Decertified TIF District Form Reminder

The OSA has not yet received a Confirmation of Decertified TIF District Form from some districts that were scheduled to decertify in 2013. Decertification is the termination of a TIF district which occurs when the county auditor removes all parcels from a district and the district no longer receives tax increment. When a district is decertified, the confirmation form should be submitted to the OSA within 90 days. The authority initiates the form by completing part A, then the county must complete part B. However, the authority is ultimately responsible for ensuring the completed form is submitted to the OSA.

The form verifies that the authority and county are in agreement that a district is decertified. It also confirms the date on which it was decertified, the amount and date of the final distribution, and whether any increment was returned to the county as of the date of the form.

Increment that is expected to be returned after the form has been submitted should not delay submission of this form. Increment that is returned after the form has been submitted is reported on the TIF Annual Reporting Form. If a district is decertified early, a copy of the resolution authorizing the early decertification must be submitted to the OSA.
