# Criminal Forfeitures in Minnesota

For the Year Ended December 31, 2007

## Description of the Office of the State Auditor

The mission of the Office of the State Auditor is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 150 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

**Audit Practice** - conducts financial and legal compliance audits of local governments;

**Government Information** - collects and analyzes financial information for cities, towns, counties, and special districts;

**Legal/Special Investigations** - provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;

**Pension** - monitors investment, financial, and actuarial reporting for approximately 730 public pension funds; and

**Tax Increment Financing** - promotes compliance and accountability in local governments' use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

## Executive Summary

---

- In 2007, 217 Minnesota law enforcement agencies (4 more agencies than in 2006) reported a total of 4,931 incidents of property seized subject to forfeiture. This number represents an increase of 43 forfeiture incidents, or 0.9 percent more than the number reported in 2006 (pg. 7).
- Gross sales of forfeited property or seized cash totaled \$4,866,485 in 2007, up 24.2 percent from the \$3,918,321 reported in 2006. Administrative expenses and lien holder's obligations grew 9.7 percent between 2006 and 2007, rising from \$499,377 in 2006 to \$547,835 in 2007.<sup>1</sup> Net proceeds totaled \$4,318,651 in 2007, which was 26.3 percent more than the \$3,418,944 reported in 2006 (pg. 7).
- The sharp increase in net proceeds (26.3 percent) between 2006 and 2007 reflects a substantial increase in the number and value of cash forfeitures. In general, cash forfeitures have a much lower level of expenses associated with them (pg. 7).
- Of the 4,931 forfeiture incidents reported, 3,490 involved seized cash or seized property that was sold. Net proceeds involving agencies receiving cash or selling property ranged from negative \$8,646 to \$127,100.<sup>2</sup> Net proceeds per forfeiture incident averaged \$1,237 (pg. 7).
- Over the last five years, the number of reported forfeiture incidents rose from 2,635 in 2003 to 4,931 in 2007 (pg. 8).
- Cash accounted for 51 percent (42 percent in 2006) of property seized, followed by firearms at 26 percent (34 percent in 2006), vehicles at 21 percent (22 percent in 2006), and other property at 2 percent (the same as 2006) (pg. 10).
- Criminal activity involving a controlled substance accounted for 3,797 (77 percent) of the 4,931 forfeiture incidents reported in 2007 (pg. 11).
- The agencies with the most forfeiture incidents in 2007 were: the Minneapolis Police Department (1,186), the Minnesota State Patrol (460), the Southeast Minnesota Drug Task Force (293), the Anoka-Hennepin Drug Task Force (274), and the Dakota County Drug Task Force (210) (pg. 10).
- There were a total of 200 agencies that reported that they had completed no forfeitures in 2007, and 88 did not file reports with the Office of the State Auditor (pg. 7).

---

<sup>1</sup> Expenses deducted may include towing, storage, and sale fees for vehicles. For drug forfeitures, expenses may include payoffs to informants, drug purchases, or other expenses incurred in developing the case.

<sup>2</sup> A loss may occur where the expenses from the sale of the item are greater than the gross amount received. Agencies also received cash for property returned to an owner by agreement where owners would pay a set amount agreed to by both parties.

---

## Scope and Methodology

---

Minn. Stat. § 609.5315, subd. 6, directs law enforcement agencies to report to the Office of the State Auditor all property seized subject to forfeiture, with the exception of driving under the influence (DUI) related forfeitures.<sup>3</sup> This report lists and summarizes these forfeiture incidents to help provide transparency to the forfeiture process and to keep policymakers and the public informed on the nature and frequency of property seized subject to forfeiture.<sup>4</sup>

This report provides information on the cash and property seized subject to forfeiture in 2007.<sup>5</sup> Forfeitures are considered complete in the year in which a final decision is rendered on the seized property regardless of the date the property is initially seized. At that time, items are sold, retained for law enforcement purposes, destroyed, forwarded to other law enforcement agencies, or returned to the owner.<sup>6</sup>

Pursuant to Minn. Stat. § 609.5315, subd. 5, cash or net proceeds from the sale of forfeited property (after administrative expenses and payment of liens are subtracted) are distributed in the following manner: 70 percent to the appropriate law enforcement agency; 20 percent to the county attorney or other prosecuting agency that handled the forfeiture; and 10 percent to be forwarded within 60 days after resolution of the forfeiture to the Treasury Division of the Minnesota Management and Budget Department.

Forfeitures that were completed in 2007 are detailed in the four tables in this report. Table 1 lists, by agency, those forfeitures in which the seized property was cash or was sold (pg. 14). The data in this table is sorted first by agency name and then by level of net proceeds. Table 2 summarizes forfeiture activity by agency (pg. 93). Table 3 lists all forfeitures completed in 2007 where the seized property was cash or was sold (pg. 98). This table is sorted in descending order by net proceeds. Table 4 lists all property that was retained for law enforcement purposes, destroyed, returned to owner, or forwarded to other law enforcement agencies (pg. 167). This table is sorted by law enforcement agency.

---

<sup>3</sup> Criminal and firearm forfeitures are authorized by Minn. Stat. §§ 609.531-609.5318. DUI offenses are authorized pursuant to Minn. Stat. § 169A.63 and are not required to be reported to the Office of the State Auditor.

<sup>4</sup> All forfeiture information in this report is self-reported by individual law enforcement agencies. The Office of the State Auditor does not audit this data.

<sup>5</sup> In Minn. Stat. §§ 609.531-609.5318, the subject of this report is described as “property seized” which is “subject to forfeiture.” Other terminology used in this report such as “forfeiture incidents” and “forfeitures” are intended to convey the same meaning.

<sup>6</sup> Property seized under Minn. Stat. §§ 609.531-609.5318 is subject to the orders and decrees of the court having jurisdiction over the forfeiture proceedings. Property seized in connection with a controlled substance offense and vehicles used in drive-by shootings are subject to administrative forfeiture procedures. The owner(s) of the seized property must be given written notice of the seizure, the intent to forfeit the property, and the right to obtain judicial review of the forfeiture. The court may order the return of seized property or find that the property is subject to forfeiture. If the forfeiture of property is related to controlled substances, the court may not issue an order of forfeiture while the alleged owner of the property is in custody and the related criminal proceedings are pending against the alleged owner. Forfeitures are not complete until all related judicial and administrative proceedings have been completed.

## Background

---

State laws governing property that is subject to criminal forfeiture proceedings, and the actual disposition of the forfeited property have changed considerably since their inception in 1971.

- In 1971, the Legislature authorized law enforcement agencies making an arrest involving a controlled substance to seize property associated with the use or transportation of the controlled substance. Upon conviction of the offense, the individual forfeited the seized property to the local law enforcement agency. Legislation authorized local law enforcement agencies to use forfeited property for law enforcement purposes or sell the property and use the proceeds of the sale for authorized agency activities and to destroy forfeited contraband.
- In 1973, the Legislature authorized the seizure and subsequent forfeiture of money that was deemed to be related to the commission of an offense involving a controlled substance. The 1973 law prescribed a more detailed process for criminal forfeitures. It also directed that half of all proceeds from the sale of forfeited property, and half of all of the forfeited cash, be forwarded to the state drug abuse authority. The state drug abuse authority was directed to use its share of the proceeds for the care and treatment of individuals with drug-related disorders. The remaining half of the proceeds from the sale of forfeited property would continue to be used by the local law enforcement agency.
- In 1984, the Legislature expanded the items that are subject to criminal forfeiture to include all money, precious metals, gems, negotiable instruments, securities, and property or things of value. The 1984 law further stipulated that “all moneys, precious metals, and gems found in proximity to controlled substances or in proximity to any equipment or records pertaining to a controlled substance, are subject to forfeiture.” It also revised the formula for distributing forfeited cash and the net proceeds from the sale of forfeited property. Under the 1984 revision, the state retained one-third of the cash and net proceeds for the care and treatment of individuals with drug-related disorders. The remaining two-thirds of the net proceeds were to be shared equally between the law enforcement agency making the initial arrest and the prosecuting agency.
- In 1988, the Legislature significantly expanded the list of criminal offenses that could result in the forfeiture of cash and personal property. In addition to controlled substance-related forfeitures, the Legislature authorized forfeitures of cash and property related to the commission of a variety of other criminal offenses including: murder, aggravated assault, criminal sexual conduct, criminal vehicular homicide, robbery, kidnapping, prostitution, bribery, fraud, and theft. The 1988 law also amended the formula used to distribute forfeited cash and the proceeds from the sale of forfeited property. The new formula directed that 70 percent of the cash and net proceeds be used by the law enforcement agency initiating the forfeiture action, 20 percent of the cash and net proceeds be distributed to the prosecuting agency, and the remaining 10 percent of the cash and net proceeds be forwarded to the state for deposit in the state’s General Fund.

- In 1992, legislative interest in the nature and extent of criminal forfeitures increased throughout the state. This increased interest resulted in a legislatively-imposed requirement that law enforcement agencies report all criminal forfeitures to the Office of the State Auditor. The new reporting requirement mandated that the reports be filed monthly and include the amount forfeited, date, and a brief description of the circumstances involved.
- In 1993, the Legislature passed legislation that prohibited law enforcement agencies from selling forfeited firearms. The provision required that all forfeited weapons, ammunition, and firearm accessories be destroyed unless retained for law enforcement purposes.
- In 1994, the Legislature amended the forfeiture statutes to require law enforcement agencies to report to the Office of the State Auditor “the number of firearms forfeited, and the make, model, and serial number of each firearm forfeited.”
- In 1995, the Legislature expanded DUI-related forfeiture statutes to include offenses involving snowmobiles, all-terrain vehicles, boats, and automobiles. A vehicle used in an incident that results in a third impaired driving conviction in five years or a fourth conviction within fifteen years is subject to forfeiture. The legislation also required law enforcement agencies to report these forfeitures to the Office of the State Auditor on an annual basis.
- Due to the 1997 legislative repeal of Minn. Stat. § 84.912, subd. 10, and § 86B.337, subd. 10, the requirement to report information on DUI-related forfeitures to the Office of the State Auditor was eliminated.
- In 1999, the Legislature amended Minn. Stat. § 609.5315, subd. 1, to allow law enforcement agencies to sell forfeited firearms to federally-licensed firearms dealers. Hennepin and Ramsey County Boards were given authorization to ban the sale of forfeited firearms by their respective sheriff departments. The Boards subsequently voted to continue the ban.

---

## 2007 Forfeiture Activity

---

In 2007, 217 Minnesota law enforcement agencies (4 more agencies than in 2006) reported a total of 4,931 incidents of property seized subject to forfeiture. This number represents an increase of 43 forfeiture incidents, or 0.9 percent more than the number reported in 2006. In addition to the 217 law enforcement agencies that completed forfeitures in 2007, 200 agencies reported that they had no forfeitures, and 88 did not file reports with the Office of the State Auditor.

Gross sales of forfeited property or seized cash totaled \$4,866,485 in 2007, up 24.2 percent from the \$3,918,321 reported in 2006. Administrative expenses and lien holder's obligations grew 9.7 percent between 2006 and 2007, rising from \$499,377 in 2006 to \$547,835 in 2007.<sup>7</sup> Net proceeds totaled \$4,318,651 in 2007, which was 26.3 percent more than the \$3,418,944 reported in 2006. While the number of completed forfeiture incidents increased just 0.9 percent, the value of the forfeited property was significantly greater than in 2006. In part, this reflects the increase in the number of cash forfeitures, which rose from 2,085 in 2006 to 2,487 in 2007, an increase of 19.3 percent. The value of cash forfeitures rose 29.2 percent over the two-year period.

The sharp increase in net proceeds (26.3 percent) between 2006 and 2007 reflects a substantial increase in the number and value of cash forfeitures. In general, cash forfeitures have a much lower level of expenses associated with them. There was a 19.3 percent increase in cash forfeitures between 2006 and 2007, while vehicle forfeitures declined 2.2 percent. Generally, vehicles generate higher expenses (storage- and auction-related) and may have liens that must be paid. When a greater number of vehicles are forfeited in a given year (as was the case in 2006), it is likely that there will be higher administrative costs. Total liens and expenses increased 9.7 percent between 2006 and 2007, which was less than half the increase of the gross sales (24.2 percent) or net proceeds (26.3 percent).

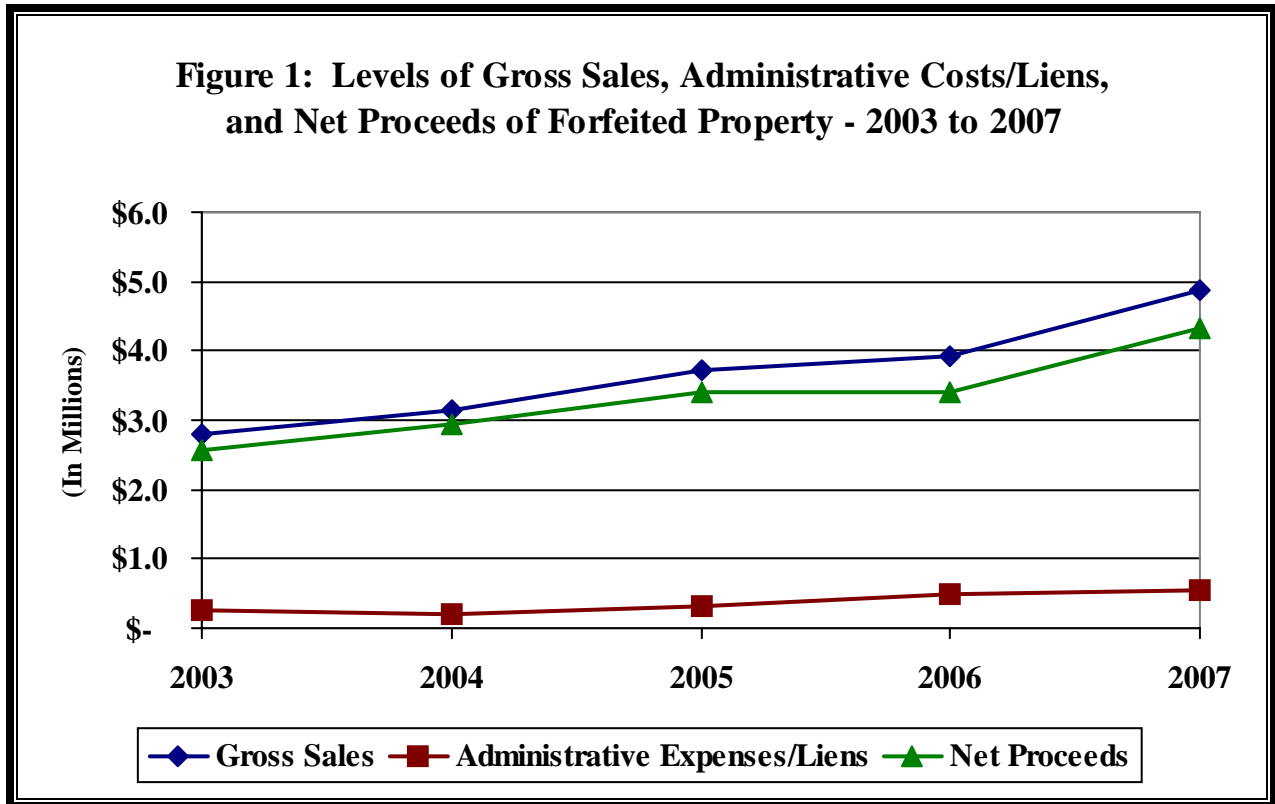

Of the 4,931 forfeiture incidents reported, 3,490 involved seized cash or seized property that was sold. Net proceeds involving agencies receiving cash or selling property ranged from negative \$8,646 to \$127,100.<sup>8</sup> Net proceeds per forfeiture incident averaged \$1,237. Table 3 on page 98 shows net proceeds for distribution by cash and property sold, sorted by net proceeds.

---

<sup>7</sup> Expenses deducted may include towing, storage, and sale fees for vehicles. For drug forfeitures, expenses may include payoffs to informants, drug purchases, or other expenses incurred in developing the case.

<sup>8</sup> A loss may occur where the expenses from the sale of the item are greater than the gross amount received. Agencies also received cash for property returned to an owner by agreement where owners would pay a set amount agreed to by both parties.

Figure 1 below shows the five-year trend in the gross sales, expenses/liens, and net proceeds of seized property that was either cash or was sold.

Over the five-year period there has been a steady increase in total gross sales, expenses and liens, and net proceeds. The number of reported forfeiture incidents rose from 2,635 in 2003 to 4,931 in 2007. The growth reflects a cooperative effort between law enforcement agencies and the Office of the State Auditor to clarify reporting requirements and improve communication to enable timely reporting of completed forfeitures.

### Forfeiture Proceeds Forwarded to the State

Pursuant to Minn. Stat. § 609.5315, subd. 5, cash or net proceeds from the sale of forfeited property (after administrative expenses and payment of liens are subtracted) are distributed in the following manner: 70 percent to the appropriate law enforcement agency; 20 percent to the county attorney or other prosecuting agency that handled the forfeiture; and 10 percent to be forwarded within 60 days after resolution of the forfeiture to the Treasury Division of the Minnesota Management and Budget Department. In 2007, 3,439 incidents resulted in forfeitures, 303 resulted in an agreement, 242 incidents resulted in court-ordered return to the owner, and 947 resulted in other disposition. Of the 3,439 incidents that resulted in a forfeiture of property, the net amount for distribution was \$3,901,757, of which 10 percent goes to the Treasury Division.<sup>9</sup>

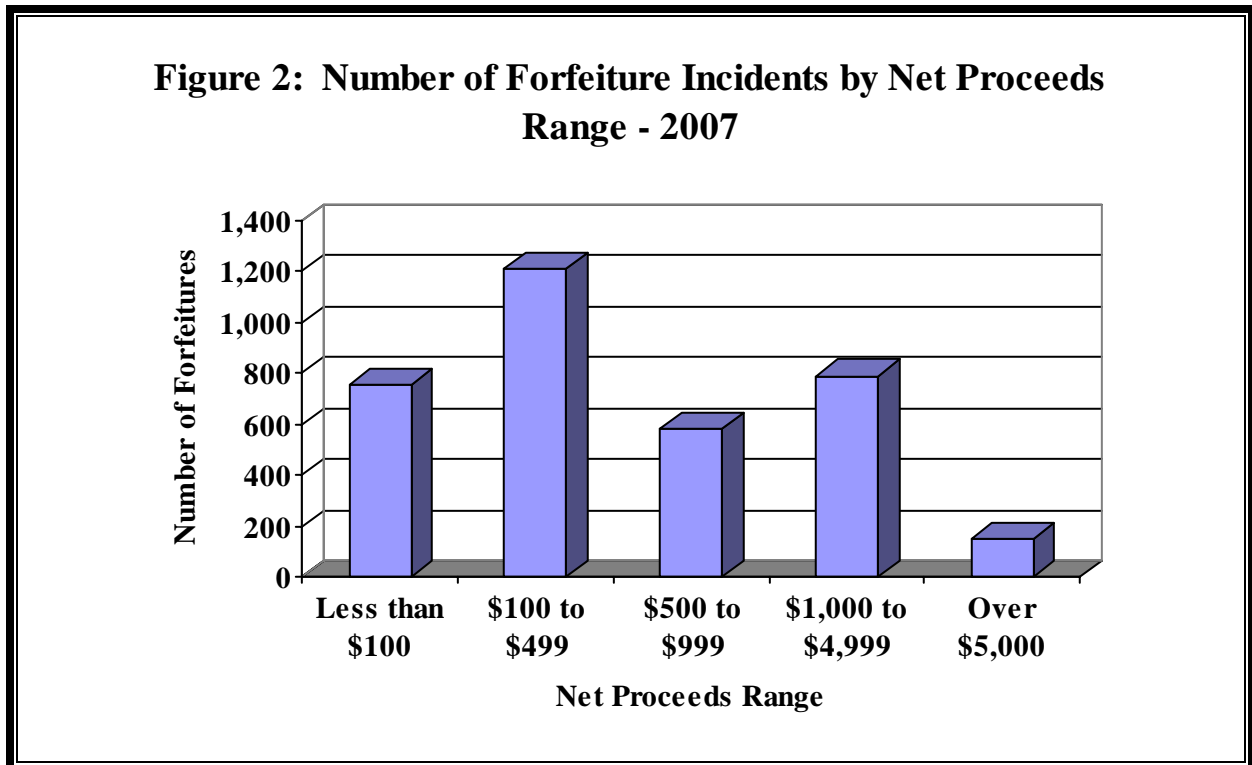

<sup>9</sup> Agreements that are completed by the agency and the property owner may involve the agency keeping 100 percent of the proceeds or the relevant county or city attorney receiving 20 percent of the proceeds. These types of agreements result in no funds being forwarded to the state. Some agencies, especially those that do not own their own impound lots, develop a loss in holding the property before the forfeiture is completed and, therefore, have no proceeds to distribute.

## Range in Net Proceeds Level

Law enforcement agencies receive funds derived from forfeitures in three primary ways: the item forfeited was cash, the forfeited item was sold, or an agreement required monetary compensation to the agency. An analysis of the net proceeds of these incidents showed the following:

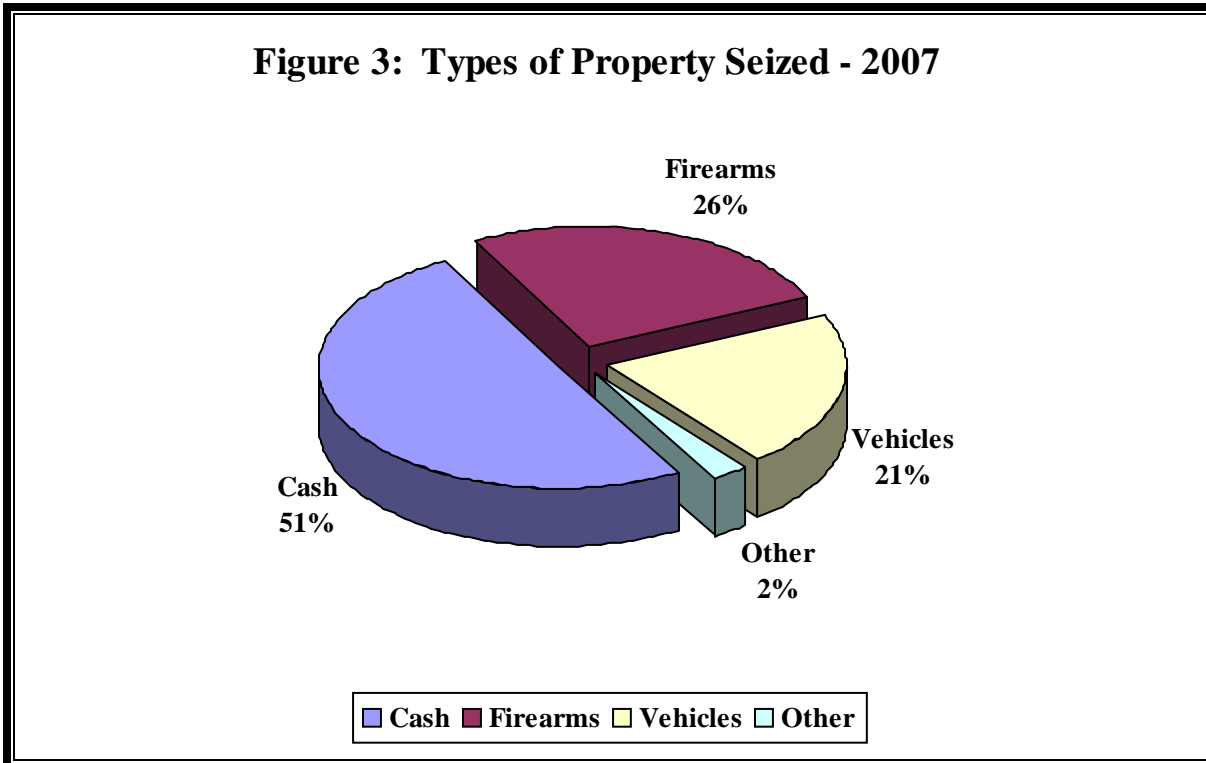

- 756 (21.7 percent) forfeitures were less than \$100 (including losses).
- 1,205 (34.5 percent) forfeitures ranged from \$100 to \$499.
- 585 (16.8 percent) forfeitures ranged from \$500 to \$999.
- 790 (22.6 percent) forfeitures ranged from \$1,000 to \$4,999.
- 154 (4.4 percent) forfeitures were greater than \$5,000.

Figure 2 below shows the distribution of forfeitures by net proceeds range.

## Type of Property

Figure 3 below shows the type of property seized subject to forfeiture in 2007. While the percentages changed markedly in some cases, the relative distribution of property seized remained the same as in 2006. Cash accounted for 51 percent (42 percent in 2006) of property seized, followed by firearms at 26 percent (34 percent in 2006), vehicles at 21 percent (22 percent in 2006), and other property at 2 percent (the same as 2006).

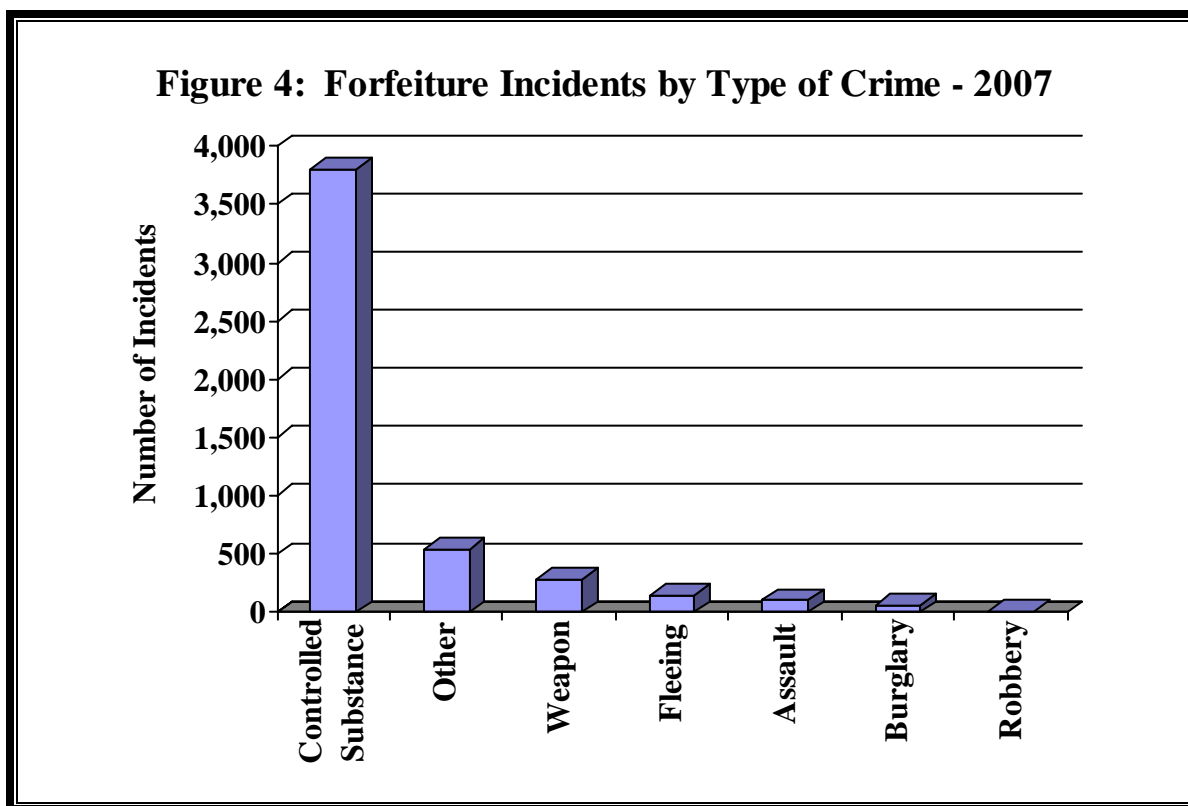

## Criminal Forfeiture Activity by Law Enforcement Agency

The 217 law enforcement agencies reporting criminal forfeiture incidents in 2007 included county sheriff's departments, city police departments, various drug task forces, and the Minnesota State Patrol. The agencies with the most forfeiture incidents in 2007 were: the Minneapolis Police Department (1,186), the Minnesota State Patrol (460), the Southeast Minnesota Drug Task Force (293), the Anoka-Hennepin Drug Task Force (274), and the Dakota County Drug Task Force (210). Forfeiture incidents are an infrequent occurrence for most law enforcement agencies, with many smaller agencies forwarding forfeiture incidents to a narcotics task force (see map on page 209).

## Type of Crime

Criminal activity involving a controlled substance accounted for 3,797 (77 percent) of the 4,931 forfeiture incidents reported in 2007. The remaining incidents involved weapons, assault, fleeing, burglary, robbery, and “other” crimes. The “other” category includes alcohol infractions, murder, prostitution and crimes not classified or provided by the reporting agency. Figure 4 below shows forfeiture incidents by type of crime.

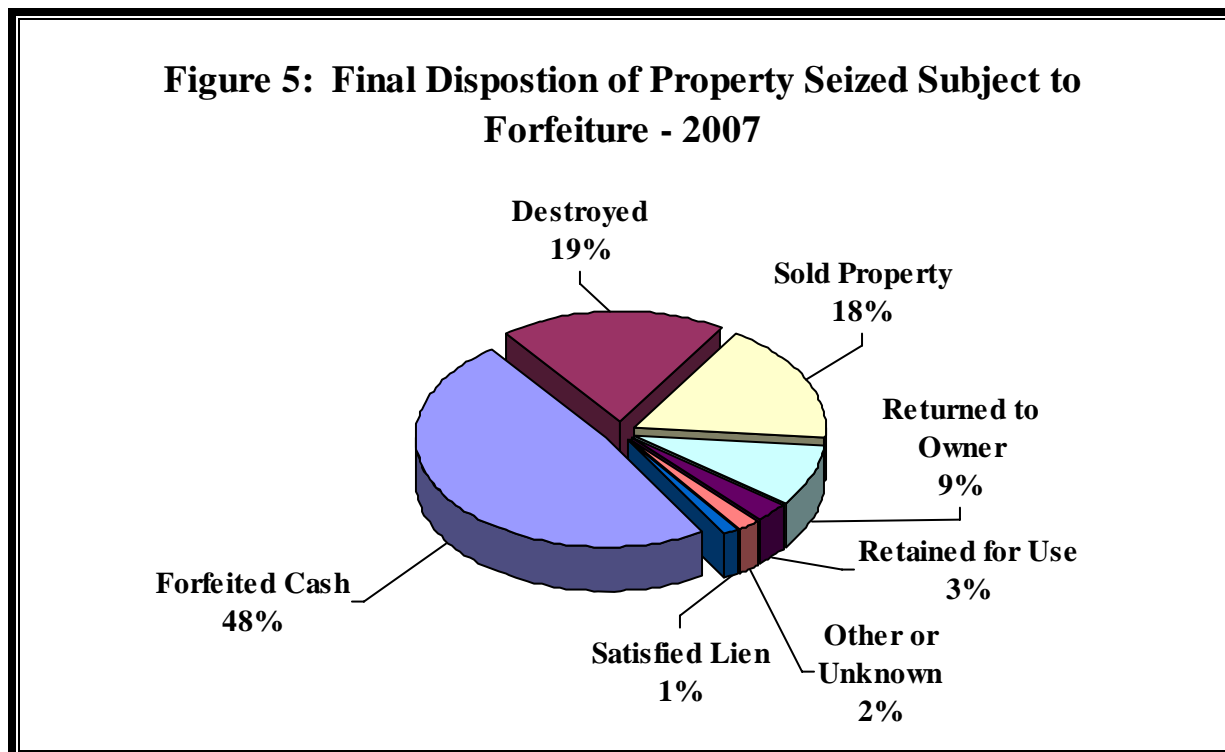

## Forfeited Property Destroyed, Retained, or Forwarded to Other Agency

In addition to selling forfeited property, law enforcement agencies have the authority to destroy property that is harmful to the public, retain property for official use by the agency, return the seized property upon court order or agreement, or forward property to a state or federal agency (usually the Drug Enforcement Administration). When the final disposition of seized property is one of those listed above, there are no net proceeds transmitted to the Treasury Division of the Minnesota Management and Budget Department. If property retained for official use is later sold, the net proceeds are apportioned according to Minn. Stat. § 609.5315, subd. 5.

In 2007, 137 forfeitures resulted in property being retained by the agency or forwarded to another agency, 942 forfeitures resulted in property being destroyed, 71 forfeitures were used to resolve liens against the property, and in 444 cases, the seized property was returned to the owner upon agreement or court order. The “other” category in Figure 5 includes any other disposition of property not previously classified, and accounted for 114 forfeiture incidents.

## Final Disposition of Property

Law enforcement agencies reported a final disposition for 4,931 incidences of seized property in 2007. In the figure below, the agency-reported category of disposition is used. There are many instances where the final disposition could be classified differently. For example, a vehicle listed as “returned to the owner” may have also included a monetary payment to the law enforcement agency per an agreement. Some agencies may have classified that as sold property. Figure 5 below shows the final disposition of all 4,931 forfeitures completed in 2007.

## Property or Proceeds Shared With Other Agency

Law enforcement agencies frequently work together, especially on drug-related offenses. Law enforcement agencies working on a case often share the cash proceeds from drug-related criminal forfeitures. Sharing of property or proceeds occurs most frequently in narcotics task forces, where proceeds are split amongst the contributing agencies. The cash proceeds are divided among the cooperating agencies after the proceeds are distributed in accordance with Minn. Stat. § 609.5315, subd. 5.

## Agencies Reporting No Forfeitures in 2007

Not all law enforcement agencies in the state process property for forfeiture. For 2007, 200 agencies reported that they did not process any property under the forfeiture statutes (see Appendix 1). As previously mentioned, reported forfeitures do not include DUI-related forfeitures. This does not mean that forfeitable offenses do not occur in these jurisdictions, but rather it is often cost-prohibitive for these agencies to take advantage of the forfeiture statutes due to their limited size. Many agencies forward their forfeitures to the task force in their jurisdiction. Appendix 2 contains a map of the narcotics task forces throughout the state.
