fund, Ditch Debt Service Fund, Rhinehart Project Debt Service Fund, Union Lake/Lake Sarah Debt Service Fund, and the Capital Projects Fund. Budgetary comparisons have been provided for these funds to demonstrate compliance with their budgets.

- **Proprietary Funds**—Polk County maintains two proprietary funds. The Landfill Enterprise Fund is used to account for all funds to be used for the maintenance of the sanitary landfill. Funding is derived from user fees and intergovernmental revenue from the State of Minnesota. The Resource Recovery Enterprise Fund is used to account for all funds to be used for the maintenance of the solid waste incinerator and up-front separation. Funding is derived from bond issue proceeds, user fees, and intergovernmental revenue from the State of Minnesota. Proprietary funds provide the same type of information as the government-wide financial statements and are included in the Statement of Net Position and the Statement of Activities as business-type activities. Both of the enterprise funds are considered to be major funds.
- **Fiduciary Funds**—Fiduciary funds are used to account for assets held by the County as an agent for individuals, private organizations, other governments, or other funds. Polk County's fiduciary funds consist of one private-purpose trust fund and ten custodial funds. The private-purpose trust fund is used to account for the social welfare activity handled by the County. Custodial funds are safekeeping in nature and are used to account for monies the County holds for others in a fiduciary capacity. In addition, the custodial funds are not reflected in the government-wide financial statements because those resources are not available to support the County's programs. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

## **Notes to the Financial Statements**

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found beginning on page 37 of this report.

## **Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. The County also provides supplementary information including combining statements, budgetary comparison schedules, Schedule of Deposits and Investments, Schedule of Intergovernmental Revenue, and Schedule of Expenditures of Federal Awards and related notes.

## THE COUNTY AS A WHOLE

Polk County's combined net position for the year ended December 31, 2021, was \$148,402,859. The analysis focuses on the net position (Table 1) and changes in net position (Table 2) of the County's governmental and business-type activities.

Polk County's total net position for the year ended December 31, 2021, is \$148,402,859. Unrestricted net position totaling \$7,330,311 is available to finance day-to-day operations. Of the unrestricted net position, \$6,011,976 is available for governmental activities, and \$1,318,335 is available for business-type activities. As of December 31, 2020, Polk County's total net position was \$147,193,940. The \$1,208,919 increase is due to an increase in total assets of \$3,839,002 and an offsetting decrease of \$2,637,702 due to the net changes in deferred outflows and deferred inflows.

Polk County's total revenues for the year ended December 31, 2021, were \$77,725,257, which is an increase of \$1,077,627 from the total revenues in 2020. The total cost of programs and services for the year ended December 31, 2021, was \$76,516,338, which is a decrease of \$4,460,343 from the total cost of programs in 2020. In 2021, the net position for governmental activities increased by \$1,188,786, and the net position for business-type activities increased by \$20,133, for a total County increase of \$1,208,919.

In 2021, the total governmental activities program expenses decreased by \$5,720,640 due mostly to a general government program expense decrease of \$4,225,115, a highways and streets decrease of \$2,406,061, and a human services program expense increase of \$1,016,958. Total revenues decreased in governmental activities by \$1,317,368 due mostly to a \$5,270,685 decrease in operating grants and contributions, offset by an increase of \$700,499 in property taxes and an increase of \$3,159,988 in fees and fines.

The business-type activities had an increase in total revenues of \$2,394,995 due to an increase in fees and other charges relative to the prior year. The business-type activities had an increase in total program expenses of \$1,260,297.

**Governmental Activities Revenue  
(Percent of Total)**

**Governmental Activities**

Revenues for Polk County’s governmental activities for the year ended December 31, 2021, were \$68,546,682. Costs for all governmental activities for the year ended December 31, 2021, were \$67,605,933. As shown in the Statement of Activities, the amount that County taxpayers ultimately financed for these governmental activities through local property taxation was \$24,136,641, because \$11,545,918 of the costs were paid by those who directly benefited from the programs, and \$26,858,086 was paid by other governments and organizations that subsidized certain programs with grants and contributions. Polk County paid for the remaining “public benefit” portion of governmental activities with \$6,006,037 in general revenues, primarily grants and contributions not restricted to specific programs or services, and with other revenues such as investment income, mortgage registration tax, and deed tax.

Table 3 presents the cost of each of Polk County’s six largest program functions, as well as each function’s net cost (total cost, less revenues generated by the activities). The net cost shows the financial burden placed on the County’s taxpayers by each of these functions.

**Business-Type Activities**

Revenues of Polk County’s business-type activities (see Table 2) for the year ended December 31, 2021, were \$9,178,575. This compares with total revenues of \$6,783,580 for the year ended December 31, 2020.

Expenses of business-type activities (see Table 2) for the year ended December 31, 2021, were \$8,910,405. This compares with total expenses of \$7,650,108 for the year ended December 31, 2020.

## **The County's Funds**

As Polk County completed the year, its governmental funds, as presented in the balance sheet, reported a combined fund balance of \$35,452,936, which is more than last year's total of \$33,870,452. The increase in fund balance is \$1,582,484. The overall fund balance change represented a 4.7 percent increase.

As you will note, there were significant changes within individual funds. Included in this year's total fund balance is the General Fund balance of \$13,691,342, with an increase of \$3,132,129 from 2020, due primarily to the sale of new bonds to refund the existing higher interest jail bonds. The General Fund balance is classified as either nonspendable – \$477,036, restricted for specific purposes – \$5,725,410 (primarily debt service), committed for specific purposes – \$528,215, assigned to specific uses – \$472,832, or unassigned – \$6,487,849.

An excess of expenditures over revenues of \$4,732,421, offset partially by capital lease other financing sources of \$442,208, caused a decrease in fund balance of \$4,290,213 in the Road and Bridge Special Revenue Fund. This was primarily due to the Road and Bridge Fund spending of bond funds issued in a prior year for current year construction projects.

An excess of revenues over expenditures in the Social Services Special Revenue Fund caused an increase of \$2,077,899. An excess of expenditures over revenues of \$188,542 offset by capital lease other financing sources of \$208,318 in the Public Safety Special Revenue Fund caused an increase of \$19,776. The fund balance in the Ditch Debt Service Fund had an increase due to excess of revenues over expenditures of \$306,309.

### **General Fund Budgetary Highlights**

The Polk County Board of Commissioners, over the course of a budget year, may amend/revise the County's overall operating budget of the General Fund to reflect changes in revenue sources and expenditures that were not anticipated when the budget was established in the prior year. In 2021, the Board of Commissioners made no significant changes to the 2021 budget.

If the Board had made significant changes to the budget as originally adopted on Tuesday, December 22, 2020, these budget amendments/revisions would have fallen into one of three categories: new information changing original budget estimations, greater than anticipated revenues or expenditures, or final agreement reached on employee contracts.

In Polk County's General Fund, the 2021 actual revenues exceeded the budgeted revenues by \$1,612,550. Total actual expenditures in the General Fund exceeded the budgeted expenditures by \$2,290,994.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

### Capital Assets

At the end of 2021, Polk County had \$156,124,371 invested in a broad range of capital assets, including land, buildings, highways and streets, and equipment (see Table 4). This amount represents a net decrease (including additions and deductions) of \$791,336, or 0.5 percent, from last year.

During calendar year 2021, Polk County's governmental activities' capital assets, net of depreciation, increased a total of \$164,618. The increase came primarily in the categories of land improvements, and building improvements, due to improvement projects. Road and bridge work in the year was mostly repairs and maintenance with limited new construction. More new construction that does reach the capitalization threshold is scheduled for the coming years.

More detailed information about Polk County's capital assets can be found in Note 3.A.3 to the financial statements.

### Bonded Debt

As of December 31, 2021, Polk County had \$32,150,973 in bonds and notes outstanding, compared with \$31,196,827 as of December 31, 2020, an increase of 3.0 percent, as shown in Table 5.

**Table 5**

The state limits the amount of net debt at three percent of the market value of all taxable property. Polk County's outstanding net debt is significantly below this \$177,886,800 state-imposed limit. The County's financial advisor annually reviews the outstanding debt issues to determine which, if any, issues should be considered for refinancing.

Other obligations include leases, compensated absences, other postemployment benefits liability, and landfill closure and postclosure care costs. The notes to the financial statements (Notes 3.C.2 to 3.C.5) provide detailed information about the County's long-term liabilities.

## **ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

The County's elected and appointed officials consider many factors when setting the budget, tax rates, and fees that will be charged for the governmental and business-type activities.

- The County depends on financial resources flowing from, or associated with, both the federal government and the State of Minnesota. Because of this dependency, the County is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and state laws and federal and state appropriations. It is also subject to changes in investment earnings and asset values associated with U.S. Treasury Securities because of actions by foreign governments and other holders of publicly-held U.S. Treasury Securities.
- The unemployment rate for Polk County was 2.9 percent as of December 2021. This was down from the County's December 2020 rate of 4.2 percent, and slightly lower than the Minnesota statewide December 2020 rate of 3.0 percent and the U.S. rate of 3.9 percent.
- Polk County's population in December 2019 was 31,192, a decrease of 408 since the 2010 census. This ranks Polk County 34th out of the 87 counties in the State of Minnesota.
- Reviewing revenue sources and considering cost-effective and efficient means for the delivery of Polk County programs and services will influence the development of future budgets.
- On December 21, 2021, Polk County set its 2022 revenue and expenditure budgets.

## **REQUESTS FOR INFORMATION**

This annual financial report is designed to provide a general overview of Polk County for all those with an interest in the County's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Chuck Whiting, Polk County Administrator, 612 North Broadway, Room 211, Crookston, Minnesota 56716, or call Ron Denison, Finance Director, at 218-470-8363.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
AND CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS  
TO THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES—GOVERNMENTAL ACTIVITIES  
FOR THE YEAR ENDED DECEMBER 31, 2021**

**Net change in fund balance – total governmental funds (Exhibit 5) \$ 1,620,379**

Amounts reported for governmental activities in the statement of activities are different because:

In the funds, under the modified accrual basis, receivables not available for expenditure are deferred. In the statement of activities, those revenues are recognized when earned. The adjustment to revenue between the fund statements and the statement of activities is the increase or decrease in revenue deferred as unavailable.

Deferred inflows of resources – December 31	\$ 5,072,811	
Deferred inflows of resources – January 1	<u>(6,106,843)</u>	(1,034,032)

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Also, in the statement of activities, only the gain or loss on the disposal of assets is reported; whereas, in the governmental funds, the proceeds from the sale increase financial resources. Therefore, the change in net position differs from the change in fund balance by the net book value of the assets disposed of.

Expenditures for general capital assets and infrastructure	\$ 7,027,840	
Current year depreciation	<u>(6,863,222)</u>	164,618

Issuing long-term debt provides current financial resources to governmental funds, while the repayment of debt consumes current financial resources. Neither transaction, however, has any effect on net position. Also, governmental funds report the net effect of premiums, discounts, and similar items when debt is first issued; whereas, those amounts are deferred and amortized over the life of the debt in the statement of net position.

Proceeds of new debt		
General obligation bonds issued	\$ (4,040,000)	
Capital lease	(652,728)	
Premium on bonds issued	<u>(514,519)</u>	(5,207,247)
Principal repayments		
General obligation bonds	\$ 3,305,000

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

NOTES TO THE FINANCIAL STATEMENTS  
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2021

---

1. Summary of Significant Accounting Policies

The County's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as of and for the year ended December 31, 2021. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (statements and interpretations). The more significant accounting policies established in GAAP and used by the County are discussed below.

A. Financial Reporting Entity

Polk County was established January 20, 1858, and is an organized county having the powers, duties, and privileges granted counties by Minn. Stat. ch. 373. The County is governed by a five-member Board of Commissioners elected from districts within the County. The Board is organized with a chair and vice chair elected at the annual meeting in January of each year. The County Administrator, appointed by the Board, serves as the clerk of the Board of Commissioners but has no vote.

Joint Ventures, Jointly-Governed Organizations, and Related Organizations

The County participates in several joint ventures described in Note 6.B. The County also participates in the jointly-governed organizations and related organizations described in Notes 6.C and 6.D, respectively.

B. Basic Financial Statements

1. Government-Wide Statements

The government-wide financial statements (the statement of net position and the statement of activities) display information about the County. These statements include the financial activities of the overall County government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external parties for support.

1. Summary of Significant Accounting Policies

B. Basic Financial Statements

1. Government-Wide Statements (Continued)

In the government-wide statement of net position, both the governmental and business-type activities columns: (a) are presented on a consolidated basis by column; and (b) are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The County's net position is reported in three parts: (1) net investment in capital assets, (2) restricted net position, and (3) unrestricted net position. The County first utilizes restricted resources to finance qualifying activities.

The statement of activities demonstrates the degree to which the direct expenses of each function of the County's governmental activities and different business-type activities are offset by program revenues. Direct expenses are those clearly identifiable with a specific function, segment or activity. Program revenues include: (1) fees, fines, and charges paid by the recipients of goods, services, or privileges provided by a given function or activity; and (2) grants and contributions restricted to meeting the operational or capital requirements of a particular function or activity. Revenues not classified as program revenues, including all taxes, are presented as general revenues.

2. Fund Financial Statements

The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category—governmental, proprietary, and fiduciary—are presented. The emphasis of governmental and proprietary fund financial statements is on major individual governmental and enterprise funds, with each displayed as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or incidental activities.

B. Basic Financial Statements

2. Fund Financial Statements (Continued)

The County reports the following major governmental funds:

The General Fund is the County's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The Road and Bridge Special Revenue Fund is used to account for revenues and expenditures of the County Highway Department, which is responsible for the construction and maintenance of roads, bridges, and other projects affecting County roadways. Revenues include property taxes, intergovernmental assistance, and charges for services.

The Social Services Special Revenue Fund is used to account for and report economic assistance and community social services programs. Revenues include property taxes, intergovernmental assistance, and charges for services.

The Public Safety Special Revenue Fund is used to account for and report all funds to be used for public safety. Some of the activities covered under this fund include County Sheriff, community corrections, County Coroner, civil defense, and boat and water safety. Financing is provided by an annual property tax levy and special appropriations from the State of Minnesota assigned to public safety.

The Ditch Debt Service Fund is used to account for the accumulations of resources and the payment of principal and interest of ditch bond issues.

The County reports the following major enterprise funds:

The Resource Recovery Enterprise Fund is used to account for all resources to be used for the maintenance of the solid waste incinerator and up-front separation. Funding is provided from user fees and intergovernmental revenue from the State of Minnesota.

B. Basic Financial Statements

2. Fund Financial Statements (Continued)

The Landfill Enterprise Fund is used to account for all resources to be used for the maintenance of the sanitary landfill. Funding is provided from user fees and intergovernmental revenue from the State of Minnesota.

Additionally, the County reports the following fund types:

The Social Welfare Private-Purpose Trust Fund accounts for funds held in trust that the County acts on behalf of individuals as representative payee.

Custodial funds are custodial in nature. These funds account for activity that the County holds for others in an agent capacity.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Shared revenues are generally recognized in the period the appropriation goes into effect. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Polk County considers all revenues as available if collected within 60 days after the end of the current period. Property and other taxes, licenses, and interest are all considered susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, compensated absences, and claims and judgments, which are recognized as expenditures to the extent that they have matured. Proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources.

---

1. Summary of Significant Accounting Policies

C. Measurement Focus and Basis of Accounting (Continued)

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first and then unrestricted resources as needed.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

1. Cash and Cash Equivalents

Cash and cash equivalents are identified only for the purpose of the statement of cash flows for the proprietary funds. The County has defined cash and cash equivalents to include cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Additionally, each fund's equity in the County's investment pool is treated as a cash equivalent because the funds can deposit or effectively withdraw cash at any time without prior notice or penalty.

2. Deposits and Investments

The cash balances of substantially all funds are pooled and invested by the County for the purpose of increasing earnings through investment activities. Pooled and fund investments are reported at their fair value at December 31, 2021, based on market prices. Pursuant to Minn. Stat. § 385.07, investment earnings on cash and pooled investments of governmental and fiduciary funds are credited to the General Fund. Investment earnings on business-type activities are credited to the Landfill and Resource Recovery Enterprise Funds. Other funds received investment earnings based on other state statutes, grant agreements, contracts, and bond covenants. Pooled investment earnings for 2021 were \$12,623.

Polk County invests in an external investment pool, the Minnesota Association of Governments Investing for Counties (MAGIC) Fund, which is created under a joint powers agreement pursuant to Minn. Stat. § 471.59. The investment in the pool is measured at the net asset value per share provided by the pool.

3. Receivables and Payables

Activity between funds representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either "due to/from other funds" (the current portion of interfund loans) or "advances to/from other funds" (the noncurrent portion of interfund loans).

**POLK COUNTY  
CROOKSTON, MINNESOTA**

---

---

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

3. Receivables and Payables (Continued)

All other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

No allowance has been made for uncollectible receivables because such amounts are not expected to be material.

Advances between funds, as reported in the fund financial statements, are offset by a fund balance nonspendable account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Property taxes are levied as of January 1 on property values assessed as of the same date. The tax levy notice is mailed in March with the first half payment due May 15 and the second half payment due October 15. Unpaid taxes at December 31 become liens on the respective property and are classified in the financial statements as taxes receivable delinquent. No provision has been made for an estimated uncollectible amount.

4. Special Assessments Receivable

Special assessments receivable consist of delinquent special assessments, payable in the years 2012 through 2021, and noncurrent special assessments payable in 2022 and after. No provision has been made for an estimated uncollectible amount.

5. Inventories and Prepaid Items

All inventories are valued at cost using the weighted average method. Inventories in governmental funds are recorded as expenditures when purchased rather than when consumed. Inventories in proprietary funds and at the government-wide level are recorded as expenses when consumed. Inventories, as reported in the governmental fund financial statements, are offset by nonspendable fund balance to indicate that they do not constitute available resources.

**POLK COUNTY  
CROOKSTON, MINNESOTA**

---

---

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

5. Inventories and Prepaid Items (Continued)

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

6. Restricted Assets

Certain funds of the County are classified as restricted assets on the statement of net position because the restriction is either imposed by law through constitutional provisions or enabling legislation or imposed externally by creditors, grantors, contributors, or laws or regulations of other governments. Therefore, their use is limited by applicable laws and regulations.

7. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide and proprietary fund financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

7. Capital Assets (Continued)

Infrastructure, buildings and improvements, land improvements, and machinery and equipment are depreciated using the straight-line method over the following estimated useful lives.

<u>Assets</u>	<u>Years</u>
Infrastructure	50 - 75
Buildings and improvements	10 - 50
Land improvements	10 - 30
Machinery and equipment	3 - 15

The County landfill is depreciated based on capacity used.

8. Unearned Revenue

Governmental funds and government-wide financial statements report unearned revenue in connection with resources that have been received, but not yet earned.

9. Compensated Absences

The liability for compensated absences reported in the financial statements consists of unpaid, accumulated annual vacation and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included. Compensated absences are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements. The government-wide statement of net position reports both the current and noncurrent portion of compensated absences. The current portion consists of vacation each employee accrues in one year. For the governmental activities, compensated absences are liquidated through the General Fund and other governmental funds that have personal services. For the business-type activities, compensated absences are liquidated by the Resource Recovery Enterprise Fund and the Landfill Enterprise Fund.

**POLK COUNTY  
CROOKSTON, MINNESOTA**

---

---

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity (Continued)

10. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are immediately expensed.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. In both governmental and proprietary funds, issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures/expenses.

11. Pension Plan

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA, except that PERA's fiscal year-end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Plan investments are reported at fair value. For the governmental activities, the pension liability is liquidated through the General Fund and other governmental funds that have personal services. For the business-type activities, the pension liability is liquidated by the Resource Recovery Enterprise Fund and the Landfill Enterprise Fund.

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity (Continued)

12. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expenditure/expense) until then. The County reports deferred outflows of resources only under the full accrual basis of accounting associated with pension plans and other postemployment benefits (OPEB) and, accordingly, are reported only in the statement of net position.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Currently, the County has four types of deferred inflows, unavailable revenue, prepaid property taxes, deferred pension inflows, and OPEB, that qualify for reporting in this category. The governmental funds report unavailable revenue from delinquent taxes receivable, special assessments receivable, grants receivable, and miscellaneous receivables. Unavailable revenue arises only under the modified accrual basis of accounting and, accordingly, is reported only in the governmental funds balance sheet. Prepaid property taxes arise under both the modified and full accrual basis of accounting and, accordingly, are reported in both the governmental funds balance sheet and the statement of net position. The unavailable revenue, and prepaid property taxes are deferred and recognized as an inflow of resources in the period that the amounts become available. The County also reports deferred inflows of resources associated with pension and OPEB benefits. These inflows arise only under the full accrual basis of accounting and, accordingly, are reported only in the statement of net position.

13. Classification of Net Position

Net position in the government-wide and proprietary fund financial statements is classified in the following categories:

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

13. Classification of Net Position (Continued)

Net investment in capital assets – the amount of net position representing capital assets, net of accumulated depreciation, and reduced by outstanding debt attributed to the acquisition, construction, or improvement of the assets.

Restricted net position – the amount of net position for which external restrictions have been imposed by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position – the amount of net position that does not meet the definition of restricted or net investment in capital assets.

14. Classification of Fund Balances

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable – amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items not expected to be converted to cash.

Restricted – amounts for which constraints have been placed on the use of resources either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Committed – amounts that can be used for the specific purposes imposed by formal action (resolution) of the County Board. Those committed amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

14. Classification of Fund Balances (Continued)

Assigned – amounts the County intends to use for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the County Administrator and/or County Finance Director, as delegated by the County Board.

Unassigned – the residual classification for the General Fund and includes all spendable amounts not contained in the other fund balance classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted or committed.

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

15. Minimum Fund Balance

Polk County is committed to maintaining a prudent level of financial resources to protect against the need to reduce service levels because of temporary revenue shortfalls or unpredicted expenditures. Polk County has adopted a minimum fund balance policy to address cash flow or working capital needs. The County is heavily reliant on property tax revenues to fund current operations. However, current property tax revenues are not available for distribution until June. Therefore, the County will maintain an unrestricted fund balance level of no less than six months of the General Fund operating expenditures. At December 31, 2021, unrestricted fund balance for the General Fund was at or above the minimum fund balance level.

16. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources; and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Stewardship, Compliance, and Accountability

A. Deficit Fund Equity

Capital Projects Fund

At December 31, 2021, the Capital Projects Fund had a deficit fund balance of \$94,550. The fund balance deficit will be eliminated with the closeout of the related project.

B. Ditch Fund Deficits

Of the 182 drainage systems, 44 have incurred expenditures in excess of revenues and available resources. These deficits will be eliminated with future special assessment levies against benefited properties. The following summary shows the fund balances of the County Ditch Special Revenue Fund and the Ditch Debt Service Fund as of December 31, 2021:

	Ditch Special Revenue	Ditch Debt Service
Ditches with positive fund balances	\$ 1,000,022	\$ 1,558,938
Ditches with deficit fund balances	(427,893)	(10,413)

a. Deposits

The County is authorized by Minn. Stat. §§ 118A.02 and 118A.04 to designate a depository for public funds and to invest in certificates of deposit. The County is required by Minn. Stat. § 118A.03 to protect deposits with insurance, surety bond, or collateral. The market value of collateral pledged shall be at least ten percent more than the amount on deposit at the close of the financial institution’s banking day, not covered by insurance or bonds.

Authorized collateral includes treasury bills, notes and bonds; issues of U.S. government agencies; general obligations rated “A” or better and revenue obligations rated “AA” or better; irrevocable standby letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minnesota statutes require that securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution not owned or controlled by the financial institution furnishing the collateral.

Custodial Credit Risk for Deposits

Custodial credit risk is the risk that in the event of a financial institution failure, the County's deposits may not be returned to it. It is the County's policy to obtain collateral or bond for all uninsured amounts on deposit. As of December 31, 2021, the County's deposits were not exposed to custodial credit risk.

b. Investments

The County may invest in the following types of investments as authorized by Minn. Stat. §§ 118A.04 and 118A.05:

- (1) securities which are direct obligations or are guaranteed or insured issues of the United States, its agencies, its instrumentalities, or organizations created by an act of Congress, except mortgage-backed securities defined as "high risk" by Minn. Stat. § 118A.04, subd. 6;
- (2) mutual funds through shares of registered investment companies provided the mutual fund receives certain ratings depending on its investments;
- (3) general obligations of the State of Minnesota and its municipalities, and in certain state agency and local obligations of Minnesota and other states provided such obligations have certain specified bond ratings by a national bond rating service;
- (4) bankers' acceptances of United States banks;
- (5) commercial paper issued by United States corporations or their Canadian subsidiaries that is rated in the highest quality category by two nationally recognized rating agencies and matures in 270 days or less; and

- (6) with certain restrictions, in repurchase agreements, securities lending agreements, joint powers investment trusts, and guaranteed investment contracts.

The County does not have additional policies for the investment risks described below beyond complying with the requirements of Minnesota statutes.

Interest Rate Risk

Interest rate risk is the risk that changes in the market interest rates will adversely affect the fair value of an investment. The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The County invests only in securities that meet the ratings requirements set by state statute. At December 31, 2021, the County's investments were in an external investment pool and, therefore, not subject to credit risk disclosure.

Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities in the possession of an outside party. The County does not have a policy on custodial credit risk. At December 31, 2021, none of the County's investments were exposed to custodial credit risk.

Concentration of Credit Risk

The concentration of credit risk is the risk of loss that may be caused by the County's investment in a single issuer, excluding U.S. guaranteed investments, external investment pools, and mutual funds. At December 31, 2021, the County's investments were in an external investment pool and, therefore, not subject to concentration of credit risk disclosure requirements.

Fair Value Measurement

The County measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. At December 31, 2021, the County had recurring fair value measurements discussed as follows.

MAGIC is a local government investment pool which is quoted at a net asset value (NAV). The County invests in this pool for the purpose of the joint investment of the County's money with those of other counties to enhance the investment earnings accruing to each member. The MAGIC Fund currently consists of just the MAGIC Portfolio.

The MAGIC Portfolio is valued using amortized cost. Shares of the MAGIC Portfolio are available to be redeemed upon proper notice without restrictions under normal operating conditions. There are no limits to the number of redemptions that can be made as long as the County has a sufficient number of shares to meet their redemption request. The MAGIC Fund's Board of Trustees can suspend the right of withdrawal or postpone the date of payment if the Trustees determine that there is an emergency that makes the sale of a Portfolio's securities or determination of its NAV not reasonably practical. At December 31, 2021, the County had \$22,264,218 invested in the MAGIC Portfolio.

B. Interfund Receivables and Payables

1. Due To/From Other Funds (Continued)

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

2. Advances From/To Other Funds

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>

The Ditch Debt Service Fund advance and the Ditch Special Revenue Fund advance are to provide working capital to ditch systems with low reserves and operating costs in excess of revenues.

In 2015, the Resource Recovery Enterprise Fund bought new recycling equipment, which was paid for, in part, by the Landfill Enterprise Fund. The advance will be paid back when grant legislation is passed and resources are provided to the County.

D. Other Postemployment Benefits (OPEB)

1. Plan Description

Polk County provides a single-employer defined benefit health care plan to eligible retirees and their spouses. The plan offers medical insurance benefits. The County provides benefits for retirees as required by Minn. Stat. § 471.61, subd. 2b.

No assets have been accumulated in a trust that meets the criteria in paragraph 4 of GASB 75. The OPEB plan does not issue a stand-alone financial report.

As of the January 1, 2020, actuarial valuation, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	9
Active plan participants	<u>322</u>
Total	<u>331</u>

2. Total OPEB Liability

The County's total OPEB liability of \$932,146 was determined by an actuarial valuation as of January 1, 2020, with a measurement date as of January 1, 2021.

The total OPEB liability in the fiscal year-end December 31, 2021, actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50 percent
Salary increases	Service graded table
Health care cost trend	6.25 percent, grading to 5.00 percent over 5 years and then to 4.00 percent over the next 48 years

E. Pension Plans

1. Defined Benefit Pension Plans

a. Plan Description

All full-time and certain part-time employees of Polk County are covered by defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA administers the General Employees Retirement Plan (the General Employees Plan) and the Public Employees Police and Fire Plan (the Police and Fire Plan), which are cost-sharing, multiple-employer retirement plans. These plans are established and administered in accordance with Minn. Stat. chs. 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

The General Employees Plan (accounted for in the General Employees Fund) has multiple benefit structures with members belonging to the Coordinated Plan, the Basic Plan, or the Minneapolis Employees Retirement Fund. Coordinated Plan members are covered by Social Security, and the Basic Plan and Minneapolis Employees Retirement Fund members are not. The Basic Plan was closed to new members in 1967. The Minneapolis Employees Retirement Fund was closed to new members during 1978 and merged into the General Employees Plan in 2015. All new members must participate in the Coordinated Plan, for which benefits vest after five years of credited service. No Polk County employees belong to either the Basic Plan or the Minneapolis Employees Retirement Fund.

Police officers, firefighters, and peace officers who qualify for membership by statute are covered by the Police and Fire Plan (accounted for in the Police and Fire Fund). For members first hired after June 30, 2010, but before July 1, 2014, benefits vest on a prorated basis starting with 50 percent after five years and increasing ten percent for each year of service until fully vested after ten years. Benefits for members first hired after June 30, 2014, vest on a prorated basis from 50 percent after ten years and increasing five percent for each year of service until fully vested after 20 years.

b. Benefits Provided

PERA provides retirement benefits as well as disability benefits to members and benefits to survivors upon death of eligible members. Benefit provisions are established by state statute and can be modified only by the state legislature. Benefit increases are provided to benefit recipients each January.

General Employees Plan benefit recipients will receive a post-retirement increase equal to 50 percent of the cost of living adjustment announced by the Social Security Administration, with a minimum increase of at least 1.00 percent and maximum of 1.50 percent. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. For members retiring on January 1, 2024, or later, the increase will be delayed until normal retirement age (age 65 if hired prior to July 1, 1989, or age 66 for individuals hired on or after July 1, 1989). Members retiring under the Rule of 90 are exempt from the delay to normal retirement.

Police and Fire Plan benefit recipients will receive a 1.00 percent post-retirement increase. Recipients that have been receiving the annuity or benefit for at least 36 months as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least 25 months but less than 36 months as of the June 30 before the effective date of the increase will receive a reduced prorated increase.

E. Pension Plans

1. Defined Benefit Pension Plans

b. Benefits Provided (Continued)

The benefit provisions stated in the following paragraph of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits, but are not yet receiving them, are bound by the provisions in effect at the time they last terminated their public service.

Benefits are based on a member's highest average salary for any 60 consecutive months of allowable service, age, and years of credit at termination of service. In the General Employees Plan, two methods are used to compute benefits for Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Coordinated Plan member is 1.20 percent of average salary for each of the first ten years of service and 1.70 percent of average salary for each remaining year. Under Method 2, the annuity accrual rate is 1.70 percent for Coordinated Plan members for each year of service. Only Method 2 is used for members hired after June 30, 1989. For Police and Fire Plan members, the annuity accrual rate is 3.00 percent of average salary for each year of service.

For General Employees Plan members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90, and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66. For Police and Fire Plan members, normal retirement age is 55, and for members who were hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90. Disability benefits are available for vested members and are based on years of service and average high-five salary.

c. Contributions

Pension benefits are funded from member and employer contributions and income from the investment of fund assets. Rates for employer and employee contributions are set by Minn. Stat. ch. 353. These statutes are established and amended by the state legislature. Rates did not change from 2020.

In 2021, the County and members were required to contribute the following percentages of annual covered salary:

	<u>Member Required Contribution</u>	<u>Employer Required Contribution</u>
General Employees Plan – Coordinated Plan members	6.50%	7.50%
Police and Fire Plan	11.80	17.70

The County's contributions for the year ended December 31, 2021, to the pension plans were:

General Employees Plan	\$	1,310,646
Police and Fire Plan		404,069

The contributions are equal to the statutorily required contributions as set by state statute.

General Employees Plan

At December 31, 2021, the County reported a liability of \$10,291,780 for its proportionate share of the General Employees Plan's net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on the County's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2020, through June 30, 2021, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2021, the County's proportion was 0.2410 percent. It was 0.2325 percent measured as of June 30, 2020. The County recognized pension expense of \$293,075 for its proportionate share of the General Employees Plan's pension expense.

The County also recognized \$25,362 as revenue, which results in a reduction of the net pension liability, for its proportionate share of the State of Minnesota's expense related to its contribution to the General Employees Plan, which qualifies as a special funding situation. Legislation requires the State of Minnesota to contribute \$16 million to the General Employees Plan annually until September 15, 2031.

Police and Fire Plan

At December 31, 2021, the County reported a liability of \$1,502,106 for its proportionate share of the Police and Fire Plan's net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on the County's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2020, through June 30, 2021, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2021, the County's proportion was 0.195 percent. It was 0.200 percent measured as of June 30, 2020. The County recognized pension expense of (\$48,668) for its proportionate share of the Police and Fire Plan's pension expense.

The State of Minnesota also contributed \$18 million to the Police and Fire Plan in the plan fiscal year ended June 30, 2021. The contribution consisted of \$9 million in direct state aid that meets the definition of a special funding situation and \$9 million in supplemental state aid that does not meet the definition of a special funding situation.

Legislation requires the State of Minnesota to pay direct state aid of \$9 million on October 1, 2020, and to pay \$9 million by October 1 of each subsequent year until full funding is reached, or July 1, 2048, whichever is earlier. The County recognized an additional \$12,295 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's pension expense related to the special funding situation.

e. Actuarial Assumptions (Continued)

	General Employees Fund	Police and Fire Fund
Inflation	2.25% per year	2.25% per year
Active Member Payroll Growth	3.00% per year	3.00% per year
Investment Rate of Return	6.50%	6.50%

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors, and disabilitants were based on the Pub-2010 General Employee Mortality table for the General Employees Plan and the Pub-2010 Public Safety Employee Mortality tables for the Police and Fire Plan, with slight adjustments. Cost of living benefit increases for retirees are assumed to be 1.25 percent for the General Employees Plan. For the Police and Fire Plan, cost of living benefit increases for retirees are 1.00 percent as set by state statute.

Actuarial assumptions used in the June 30, 2021, valuation were based on the results of actuarial experience studies. The experience study for the General Employees Plan was dated June 27, 2019. The experience study for the Police and Fire Plan was dated July 14, 2020. For both plans a review of inflation and investment assumptions dated June 24, 2021, was utilized.

The long-term expected rate of return on pension plan investments is 6.50 percent. The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness of the long-term expected rate of return on a regular basis using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

e. Actuarial Assumptions (Continued)

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic equities	33.50%	5.10%
International equities	16.50	5.30
Fixed income	25.00	0.75
Private markets	25.00	5.90

f. Discount Rate

The discount rate used to measure the total pension liability was 6.50 percent in 2021, which is a decrease of one percent from 2020. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, the fiduciary net positions of the General Employees Plan and the Police and Fire Plan were projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

g. Changes in Actuarial Assumptions and Plan Provisions

The following changes in actuarial assumptions occurred in 2021:

General Employees Plan

- The investment return and single discount rates were changed from 7.50 percent to 6.50 percent.
- The mortality improvement scale was changed from Scale MP-2019 to Scale MP-2020.

- The investment return and single discount rates were changed from 7.50 percent to 6.50 percent.
- The inflation assumption was changed from 2.50 percent to 2.25 percent.
- The payroll growth assumption was changed from 3.25 percent to 3.00 percent.
- The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 Public Safety Mortality table. The mortality improvement scale was changed from Scale MP-2019 to Scale MP-2020.
- The base mortality table for disabled annuitants was changed from the RP-2014 Healthy Annuitant Mortality table (with future mortality improvement according to Scale MP-2019) to the Pub-2010 Public Safety Disabled Annuitant Mortality table (with future mortality improvement according to Scale MP-2020).
- Assumed rates of salary increase were modified as recommended in the July 14, 2020, experience study. The overall impact is a decrease in gross salary increase rates.
- Assumed rates of retirement were changed as recommended in the July 14, 2020, experience study. The changes result in slightly more unreduced retirements and fewer assumed early retirements.
- Assumed rates of withdrawal were changed from select and ultimate rates to service-based rates. The changes result in more assumed terminations.

1. Defined Benefit Pension Plans (Continued)

i. Pension Plan Fiduciary Net Position

Detailed information about the pension plan’s fiduciary net position is available in a separately issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the internet at [www.mnpera.org](http://www.mnpera.org).

2. Defined Contribution Plan

Five board members of Polk County are covered by the Public Employees Defined Contribution Plan, a multiple-employer deferred compensation plan administered by PERA. The plan is established and administered in accordance with Minn. Stat. ch. 353D, which may be amended by the state legislature. The plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code, and all contributions by or on behalf of employees are tax deferred until time of withdrawal.

Plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses. For those qualified personnel who elect to participate, Minn. Stat. § 353D.03 specifies plan provisions, including the employee and employer contribution rates. An eligible elected official who decides to participate contributes five percent of salary, which is matched by the employer. Employee and employer contributions are combined and used to purchase shares in one or more of the seven accounts of the Minnesota Supplemental Investment Fund. For administering the plan, PERA receives two percent of employer contributions and 0.25 percent of the assets in each member account annually.

Total contributions by dollar amount and percentage of covered payroll made by Polk County during the year ended December 31, 2021, were:

	Employee	Employer
Contribution amount	\$ 9,278	\$ 9,278
Percentage of covered payroll	5.00%	5.00%

4. Landfill Closure and Postclosure Care Costs

State and federal laws and regulations require the County to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date.

The \$1,991,082 landfill closure, postclosure care, and contingency costs payable at December 31, 2021, represent the cumulative amount reported to date based on the use of 40.7 percent of the estimated capacity of the municipal solid waste portion of the landfill and 36.3 percent of the estimated capacity of the ash portion of the landfill. The County will recognize the remaining estimated cost of closure, postclosure care, and contingency costs of \$1,930,225 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and postclosure care in 2021. Based on current capacity, the landfill expects to stop accepting municipal solid waste in 2068 and ash in 2160. Actual cost may be higher due to inflation, changes in technology, or changes in regulations.

The County is required by state and federal laws and regulations to make annual contributions to a trust to finance closure and postclosure care. The Board is in compliance with these requirements. At December 31, 2021, investments of \$2,069,521 are held for these purposes. Accumulated annual contributions and any payments of landfill postclosure care costs are reported in the Landfill Enterprise Fund. These are reported as restricted assets on the statement of net position. Polk County expects that future inflation costs will be paid from investment earnings on these annual contributions. However, if investment earnings are inadequate or additional postclosure care requirements are determined (due to changes in technology or applicable laws and regulations, for example), these costs may need to be covered by charges to future landfill users or from future tax revenue.

5. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters. The County has entered into a joint powers agreement with other Minnesota counties to form the Minnesota Counties Intergovernmental Trust (MCIT). The County is a member of both the MCIT Workers' Compensation and Property and Casualty Divisions. There were no significant reductions in insurance from the prior year. The amount of settlements did not exceed insurance coverage for the past three fiscal years.

**POLK COUNTY  
CROOKSTON, MINNESOTA**

---

---

5. Risk Management (Continued)

The Workers' Compensation Division of MCIT is self-sustaining based on the contributions charged, so that total contributions plus compounded earnings on these contributions will equal the amount needed to satisfy claims liabilities and other expenses. MCIT participates in the Workers' Compensation Reinsurance Association with coverage at \$500,000 per claim in 2021 and 2022. Should the MCIT Workers' Compensation Division liabilities exceed assets, MCIT may assess the County in a method and amount to be determined by MCIT.

The Property and Casualty Division of MCIT is self-sustaining, and the County pays an annual premium to cover current and future losses. MCIT carries reinsurance for its property lines to protect against catastrophic losses. Should the MCIT Property and Casualty Division liabilities exceed assets, MCIT may assess the County in a method and amount to be determined by MCIT.

6. Summary of Significant Contingencies and Other Items

A. Contingent Liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of the expenditures that may be disallowed by the grantor cannot be determined at this time, although the County expects such amounts, if any, to be immaterial.

The County, in connection with the normal conduct of its affairs, is involved in various judgments, claims, and litigation. The County Attorney identified no potential claims against the County that would materially affect the financial statements.

B. Joint Ventures

Marshall and Polk Rural Water System

The Marshall and Polk Rural Water System was organized as a municipal water system under Minn. Stat. ch. 116A in 1976, and covers a portion of Marshall and Polk Counties. The system is responsible for storing, treating, and distributing water for participating rural water users and cities within the water district.

Northwest Minnesota Household Hazardous Waste Management Group

Beltrami, Cass, Clearwater, Kittson, Lake of the Woods, Marshall, Pennington, Polk, Red Lake, and Roseau Counties entered into a joint-powers agreement, pursuant to Minn. Stat. § 471.59, for the purpose of cooperatively managing, handling, and transporting household hazardous waste; providing public education on safe waste management; and providing for the disposition of non-recyclable household hazardous waste.

The governing body of the Waste Management Group is composed of one County Commissioner from each of the member counties. Responsibility for budgeted expenditures is shared, with the first 50 percent divided equally among the member counties, and the remaining 50 percent divided on a population-ratio basis. In the event of dissolution of the Waste Management Group, the net position shall be divided among the member counties in the same proportion as their respective financial responsibilities.

The Waste Management Group has no long-term debt. Financing is provided by appropriations from the member counties when needed. Polk County paid an assessment of \$19,583 to the Waste Management Group in 2021. Clearwater County, in an agent capacity, reports the cash transactions of the Waste Management Group as a custodial fund on its financial statements.

Separate financial information can be obtained from the Waste Management Group, PO Box 186, Bagley, Minnesota 56621.

Northwest Minnesota Regional Emergency Communications Board

The Northwest Minnesota Regional Emergency Communications Board (formerly known as the Northwest Minnesota Regional Radio Board) was formed in 2008, pursuant to the authority conferred upon the member parties by Minn. Stat. §§ 471.59 and 403.39, and includes the City of Moorhead and the Counties of Becker, Beltrami, Clay, Clearwater, Hubbard, Kittson, Lake of the Woods, Mahnomen, Marshall, Norman, Pennington, Polk, Red Lake, and Roseau, and the White Earth Reservation.

The purpose of the Northwest Minnesota Regional Emergency Communications Board is to provide for regional administration of enhancements to the Statewide Public Safety Radio and Communication System (ARMER) owned and operated by the State of Minnesota and to enhance and improve interoperable public safety communications along with coordination of 911 and public safety broadband data services within the region.

The Northwest Minnesota Regional Emergency Communications Board is composed of one Commissioner of each county appointed by their respective County Board, one City Council member from the City appointed by its City Council, and one representative appointed by the Tribal Council, as provided in the Northwest Minnesota Regional Emergency Communications Board's bylaws.

In the event of dissolution of the Northwest Minnesota Regional Emergency Communications Board, all property, assets, and funds of the Board shall be distributed to the parties of the agreement upon termination in direct proportion to their participation and contribution. Any city, county, or tribal entity that has withdrawn from the agreement prior to termination of the Board shall share in the distribution of property, assets, and funds of the Board only to the extent they shared in the original expense.

The Northwest Minnesota Regional Emergency Communications Board has no long-term debt. Financing is provided by appropriations from member parties and by state and federal grants. Polk County did not make any contributions during 2021.

Complete financial information can be obtained from the Headwaters Regional Development Commission, 403 – 4th Street Northwest, Suite 310, Bemidji, Minnesota 56601.

Northwest Minnesota Six County Joint Powers Board

The Northwest Minnesota Six County Joint Powers Board was formed in 1994 under the authority of the Joint Powers Act, pursuant to Minn. Stat. § 471.59, and includes Beltrami, Clearwater, Marshall, Pennington, Polk, and Red Lake Counties. The purpose of the Board is to receive and expend funds for beaver damage control.

The Northwest Minnesota Six County Joint Powers Board is composed of one representative appointed by each County Board from the six counties. Each county also has one alternate appointed to the Board, and the Board may choose to have non-voting advisory members on the Board. Polk County's responsibility does not extend beyond making this appointment. In the event of dissolution, the net assets shall be distributed to the respective member counties in proportion to the contribution of each.

Financing is provided by grants from the State of Minnesota or contributions, and no member realizes an additional financial benefit or burden. In 2021, Polk County did not make a contribution to the Board.

Complete financial information can be obtained from the Red Lake Watershed District, PO Box 803, Thief River Falls, Minnesota 56701.

Northwest Service Cooperative

The Northwest Service Cooperative (NWSC) was established in February 1977, pursuant to Minn. Stat. §§ 471.59 and 123.582 (now Minn. Stat. § 123A.21). The NWSC is located in State Development Regions One and Two, which include 12 counties covering a total of 14,853 miles. These are the most sparsely populated regions of the state, with only 11 persons per square mile. The regions are known as "Pine to Prairie." The NWSC provided service to all school districts, and many cities, counties, and other governmental agencies in the northwest region. The NWSC's purpose is to meet or exceed the needs of participating members by developing and delivering high quality, cost-effective services and programs that will support the activities of its members.

The NWSC is governed by a Board of Directors consisting of school board members elected at large by their peers, one city representative, with a maximum of three at-large appointees and three ex-officio superintendents. Adequate rates are charged so that member counties do not experience an additional financial benefit or burden. Polk County made contributions of \$829 to the NWSC in 2021.

Pine to Prairie Drug and Violent Crime Task Force

The Pine to Prairie Drug and Violent Crime Task Force was established under the authority of the Joint Powers Act, pursuant to Minn. Stat. § 471.59. The full members are Lake of the Woods, Norman, Pennington, Polk, and Roseau Counties; the Cities of Crookston, East Grand Forks, and Thief River Falls; and the federal agencies of U.S. Customs and Border Protection and Homeland Security Investigations Department. Associate members are Red Lake County and the City of Ada, and liaison members are Kittson and Marshall Counties. The purpose of the Task Force is to coordinate efforts to investigate, apprehend, and prosecute drug, gang, and violent crime offenders.

Control of the Task Force is vested in the Pine to Prairie Drug and Violent Crime Task Force Governing Board, which consists of not less than six members or more than 14 members designated by each participating full member, and up to five additional members selected by the Governing Board. Board members shall not be deemed to be employees of the Task Force and shall not be compensated by it. Full members assign a peace officer to be an agent on the Task Force. Associate members are not required to assign an officer, but participate in operations and activities and contribute funds annually. Liaison members shall participate upon request.

Dissolution would occur when two-thirds of the members agree by resolution to terminate the agreement or when necessitated by law or funding status, at which time the net assets of the Task Force are to be divided among the members in the same proportion as their respective full-time equivalent contributions. Any member may withdraw upon six months written notice and shall not be entitled to any distribution of the net position.

Financing is provided by state and federal grants, charges for services, appropriations from members, and donations. Members do not experience any additional financial benefit or burden. The City of Crookston is designated as the coordinating agency.

The purpose of the Watershed District is to oversee watershed projects, conduct studies for future project planning, administration of legal drainage systems, issuance of applications and permits, public education on conservation issues, and dispute resolution.

Control of the Watershed District is vested in the Board of Managers, which is composed of seven members appointed by the County Commissioners of Becker, Clay, Mahnomen, and Norman Counties. Becker County appoints one member, Clay County appoints one member, Mahnomen County appoints two members, and Norman County appoints three members.

Complete financial information can be obtained from the Wild Rice Watershed District Office, 11 East 5th Avenue, Ada, Minnesota 56510.

Minnesota Red River Basin of the North Joint Powers Board

The Minnesota Red River Basin of the North Joint Powers Board was established November 29, 1999, by an agreement between Polk County and 17 other counties. The agreement was made to serve as a focal point for land and water concerns for those counties surrounding the Minnesota Red River Basin. Each county is responsible for its proportionate share of the administrative budget.

Control is vested in a Joint Powers Board comprised of one Commissioner from each member county. Each member of the Board is appointed by the County Commissioners of the county he or she represents.

In the event of termination of the agreement, any unexpended funds and surplus property shall be disposed of equally among the member counties. In 2021, Polk County provided \$784 in the form of an appropriation.

Complete financial statements can be obtained from The International Coalition for Land/Water Stewardship in the Red River Basin, 119 – 5th Street South, Moorhead, Minnesota 56560.

C. Jointly-Governed Organizations (Continued)

Region Three – Northwest Minnesota Homeland Security Emergency Management Organization

The Region Three – Northwest Minnesota Homeland Security Emergency Management Organization was established to provide for regional coordination of planning, training, purchase of equipment, and allocating emergency services and staff in order to better respond to emergencies and natural or other disasters within the region. Control is vested in the Board, which is composed of representatives appointed by each Board of County Commissioners. Polk County's responsibility does not extend beyond making this appointment.

Complete financial information can be obtained from the Clay County Sheriff's Office, 911 – 11th Street North, Moorhead, Minnesota 56560.

Minnesota Counties Computer Cooperative

Under Minnesota Joint Powers Law, Minn. Stat. § 471.59, Minnesota counties have created the Minnesota Counties Computer Cooperative (MCCC) to jointly provide for the establishment, operation, and maintenance of data processing systems, facilities, and management information systems. Polk County did not make any contributions in 2021.

D. Related Organizations

Sand Hill River Watershed District

The Sand Hill River Watershed District was formed pursuant to Minn. Stat. § 103D.201, effective August 29, 1974, and includes land within Mahnomen, Norman, and Polk Counties. The purpose of the District is to conserve the natural resources of the state by land-use planning, flood control, the use of sound scientific principles for the protection of the public health and welfare, and the provident uses of natural resources. Control of the District is vested in the Sand Hill River Watershed District Board of Managers that is composed of five members appointed by the Polk County Board of Commissioners for staggered terms of three years each. Polk County's responsibility does not extend beyond making the appointments.

D. Related Organizations (Continued)

Red Lake Watershed District

The Red Lake Watershed District was formed pursuant to Minn. Stat. § 103D.201, effective January 25, 1969, and includes all of Red Lake County, most of Pennington County, and parts of Beltrami, Clearwater, Itasca, Koochiching, Mahnommen, Marshall, Polk, and Roseau Counties. Control of the District is vested in the Red Lake Watershed District Board of Managers, which is composed of seven members having staggered terms of three years each, with two appointed by the Polk County Board and one each appointed by the County Boards of Beltrami, Clearwater, Marshall, Pennington, and Red Lake Counties. Polk County's responsibility does not extend beyond making this appointment.

7. Subsequent Events

COVID Pandemic

On March 11, 2021, the President of the United States signed an amended version of the COVID Relief Package, the American Rescue Plan, which includes \$65.1 billion in direct, flexible aid for counties in the United States of America. The U.S. Department of the Treasury will oversee and administer payments of the State and Local Coronavirus Recovery Funds to state and local governments; every county is eligible to receive a direct allocation from the Treasury. Counties will receive funds in two tranches – 50 percent in 2021 and the remaining 50 percent no earlier than 12 months from the first payment. The U.S. Treasury is required to pay the first tranche to counties no later than 60 days after enactment. Polk County's projected allocation of the State and Local Coronavirus Recovery Funds is \$6,092,089. The first tranche of \$3,046,045 was received on May 21, 2021.

Opioid Settlement

During 2022, the final settlement agreements were reached with pharmaceutical companies and distributors as part of the National Prescription Opiate Litigation. For Polk County, the amount to be received as a result of this litigation is \$1,921,362 to be received over 18 years. The Minnesota Opioids State-Subdivision Memorandum of Agreement was signed January 24, 2022.

**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION  
FOR THE YEAR ENDED DECEMBER 31, 2021**

---

---

1. Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds, except the Ditch Special Revenue Fund, Capital Projects Fund, Ditch Debt Service Fund, Rhinehart Project Debt Service Fund, and Union Lake/Lake Sarah Debt Service Fund. All annual appropriations lapse at fiscal year-end.

On or before the last Tuesday in August of each year, all departments and agencies submit requests for appropriations to the County Administrator so that a budget can be prepared. Before October 31, the proposed budget is presented to the County Board for review. The Board holds public hearings, and a final budget must be prepared and adopted no later than December 31.

The appropriated budget is prepared by fund, function, and department. The County's department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require approval of the County Board. The legal level of budgetary control (the level at which expenditures may not legally exceed appropriations) is the fund level.

2. Excess of Expenditures Over Budget

The following major funds had expenditures in excess of budget for the year ended December 31, 2021:

	<u>Expenditures</u>	<u>Final Budget</u>	<u>Excess</u>
General Fund	\$ 13,697,224	\$ 11,406,230	\$ 2,290,994
Road and Bridge Special Revenue Fund	22,768,956	14,569,094	8,199,862
Public Safety Special Revenue Fund	11,565,233	11,367,618	197,615

3. Other Postemployment Benefits

See Note 3.D in the notes to the financial statements for additional information regarding the County's other postemployment benefits.

**POLK COUNTY  
CROOKSTON, MINNESOTA**

---

4. Employer Contributions to Other Postemployment Benefits

Assets have not been accumulated in a trust that meets the criteria in paragraph four of GASB Statement 75 to pay related benefits.

5. Other Postemployment Benefits – Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions

The following are changes in actuarial assumptions:

2021

- The discount rate was changed from 2.90 percent to 2.00 percent.

2020

- The health care trend rates were changed to better anticipate short-term and long-term medical increases.
- The mortality tables were updated from the RP-2014 Mortality tables (Blue Collar for Public Safety, White Collar for others) with MP-2017 Generational Improvement Scale to the Pub-2010 Public Retirement Plans Headcount-Weighted Mortality tables (General, Safety) with MP-2019 Generational Improvement Scale.
- The salary increase rates were changed from a flat 3.00 percent per year for all employees to rates which vary by service and contract group.
- The discount rate was changed from 3.80 percent to 2.90 percent.

2019

- The discount rate was changed from 3.30 percent to 3.80 percent.

2018

- The health care trend rates were changed to better anticipate short-term and long-term medical increases.

**POLK COUNTY  
CROOKSTON, MINNESOTA**

---

5. Other Postemployment Benefits – Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions

2018 (Continued)

- The mortality tables were updated from the RP-2014 White Collar Mortality tables with MP-2015 Generational Improvement Scale (with blue collar adjustment for police and fire personnel) to the RP-2014 White Collar Mortality tables with MP-2017 Generational Improvement Scale (with blue collar adjustment for police and fire personnel).
- The retirement and withdrawal tables for all employees were updated.
- The retiree plan participation assumption was changed from 30 percent to 20 percent.

6. Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions

The following changes were reflected in the valuation performed on behalf of the Public Employees Retirement Association (PERA) for the fiscal year June 30:

General Employees Retirement Plan

2021

- The investment return and single discount rates were changed from 7.50 percent to 6.50 percent.
- The mortality improvement scale was changed from Scale MP-2019 to Scale MP-2020.

2020

- The price inflation assumption was decreased from 2.50 percent to 2.25 percent.
- The payroll growth assumption was decreased from 3.25 percent to 3.00 percent.
- Assumed salary increase rates were changed as recommended in the June 30, 2019, experience study. The net effect is assumed rates that average 0.25 percent less than previous rates.

**POLK COUNTY  
CROOKSTON, MINNESOTA**

---

6. Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions

General Employees Retirement Plan

2020 (Continued)

- Assumed rates of retirement were changed as recommended in the June 30, 2019, experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements.
- Assumed rates of termination were changed as recommended in the June 30, 2019, experience study. The new rates are based on service and are generally lower than the previous rates for years two to five and slightly higher thereafter.
- Assumed rates of disability were changed as recommended in the June 30, 2019, experience study. The changes result in fewer predicted disability retirements for males and females.
- The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 General Employee Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 Disabled Annuitant Mortality table to the Pub-2010 General/Teacher Disabled Retiree Mortality table, with adjustments.
- The mortality improvement scale was changed from Scale MP-2018 to Scale MP-2019.
- The assumed spouse age difference was changed from two years older for females to one year older.
- The assumed number of married male new retirees electing the 100 percent Joint and Survivor option changed from 35 percent to 45 percent. The assumed number of married female new retirees electing the 100 percent Joint and Survivor option changed from 15 percent to 30 percent. The corresponding number of married new retirees electing the Life annuity option was adjusted accordingly.
- Augmentation for current privatized members was reduced to 2.00 percent for the period July 1, 2020, through December 31, 2023, and 0.00 percent thereafter. Augmentation was eliminated for privatizations occurring after June 30, 2020.

6. Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions

General Employees Retirement Plan (Continued)

2019

- The mortality projection scale was changed from MP-2017 to MP-2018.

2018

- The mortality projection scale was changed from MP-2015 to MP-2017.
- The assumed benefit increase rate was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter, to 1.25 percent per year.
- The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024.
- Interest credited on member contributions decreased from 4.00 percent to 3.00 percent, beginning July 1, 2018.
- Deferred augmentation was changed to 0.00 percent, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- Contribution stabilizer provisions were repealed.
- Post-retirement benefit increases were changed from 1.00 percent per year with a provision to increase to 2.50 percent upon attainment of 90 percent funding to 50 percent of the Social Security cost of living adjustment, not less than 1.00 percent and not more than 1.50 percent, beginning January 1, 2019.
- For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches normal retirement age; does not apply to the Rule of 90 retirees, disability benefit recipients, or survivors.
- Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

**POLK COUNTY  
CROOKSTON, MINNESOTA**

6. Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions

General Employees Retirement Plan (Continued)

2017

- The Combined Service Annuity (CSA) loads were changed from 0.80 percent for active members and 60 percent for vested and non-vested deferred members (30 percent for deferred Minneapolis Employees Retirement Fund members). The revised CSA loads are now 0.00 percent for active member liability, 15 percent for vested deferred member liability, and 3.00 percent for non-vested deferred member liability.
- The assumed post-retirement benefit increase rate was changed from 1.00 percent per year for all years to 1.00 percent per year through 2044 and 2.50 percent per year thereafter.
- Minneapolis Employees Retirement Fund plan provisions change the employer supplemental contribution to \$21 million in calendar years 2017 and 2018 and returns to \$31 million through calendar year 2031. The state's required contribution is \$16 million in PERA's fiscal years 2018 and 2019, and returns to \$6 million annually through calendar year 2031.

2016

- The assumed post-retirement benefit increase rate was changed from 1.00 percent per year through 2035 and 2.50 percent per year thereafter, to 1.00 percent for all future years.
- The assumed investment rate was changed from 7.90 percent to 7.50 percent. The single discount rate was also changed from 7.90 percent to 7.50 percent.
- Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed payroll growth and inflation were decreased by 0.25 percent. Payroll growth was reduced from 3.50 percent to 3.25 percent. Inflation was reduced from 2.75 percent to 2.50 percent.

**POLK COUNTY  
CROOKSTON, MINNESOTA**

6. Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions (Continued)

Public Employees Police and Fire Plan

2021

- The investment return and single discount rates were changed from 7.50 percent to 6.50 percent.
- The inflation assumption was changed from 2.50 percent to 2.25 percent.
- The payroll growth assumption was changed from 3.25 percent to 3.00 percent.
- The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 Public Safety Mortality table. The mortality improvement scale was changed from Scale MP-2019 to Scale MP-2020.
- The base mortality table for disabled annuitants was changed from the RP-2014 Healthy Annuitant Mortality table (with future mortality improvement according to Scale MP-2019) to the Pub-2010 Public Safety Disabled Annuitant Mortality table (with future mortality improvement according to Scale MP-2020).
- Assumed rates of salary increase were modified as recommended in the July 14, 2020, experience study. The overall impact is a decrease in gross salary increase rates.
- Assumed rates of retirement were changed as recommended in the July 14, 2020, experience study. The changes result in slightly more unreduced retirements and fewer assumed early retirements.
- Assumed rates of withdrawal were changed from select and ultimate rates to service-based rates. The changes result in more assumed terminations.
- Assumed rates of disability were increased for ages 25-44 and decreased for ages over 49. Overall, proposed rates result in more projected disabilities.
- Assumed percent married for active female members was changed from 60 percent to 70 percent. Minor changes to form of payment assumptions were applied.

**POLK COUNTY  
CROOKSTON, MINNESOTA**

6. Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions

Public Employees Police and Fire Plan (Continued)

2020

- The mortality projection scale was changed from MP-2018 to MP-2019.

2019

- The mortality projection scale was changed from MP-2017 to MP-2018.

2018

- The mortality projection scale was changed from MP-2016 to MP-2017.
- Post-retirement benefit increases changed to 1.00 percent for all years, with no trigger.
- An end date of July 1, 2048, was added to the existing \$9.0 million state contribution. Additionally, annual state aid will equal \$4.5 million in fiscal years 2019 and 2020, and \$9.0 million thereafter, until the plan reaches 100 percent funding, or July 1, 2048, if earlier.
- Member contributions were changed effective January 1, 2019, and January 1, 2020, from 10.80 percent to 11.30 and 11.80 percent of pay, respectively. Employer contributions were changed effective January 1, 2019, and January 1, 2020, from 16.20 percent to 16.95 and 17.70 percent of pay, respectively. Interest credited on member contributions decreased from 4.00 percent to 3.00 percent, beginning July 1, 2018.
- Deferred augmentation was changed to 0.00 percent, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.
- The assumed salary increases were changed as recommended in the June 30, 2016, experience study. The net effect is proposed rates that average 0.34 percent lower than the previous rates.

**POLK COUNTY  
CROOKSTON, MINNESOTA**

---

6. Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions

Public Employees Police and Fire Plan (Continued)

2017

- The assumed rates of retirement were changed, resulting in fewer retirements.
- The CSA load was 30 percent for vested and non-vested, deferred members. The CSA has been changed to 33 percent for vested members and 2.00 percent for non-vested members.
- The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the mortality table assumed for healthy retirees.
- The assumed termination rates were decreased to 3.00 percent for the first three years of service. Rates beyond the select period of three years were adjusted, resulting in more expected terminations overall.
- The assumed percentage of married female members was decreased from 65 percent to 60 percent.
- The assumed age difference was changed from separate assumptions for male members (wives assumed to be three years younger) and female members (husbands assumed to be four years older) to the assumption that males are two years older than females.
- The assumed percentage of female members electing joint and survivor annuities was increased.
- The assumed post-retirement benefit increase rate was changed from 1.00 percent for all years to 1.00 percent per year through 2064, and 2.50 percent thereafter.
- The single discount rate was changed from 5.60 percent per annum to 7.50 percent per annum.

**POLK COUNTY  
CROOKSTON, MINNESOTA**

---

6. Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions

Public Employees Police and Fire Plan (Continued)

2016

- The assumed post-retirement benefit increase rate was changed from 1.00 percent per year through 2037 and 2.50 percent per year thereafter, to 1.00 percent for all future years.
- The assumed investment rate was changed from 7.90 percent to 7.50 percent. The single discount rate was changed from 7.90 percent to 5.60 percent.
- The assumed payroll growth and inflation were decreased by 0.25 percent. Payroll growth was reduced from 3.50 percent to 3.25 percent. Inflation was reduced from 2.75 percent to 2.50 percent.

---

1. Summary of Significant Accounting Policies

A. Reporting Entity

The Schedule of Expenditures of Federal Awards presents the activities of federal award programs expended by Polk County. The County's reporting entity is defined in Note 1 to the financial statements.

B. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Polk County under programs of the federal government for the year ended December 31, 2021. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of Polk County, it is not intended to and does not present the financial position, changes in net position, or cash flows of Polk County.

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

2. De Minimis Cost Rate

Polk County has elected to not use the ten percent de minimis indirect cost rate allowed under the Uniform Guidance.

**MANAGEMENT AND COMPLIANCE SECTION**

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Independent Auditor's Report

Board of County Commissioners  
Polk County  
Crookston, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Polk County, Minnesota, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated March 14, 2023.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Polk County's internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. We identified certain deficiencies in internal control over financial reporting, described in the accompanying Schedule of Findings and Questioned Costs as items 2021-001 and 2021-002 that we consider to be significant deficiencies.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Polk County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Minnesota Legal Compliance**

In connection with our audit, we noted that Polk County failed to comply with the provisions of the miscellaneous provisions section of the *Minnesota Legal Compliance Audit Guide for Counties*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, insofar as they relate to accounting matters, as described in the Schedule of Findings and Questioned Costs as item 2021-005. Also, in connection with our audit, nothing came to our attention that caused us to believe that Polk County failed to comply with the provisions of the contracting – bid laws, depositories of public funds and public investments, conflicts of interest, public indebtedness, and claims and disbursements sections of the *Minnesota Legal Compliance Audit Guide for Counties*, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the County's noncompliance with the above referenced provisions, insofar as they relate to accounting matters.

## **Other Items**

Included in the Schedule of Findings and Questioned Costs are management practices comments. We believe these recommendations and information to be of benefit to the County, and they are reported for that purpose.

## **Polk County's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the County's responses to the internal control, legal compliance, and management practices findings identified in our audit and described in the accompanying Corrective Action Plan. The County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting, compliance, and the provisions of the *Minnesota Legal Compliance Audit Guide for Counties* and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM  
AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE  
REQUIRED BY THE UNIFORM GUIDANCE**

Independent Auditor's Report

Board of County Commissioners  
Polk County  
Crookston, Minnesota

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Polk County's compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of Polk County's major federal programs for the year ended December 31, 2021. Polk County's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, Polk complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2021.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Polk County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Polk County's compliance with the compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Polk County's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Polk County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore, is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Polk County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit;
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Polk County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances; and
- obtain an understanding of Polk County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Polk County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### ***Other Matters***

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance, and which are described in the accompanying Schedule of Findings and Questioned Costs as items 2021-003 and 2021-004. Our opinion on each major federal program is not modified with respect to these matters.

*Government Auditing Standards* requires the auditor to perform limited procedures on Polk County's response to the noncompliance findings identified in our audit described in the accompanying Schedule of Findings and Questioned Costs. Polk County's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

### **Report on Internal Control Over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance, and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as items 2021-003 and 2021-004 to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

*Government Auditing Standards* requires the auditor to perform limited procedures on Polk County's response to the internal control over compliance findings identified in our audit described in the accompanying Schedule of Findings and Questioned Costs. Polk County's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)  
FOR THE YEAR ENDED DECEMBER 31, 2021

**II. FINDINGS RELATED TO FINANCIAL STATEMENTS AUDITED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

**2021-001      Segregation of Duties**

**Prior Year Finding Number:** 2020-001

**Repeat Finding Since:** 1996

**Type of Finding:** Internal Control Over Financial Reporting

**Severity of Deficiency:** Significant Deficiency

**Criteria:** Management is responsible for establishing and maintaining internal control. Adequate segregation of duties is a key internal control in preventing and detecting errors or irregularities. To protect County assets, proper segregation of the record keeping, custody, and authorization functions should be in place, and where management decides segregation of duties may not be cost effective, compensating controls should be in place.

**Condition:** Due to the limited number of personnel within several Polk County offices, segregation of accounting duties necessary to ensure adequate internal accounting control is not possible.

**Context:** This is not unusual in operations the size of Polk County; however, the County's management should constantly be aware of this condition and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from an internal control point of view.

**Effect:** Inadequate segregation of duties could adversely affect the County's ability to detect misstatements in a timely period by employees in the normal course of performing their assigned functions.

**Cause:** The County informed us that collecting fees for services at a department level provides a convenience for its customers. Fee services are provided in several locations, so having customers paying at a single point of collection would be very inconvenient. The staffing available in several of these smaller offices limits the potential for complete segregation of duties.

**Recommendation:** We recommend Polk County's elected officials and management be mindful that limited staffing increases the risks in safeguarding the County's assets and the proper recording of its financial activity and, where possible, implement oversight procedures to ensure that internal control policies and procedures are being followed by staff.

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)

**View of Responsible Official:** Concur

**2021-002      Documenting and Monitoring Internal Controls**

**Prior Year Finding Number:** 2020-002

**Repeat Finding Since:** 2015

**Type of Finding:** Internal Control Over Financial Reporting

**Severity of Deficiency:** Significant Deficiency

**Criteria:** County management is responsible for the County's internal control over financial reporting. This responsibility requires performing an assessment of existing controls over significant functions used to produce financial information for the Board, management, and for external financial reporting. The risk assessment is intended to determine if the internal controls that have been established by County management are still effective or if changes are needed to maintain a sound internal control structure. Changes may be necessary due to such things as organizational restructuring, updates to information systems, or changes to services being provided.

**Condition:** Polk County does not maintain formal documentation of the controls in place over its significant transaction cycles, and there is no formal risk assessment process in place to determine if the internal controls that have been established by County management are still effective or if changes are needed to maintain a sound internal control structure.

**Context:** Local governments tend to establish controls but fail to periodically review those controls to ensure they are appropriate for all of the changes that take place over time. The County now has established an Internal Control committee; however, the Committee meetings are on hold as the County evaluates options to replace existing financial and accounting software systems.

**Effect:** The internal control environment is constantly changing in staffing, information systems, processes, and the services provided. Changes may have taken place that reduce or negate the effectiveness of internal controls, which may go unnoticed without a formal and timely risk assessment process in place.

**Cause:** Until recently, the County had not considered establishing a formal process for assessing risks, documenting the internal controls established to reduce those risks, and monitoring those controls. The County is continuing to discuss and evaluate options to replace its existing financial and accounting software systems with a completely different one. With anticipated changes in application software and processes, the Internal Control Committee has not been meeting.

**POLK COUNTY  
CROOKSTON, MINNESOTA**

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)  
FOR THE YEAR ENDED DECEMBER 31, 2021**

**Recommendation:** As the County is making changes to its application software and processes, we recommend Polk County management document the significant internal controls in its accounting system, including an assessment of risk and the processes used to minimize the risks. A formal plan should be developed that calls for monitoring the internal control structure on a regular basis, no less than annually. The monitoring activity should also be documented to show the results of the review, any changes required, and who performed the work.

**III. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARD PROGRAMS**

**2021-003      Eligibility – Intake Function**

**Prior Year Finding Number:** 2020-004

**Repeat Finding Since:** 2017

**Type of Finding:** Internal Control Over Compliance and Compliance

**Severity of Deficiency:** Significant Deficiency and Other Matter

**Federal Agency:** U.S. Dept of Health and Human Services

**Program:** 93.778 Medical Assistance Program

**Award Number and Year:** 2105MN5ADM; 2021

**Pass-Through Agency:** Minnesota Department of Human Services (DHS)

**Criteria:** Title 2 U.S. *Code of Federal Regulations* § 200.303 states that the auditee must establish and maintain effective internal control over the federal award that provides reasonable assurance that the auditee is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award.

**Condition:** The Minnesota DHS maintains the computer systems, MAXIS and METS, which are used by Polk County to support the eligibility determination process. While periodic supervisory case reviews are performed to provide reasonable assurance of compliance with grant requirements for eligibility, not all documentation was available, updated, or input correctly to support participant eligibility. The following exceptions were noted in the sample of 40 MAXIS and 40 METS case files tested:

- Five case files had information in MAXIS that did not agree to documentation in the case file;

**POLK COUNTY  
CROOKSTON, MINNESOTA**

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)  
FOR THE YEAR ENDED DECEMBER 31, 2021**

- One MAXIS case file did not have documentation of verification of citizenship;
- One case file included documentation of assets that did not match MAXIS;
- Two METS case files did not have documentation for social security numbers; and
- Three METS case files did not have the documentation to support citizenship verifications.

**Questioned Costs:** Not applicable. The County administers the program, but benefits to participants in this program are paid by the State of Minnesota.

**Context:** The State of Minnesota contracts with the County to perform the “intake function” (meeting with the social services client to determine income and categorical eligibility), while the Minnesota DHS maintains MAXIS and METS, which supports the eligibility determination process and actually pays the benefits to participants.

The sample size was based on the guidance from chapter 11 of the AICPA Audit Guide, *Government Auditing Standards and Single Audits*.

**Effect:** The improper input into MAXIS and METS increases the risk that participants will receive benefits when they are not eligible.

**Cause:** County program personnel entering case information into MAXIS and METS did not ensure all required information was verified or updated properly.

**Recommendation:** We recommend the County implement additional procedures to provide reasonable assurance that all necessary documentation to support eligibility determination is obtained and properly updated in MAXIS and METS. In addition, consideration should be given to providing further training to program personnel.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)  
FOR THE YEAR ENDED DECEMBER 31, 2021

**2021-004      Reporting**

**Prior Year Finding Number:** 2020-005

**Repeat Finding Since:** 2020

**Type of Finding:** Internal Control Over Compliance and Compliance

**Severity of Deficiency:** Significant Deficiency and Other Matter

**Federal Agency:** U.S. Dept of Health and Human Services

**Program:** 93.778 Medical Assistance Program

**Award Number and Year:** 2105MN5ADM; 2021

**Pass-Through Agency:** Minnesota Department of Human Services

**Criteria:** Title 2 U.S. *Code of Federal Regulations* § 200.303 states that the auditee must establish and maintain effective internal control over the federal award that provides reasonable assurance that the auditee is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award.

For County federal awards received from the Minnesota Department of Human Services (DHS), internal control should be established and maintained to provide assurance that program reports submitted to DHS are completed accurately and in accordance with DHS reporting instructions. As part of the County's reporting requirements, the County submits the DHS Social Services DHS-2550 Income Maintenance Quarterly Expense Report.

**Condition:** The County's first and second quarter DHS-2550 Income Maintenance Quarterly Expense Reports were submitted without all expenditures.

**Questioned Costs:** None

**Context:** DHS relies on accurate reporting of program costs to ensure that resulting grant funds paid to the County are for applicable federal program activities/costs, and provide detailed information necessary for maintaining proper oversight over federal programs.

The sample sizes were based on the guidance from Chapter 11 of the AICPA Audit Guide, *Government Auditing Standards and Single Audits*.

**POLK COUNTY  
CROOKSTON, MINNESOTA**

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)  
FOR THE YEAR ENDED DECEMBER 31, 2021**

**Effect:** Errors in the submission of costs on the quarterly reports can impair DHS's ability to provide required oversight over federal programs, and can result in the County receiving either more or less federal funds than can be justified based on the actual underlying activity. The County under-reported \$66,184 on the first quarter and \$31,984 on the second quarter DHS-2550 report.

**Cause:** A portion of the County payroll was miscoded and was not included in the DHS-2550 report.

**Recommendation:** We recommend Polk County implement controls to ensure that DHS reports are completed accurately and in accordance with DHS guidance.

**IV. OTHER FINDINGS AND RECOMMENDATIONS**

**2021-005      Publication of Board Minutes**  
**Prior Year Finding Number:** 2020-008  
**Repeat Finding Since:** 2020  
**Type of Finding:** Minnesota Legal Compliance

**Criteria:** Pursuant to Minn. Stat. § 375.12, within 30 days of each meeting, the County must have the official proceedings of its sessions or a summary published in a qualified newspaper of general circulation in the County.

**Condition:** Based on a review of the affidavits of publication related to the publishing of a summary of the County Board minutes for 2021, the summaries were not published in the County's official newspaper within the 30-day requirement.

**Context:** Of the four published summaries reviewed, three were not published within the 30-day requirement.

**Effect:** Noncompliance with Minn. Stat. § 375.12.

**Cause:** The County Board minutes are not prepared and presented to the County Board for review and approval in time to meet the publication within the 30-day requirement.

**2021-006      Capital Assets Accounting System**

**Prior Year Finding Number:** 2020-009

**Repeat Finding Since:** 2001

**Type of Finding:** Management Practice

**Criteria:** To ensure consistent and accurate reporting of the County's capital assets and depreciation of those assets, the County should maintain a centralized accounting system that includes all of the County's capital assets.

**Condition:** The County currently maintains capital asset records in several departments, including Road and Bridge, Social Services, Resource Recovery, Landfill, Environmental Services, Public Health, and the Finance Office.

**Context:** Capital assets, including infrastructure assets, are reported on the statement of net position, and depreciation expenses for those assets are on the statement of activities. The County established accounting policies for capital assets, including capitalization thresholds, useful lives, and the designation of specific general ledger account codes to record the purchases and construction costs of capital assets. County personnel analyze capital outlay and maintenance expenditure accounts for additions and remove items known to be sold or discarded during the year.

**Effect:** Accounting for capital assets is decentralized and, in turn, results in a variety of methods for tracking of additions and removal of capital assets. The Finance Department has access to some, but not all, of the detailed capital asset records. This led to additions and deletions detected during the audit which hadn't been reflected in the capital asset listing. Adding this activity caused additional time and audit costs.

**Cause:** There is not a policy on how capital assets should be tracked. Accounting for each department's capital assets is left to each individual department.

**Recommendation:** We recommend the County Board take steps to centralize the accounting of capital assets from all County departments into one capital asset accounting system.

**2021-007      Ditch Fund Balance Deficits**

**Prior Year Finding Number:** 2020-010

**Repeat Finding Since:** 2007

**Type of Finding:** Management Practice

**Criteria:** Assets should exceed liabilities and deferred inflows of resources in order for the County to meet its obligations and maintain a positive fund balance. Under Minn. Stat. § 103E.655, drainage project costs must be paid from the appropriate drainage system account. Through the levying of assessments, Minn. Stat. § 103E.735, subd. 1, permits the accumulation of a surplus balance for the repair costs of a ditch system not to exceed 20 percent of the assessed benefits of the ditch system or \$100,000, whichever is greater.

**Condition:** As of December 31, 2021, the County had individual ditch systems where liabilities and deferred inflows of resources exceeded assets, resulting in individual deficit fund balance amounts.

**Context:** Forty-four of the 159 individual Ditch Special Revenue Fund ditch systems had deficit fund balances at December 31, 2021. The deficit fund balances ranged from \$101 to \$210,539, for a total of \$427,893. Three of the 23 Ditch Debt Service Fund ditch systems had deficit fund balances at December 31, 2021. The deficit fund balances ranged from \$2,240 to \$5,615, for a total of \$10,413.

**Effect:** Ditch systems with deficit fund balances indicates that measures have not been taken to ensure that the ditch can meet financial obligations.

**Cause:** Ditch expenditures were necessary, and the ditch levies were not sufficient to cover all costs.

**Recommendation:** We recommend the County levy assessments in sufficient amounts to maintain current expenditures and to cover expenditures already made in advance from other funds.

**Finding Title: Segregation of Duties**

**Summary of Condition:** Due to the limited number of personnel within several Polk County offices, segregation of accounting duties necessary to ensure adequate internal accounting control is not possible.

**Summary of Corrective Action Previously Reported:** Polk County Finance will monitor transactions and structure the duties of office personnel to help ensure as much segregation of duties as possible within the County's staffing limitations and funding constraints. The County Board of Commissioners also recognizes the weakness in segregation of duties and has continually provided oversight to partially compensate for this deficiency. The County will continue to monitor fee collection centers to the extent that is efficient to do so. **Summary of Corrective Action Previously Reported:** The County has established an internal control committee to begin the process of documenting significant internal controls and accounting processes but given that the County Administrator with the assistance of an outside accounting firm is currently exploring options for replacing essentially all the current account systems and payroll system with something else, therefore the committee is not currently meeting on this topic. It is the County's intention to create all the controls and documentation necessary to resolve this issue in the near future.

**Summary of Condition:** The County's third quarter DHS-2550 Income Maintenance Quarterly Expense Report was submitted without expenditures related to COVID-19 or the offsetting revenue. The Department of Human Services' Second Quarter 2020 Fiscal Memo directed County staff to report payroll and other administrative expenses as normal. Any federal revenue received by the County related to COVID-19 work performed should be reported as a revenue offset on the DHS-2550 Income Maintenance Quarterly Expense Report.

**Summary of Corrective Action Previously Reported:** The report has been reviewed, corrected, and resubmitted to the State.

**Status:** Partially Corrected. *The State would not allow the report to be resubmitted. The additional accounts in our system for COVID 19 which caused the problem are no longer in use.*

Was corrective action taken significantly different than the action previously reported?

**Finding Title: Report Submission**  
**Program: Coronavirus Relief Fund (Assistance Listing #21.019)**

**Summary of Condition:** One of the two MMB Local Government Expenditure Reports tested was submitted 27 days after the due date. The September report was required to be submitted by October 9, 2020, but it was submitted on November 5, 2020. The auditor expanded the testing and reviewed the remaining reports. There were two additional reports that were submitted after their due dates. The July report was required to be submitted by August 11, 2020, but it was submitted on September 9, 2020, 29 days after the due date. The October report was required to be submitted by November 10, 2020, but was submitted on November 16, 2020, 6 days after the due date.

**Summary of Corrective Action Previously Reported:** The County will better monitor the dates of reporting requirements for funds received and strive to complete all required reports in a timely manner.

**Status:** Fully Corrected. *Corrective action was taken.*

**Finding Title: Subrecipient Monitoring**  
**Program: Coronavirus Relief Fund (Assistance Listing #21.019)**

**Summary of Condition:** For three subrecipients tested, the County did not document risk assessment procedures or monitoring activities (i.e., on-site visits or phone conversations) performed in relation to its subrecipients. Additionally, the County does not have documented policies and procedures for subrecipient monitoring.

**Summary of Corrective Action Previously Reported:** The County will establish documented policies for subrecipient monitoring and also document the County's monitoring and risk assessment procedures.

**Status:** Fully Corrected.

**Finding Title: Procurement, Suspension, and Debarment**

**Program: State Administrative Matching Grants for the Supplemental Nutrition Assistance Program (Assistance Listing #10.561)**

**Summary of Condition:** For procurement transactions tested, none of the small purchases (over \$3,000) had written documentation to support the rationale for the method of procurement or full and open competition. Also, for two of three small purchases tested, the rationale to limit competition was not justified, and the one covered transaction did not have verification of whether the vendors were debarred, suspended, or otherwise excluded.

**Summary of Corrective Action Previously Reported:** The County will access the SAM website and comply with suspension and debarment rules. The County will also prepare and maintain additional documentation regarding procurement rationale for lower threshold items.

**Status:** Partially Corrected. *Social Services has implemented the policy to review prices in 2021. We have also registered for SAM.gov but are unable to navigate the site fully and we are seeking training from the federal government.*

**Program: Medicaid Cluster (Assistance Listing #93.778) and Temporary Assistance for Needy Families (Assistance Listing #93.558)**

**Summary of Condition:** For procurements tested over \$3,000, the client was not maintaining documentation of the vendor selection process, including cost/price analysis. In addition, there was only one vendor applicable to test over \$100,000, and it was found that the client still was not reviewing the SAM website to verify that the vendor/contractor was not on the suspended/debarred list.

**Summary of Corrective Action Previously Reported:** The County will access the SAM website and comply with suspension and debarment rules. The County will also prepare and maintain additional documentation regarding procurement rationale for lower threshold items.

**Finding Title: Publication of Board Minutes**

**Summary of Condition:** Based on a review of the affidavits of publication related to the publishing of a summary of the County Board minutes for 2020, the summaries were not published in the County's official newspaper within the 30-day requirement.

**Summary of Corrective Action Previously Reported:** The County intends to comply with the statute.

**Status:** Not Corrected. *The problem recurred because the publisher was not processing our requests in a timely manner.*

**Finding Title: Capital Assets Accounting System**

**Summary of Condition:** The County currently maintains capital asset records in several departments, including Road and Bridge, Social Services, Resource Recovery, Landfill, Environmental Services, Public Health, and the Finance Office.

**Summary of Corrective Action Previously Reported:** The County will find a centralized capital asset system and procedure adequate to resolve the finding.

**Status:** Not Corrected. *The problem recurred because time and staff needed for developing or choosing a system has been delayed.*

**Finding Title: Ditch Fund Balance Deficits**

**Summary of Condition:** As of December 31, 2020, the County had individual ditch systems where liabilities and deferred inflows of resources exceeded assets, resulting in individual deficit fund balance amounts.

**Summary of Corrective Action Previously Reported:** The County is working to establish zero to modest fund balances in all ditches, but deficit spending will likely continue, and the County will raise special assessments to restore positive balances as quickly as possible without being an undue hardship to the landowners.

**Status:** Not Corrected. *The problem recurred because ditch repairs in excess of ditch balances were needed throughout the year.*
