Cities should be allowed to use electronic or city newsletter publication as an alternative to traditional requirements.</p> <p>Also, summary publication or condensed format should be allowed for such requirements as summary budget, publication of TIF information, annual financial report, truth-in-taxation hearing notice, publication of ordinances, officer salaries, proposed contracts, and tax levy adoption. The City does not oppose the intent of the mandate, but rather objects if it is unfunded or underfunded.</p>
