## Office of the State Auditor

**Rebecca Otto**  
**State Auditor**

---

**MILLE LACS COUNTY**  
**MILACA, MINNESOTA**

FOR THE YEAR ENDED DECEMBER 31, 2006

## **Description of the Office of the State Auditor**

The mission of the State Auditor's Office is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 160 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

**Audit Practice** - conducts financial and legal compliance audits of local governments;

**Government Information** - collects and analyzes financial information for cities, towns, counties, and special districts;

**Legal/Special Investigations** - provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law; as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;

**Pension** - monitors investment, financial, and actuarial reporting for approximately 730 public pension funds; and

**Tax Increment Financing** - promotes compliance and accountability in local governments' use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

### INDEPENDENT AUDITOR'S REPORT

Board of County Commissioners  
Mille Lacs County

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Mille Lacs County, Minnesota, as of and for the year ended December 31, 2006, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Mille Lacs County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Mille Lacs County as of December 31, 2006, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis and the required supplementary information listed in the table of contents are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We

have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was made for the purpose of forming opinions on the financial statements that collectively comprise Mille Lacs County's basic financial statements. The supplementary information and other schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 28, 2007, on our consideration of Mille Lacs County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

This page was left blank intentionally.

**MILLE LACS COUNTY  
MILACA, MINNESOTA**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
DECEMBER 31, 2006  
(Unaudited)**

Mille Lacs County's Management's Discussion and Analysis (MD&A) provides an overview of the County's financial activities for the fiscal year ended December 31, 2006. We encourage readers to consider the information presented here in conjunction with the County's basic financial statements following this section. All amounts, unless otherwise indicated, are expressed in whole dollars.

**FINANCIAL HIGHLIGHTS**

- Governmental activities' total net assets are \$56,586,664, of which Mille Lacs County has invested \$40,705,490 in capital assets, net of related debt, and \$1,187,884 is restricted to specific purposes/uses by the County.
- The net cost of Mille Lacs County's governmental activities for the year ended December 31, 2006, was \$11,458,959; the net cost was funded by general revenues and other items totaling \$14,975,014.
- At the close of 2006, Mille Lacs County's governmental funds reported combined ending fund balances of \$17,425,373, a decrease of \$963,808 from the previous year-end balance. At the end of the year, Mille Lacs County's unreserved fund balance totaled \$12,631,943, which is available for spending at the County Board's discretion.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

Mille Lacs County's MD&A serves as an introduction to the basic financial statements. The County's basic financial statements consist of three parts: government-wide financial statements, fund financial statements, and notes to the financial statements. The MD&A (this section) and certain budgetary comparison schedules are required to accompany the basic financial statements and, therefore, are included as required supplementary information. The following chart demonstrates how the different pieces are inter-related.

<b>Management’s Discussion and Analysis</b> (Required Supplementary Information)
---

<b>Government-Wide Financial Statements</b>	<b>Fund Financial Statements</b>
<b>Notes to the Financial Statements</b>	

<b>Required Supplementary Information</b> (Other than Management’s Discussion and Analysis)
--

Mille Lacs County presents two government-wide financial statements. They are the Statement of Net Assets and the Statement of Activities. These two government-wide financial statements provide information about the activities of the County as a whole and present a longer-term view of Mille Lacs County’s finances. The County’s fund financial statements follow these two government-wide financial statements. For governmental activities, these statements tell how Mille Lacs County financed these services in the short term as well as what remains for future spending. Fund financial statements also report the County’s operations in more detail than the government-wide statements by providing information about the County’s most significant/major funds. The remaining statement provides financial information about activities for which the County acts solely as a trustee or agent for the benefit of those outside of the government.

**Government-Wide Financial Statements--The Statement of Net Assets and the Statement of Activities**

The Statement of Net Assets and the Statement of Activities report information about Mille Lacs County as a whole and about its activities in a way that helps the reader determine whether Mille Lacs County’s financial condition has improved or declined as a result of the current year’s activities. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies.

These two statements consider all of Mille Lacs County’s current year revenues and expenses, regardless of when the County receives the revenue or pays the expenditure, and report the County’s net assets and changes in them. You can think of the County’s net assets--the difference between assets and liabilities--as one way to measure Mille Lacs County’s financial health or financial position. Over time, increases or decreases in the County’s net assets are one indicator of whether its financial health is improving or deteriorating. You will need to consider other non-financial factors, however, such as changes in the County’s property tax base and the general economic conditions of the state and County, to assess the overall health of Mille Lacs County.

Governmental activities--Mille Lacs County reports its basic services in the "Governmental Activities" column of these reports. The activities reported by the County include general government, public safety, highways and streets, sanitation, human services, health, culture and recreation, conservation of natural resources, economic development, and interest. Mille Lacs County finances the majority of these activities with local property taxes, state-paid aids, fees, charges for services, and federal and state grants.

### **Fund Financial Statements**

Mille Lacs County's fund financial statements provide detailed information about the significant funds--not the County as a whole. Significant governmental and fiduciary funds may be established by the County to meet requirements of a specific state law, to help control and manage money for a particular purpose/project, or to show that it is meeting specific legal responsibilities and obligations when expending property tax revenues, grants, and/or other funds designated for a specific purpose.

Governmental funds--Most of Mille Lacs County's basic services are reported in governmental funds, which focus on how money flows in and out of those funds and the balances left at year-end that are available for spending. These funds are reported in the financial statements using an accounting method called modified accrual accounting. This accounting method measures cash and other financial assets that the County can readily convert to cash. The governmental fund statements provide a detailed short-term view of the County's general government operations and the basic services it provides. Governmental fund information helps determine whether financial resources are available that can be spent in the near future to finance various programs within Mille Lacs County. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds in a reconciliation statement following each governmental fund financial statement.

### **Reporting the County's Fiduciary Responsibilities**

Mille Lacs County is the trustee, or fiduciary, over assets that can be used only for the trust beneficiaries based on the trust arrangement. The County reports all of its fiduciary activities in separate Statements of Fiduciary Net Assets and Changes in Fiduciary Net Assets. These activities have been excluded from the County's other financial statements because the County cannot use these assets to finance its operations. Mille Lacs County is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

## THE COUNTY AS A WHOLE

The analysis below focuses on the net assets (Table 1) and changes in net assets (Table 2) of the County's governmental activities.

**Table 1**  
**Net Assets**

	<u>2006</u>	<u>2005</u>
Current and other assets	\$ 22,803,316	\$ 22,310,737

	<u>\$ 25,187,601</u>	<u>\$ 23,915,450</u>
Total Expenses		
Increase in Net Assets	\$ 3,516,055	\$ 1,506,304
Net Assets, January 1	<u>53,070,609</u>	<u>51,564,305</u>
Net Assets, December 31	<u>\$ 56,586,664</u>	<u>\$ 53,070,609</u>

### **Governmental Activities**

Revenues for Mille Lacs County's governmental activities for the year ended December 31, 2006, were \$28,703,656. The County's cost for all governmental activities for the year ended December 31, 2006, was \$25,187,601. The net assets for the County's governmental activities increased by \$3,516,055 in 2006.

As shown in the Statement of Activities, the amount that Mille Lacs County taxpayers ultimately financed for these governmental activities through local property taxation was \$11,254,609, because \$3,494,097 of the costs were paid by those who directly benefited from the programs, and \$10,234,545 was paid by other governments and organizations that subsidized certain programs with grants and contributions. Mille Lacs County paid for the remaining "public benefit" portion of governmental activities with \$2,632,578 in grants and contributions not restricted to specific programs and \$1,087,827 in other revenues, such as investment income, mortgage registry tax, and state deed tax.

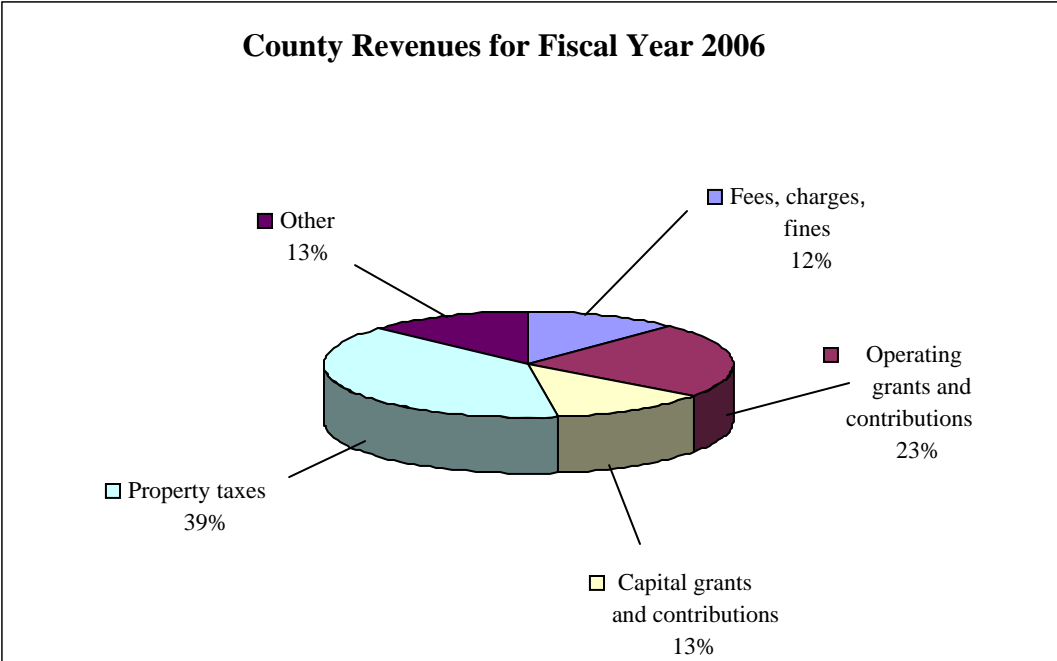

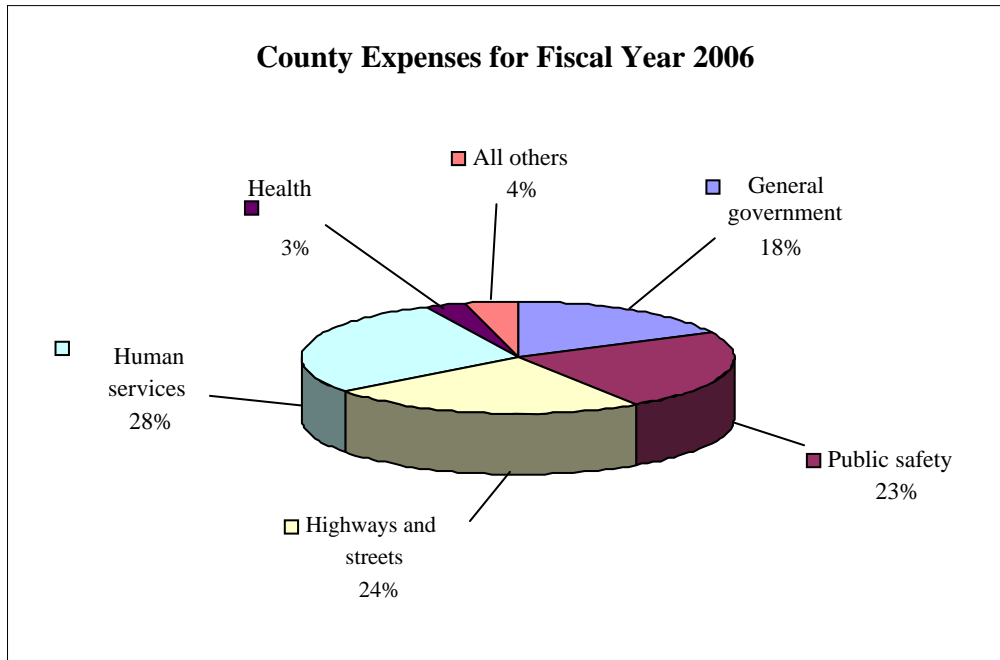

Table 3 presents the cost of each of Mille Lacs County’s five largest program functions as well as each function’s net cost (total cost, less revenues generated by the activities). The net cost shows the financial burden placed on Mille Lacs County’s taxpayers by each of these functions.

**Table 3  
Governmental Activities**

	Total Cost of Services 2006	Net Cost of Services 2006
	<hr/>	<hr/>
Program expenses		
General government	\$ 4,487,808	\$ 2,840,386

Highways and streets	5,982,644	635,398
Human services	7,181,712	2,874,057
Health	716,770	269,158
All others	1,003,315	573,881
	<hr/>	<hr/>
Total Program Expenses	<u>\$ 25,187,601</u>	<u>\$ 11,458,959</u>

## **THE COUNTY'S FUNDS**

As Mille Lacs County completed the year, its governmental funds as presented in the balance sheet reported a combined fund balance of \$17,425,373.

### **General Fund Budgetary Highlights**

The Mille Lacs County Board of Commissioners, over the course of a budget year, may amend/revise the County's General Fund budget. During 2006, the County Board of Commissioners made no changes to the budget as originally adopted on December 20, 2005. Budget amendments/revisions fall into one of three categories: new information changing original budget estimations, greater than anticipated revenues or costs, and final agreement reached on employee contracts.

In the General Fund, the actual revenues were above the expected revenues by \$1,751,906, and actual expenditures were \$1,866,256 greater than budgeted expenditures.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

### Capital Assets

At the end of 2006, Mille Lacs County had \$45,685,490 invested in a broad range of capital assets, net of depreciation. This investment in capital assets includes land, land improvements, buildings, highways and streets, and equipment (see Table 4 below).

**Table 4**  
**Capital Assets at Year-End**  
**(Net of Depreciation)**

	2006	2005
Land	\$ 1,360,055	\$ 1,269,918
Construction in progress	2,361,995	-
Land improvements	253,154	273,496
Buildings	5,408,777	5,559,120
Machinery and equipment	2,066,073	1,611,634
Infrastructure	<u>34,235,436</u>	<u>33,761,532</u>
Total	<u>\$ 45,685,490</u>	<u>\$ 42,475,700</u>

### Debt Administration

At December 31, 2006, Mille Lacs County had \$8,535,000 in bonds and notes outstanding, compared with \$8,925,000 as of December 31, 2005--a decrease of 4.4 percent--as shown in Table 5.

**Table 5**  
**Outstanding Debt at Year-End**

Bonds and Notes Payable	Governmental Activities		Percent Change (%)
	2006	2005	
1997 G.O. Law Enforcement Center Bonds	\$ 3,675,000	\$ 3,870,000	(5.0)
1998 HRA Lease Revenue Bonds	1,305,000	1,375,000	(5.1)
2003 G.O. Capital Notes	-	125,000	N/A
2005 G.O. Law Enforcement Center Refunding Bonds	<u>3,555,000</u>	<u>3,555,000</u>	0.0
Total	<u>\$ 8,535,000</u>	<u>\$ 8,925,000</u>	(4.4)

Other long-term obligations include a liability to the East Central Solid Waste Commission and compensated absences. Mille Lacs County's notes to the financial statements provide detailed information about the County's long-term liabilities.

## **ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

The County's elected and appointed officials considered many factors when setting the fiscal year 2006 budget and tax rates.

- Major revenue sources for the County are state-paid aids, credits, and grants. Should the State of Minnesota significantly reduce these revenues or pass on costs to the County, it would have a significant impact on next year's budget.
- Mille Lacs County's annual unemployment rate for 2006 was 6.7 percent. This is significantly above the state-wide rate of 4.0 percent and the national rate of 4.6 percent.
- Land development and regulation issues.
- Reviewing revenue sources and considering cost-effective and efficient means for the delivery of Mille Lacs County programs and services will influence the development of future budgets.

## **CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT**

Mille Lacs County's financial report provides citizens, taxpayers, customers, investors, and creditors with a general overview of Mille Lacs County's finances and shows the County's accountability for the money it receives and spends. If you have questions about this report, or need additional financial information, contact Philip Thompson, Mille Lacs County Auditor/Treasurer (320-983-8310), Mille Lacs County Courthouse, 635 - 2nd Street S.E., Milaca, Minnesota 56353.

**EXHIBIT 6**

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND  
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE  
GOVERNMENT-WIDE STATEMENT OF ACTIVITIES--GOVERNMENTAL ACTIVITIES  
FOR THE YEAR ENDED DECEMBER 31, 2006**

**Net change in fund balances - total governmental funds (Exhibit 5)** **\$ (1,000,515)**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Expenditures for general capital assets and infrastructure	\$ 4,778,856	
Current year depreciation	(1,569,066)	3,209,790

In the funds, under the modified accrual basis, receivables not available for expenditure are deferred. In the statement of activities, those revenues are recognized when earned. The adjustment to revenue between the fund statements and the statement of activities is the increase (decrease) in revenues deferred as unavailable.

Deferred revenue - December 31	\$ 3,533,130	
Deferred revenue - January 1	(2,784,450)	748,680

The issuance of long-term debt (bonds and leases) provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets.

Principal repayments		
General obligation bonds	\$ 195,000	
Lease revenue bonds	70,000	
General obligation capital notes	125,000	
East Central Solid Waste Commission liability	268,470	658,470

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in matured interest payable	\$ 5,414	
Change in compensated absences	(134,611)	
Change in inventories	36,707	
Current year amortization of issuance costs, discounts, and premiums	(7,880)	(100,370)

**Change in net assets of governmental activities (Exhibit 2)** **\$ 3,516,055**

**NOTES TO THE FINANCIAL STATEMENTS  
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2006**

---

1. Summary of Significant Accounting Policies

The County's financial statements are prepared in accordance with generally accepted accounting principles (GAAP) as of and for the year ended December 31, 2006. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (statements and interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board issued through November 30, 1989, (when applicable) that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established in GAAP and used by the County are discussed below.

A. Financial Reporting Entity

Mille Lacs County was established May 23, 1857, and is an organized county having the powers, duties, and privileges granted counties by Minn. Stat. ch. 373. The County is governed by a five-member Board of Commissioners elected from districts within the County. The Board is organized with a chair and vice chair elected at the annual meeting in January of each year. The County Coordinator, who is an appointed officer, serves as the Clerk of the Board of Commissioners but does not vote in its decisions.

For financial reporting purposes, Mille Lacs County has included all funds, organizations, account groups, agencies, boards, commissions, and authorities, and has considered all potential component units for which the County is financially accountable, and other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause Mille Lacs County's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the County to impose its will on that organization; or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the County.

As required by accounting principles generally accepted in the United States of America, these financial statements present Mille Lacs County (the primary government) and its component units for which the County is financially accountable.

**MILLE LACS COUNTY  
MILACA, MINNESOTA**

---

1. Summary of Significant Accounting Policies

A. Financial Reporting Entity (Continued)

Blended Component Unit

The Mille Lacs County Housing and Redevelopment Authority (HRA), a blended component unit of Mille Lacs County, is governed by a five-member Board consisting of the Mille Lacs County Board of Commissioners and has the power to levy taxes, issue bonds, and enter into contracts. The HRA was established to assist with the implementation of a redevelopment plan to promote economic development within Mille Lacs County. Although it is legally separate from the County, the activity of the HRA is included in the Mille Lacs County reporting entity as the Housing and Redevelopment Authority Special Revenue Fund because the HRA's governing body is the same as the governing body of Mille Lacs County. Separate financial statements are not available for the Mille Lacs County HRA.

Joint Ventures

The County participates in several joint ventures described in Note 5.C.

B. Basic Financial Statements

1. Government-Wide Statements

The government-wide financial statements (the statement of net assets and the statement of activities) display information about the primary government and its component unit. These statements include the financial activities of the overall County government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities, which normally are supported by taxes and intergovernmental revenue, are reported in a single column.

In the government-wide statement of net assets, the governmental activities column is presented: (a) on a consolidated basis and (b) is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The County's net assets are reported in three parts: (1) invested in capital assets, net of related debt; (2) restricted net assets; and (3) unrestricted net assets. The County first utilizes restricted resources to finance qualifying activities.

**MILLE LACS COUNTY  
MILACA, MINNESOTA**

---

1. Summary of Significant Accounting Policies

B. Basic Financial Statements

1. Government-Wide Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of each function of the County's governmental activities are offset by program revenues. Direct expenses are those clearly identifiable with a specific function or activity. Program revenues include: (1) fees, fines, and charges paid by the recipients of goods, services, or privileges provided by a given function or activity; and (2) grants and contributions restricted to meeting the operational or capital requirements of a particular function or activity. Revenues not classified as program revenues, including all taxes, are presented as general revenues.

2. Fund Financial Statements

The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category--governmental and fiduciary--are presented. The emphasis of governmental fund financial statements is on major individual governmental funds, with each displayed as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor funds.

The County reports the following major governmental funds:

The General Fund is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Road and Bridge Special Revenue Fund is used to account for revenues and expenditures of the County Highway Department, which is responsible for the construction and maintenance of roads, bridges, and other projects affecting County roadways.

The Welfare Special Revenue Fund is used to account for economic assistance and community social services programs.

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, principal, interest, and related costs of general long-term debt.

**MILLE LACS COUNTY  
MILACA, MINNESOTA**

---

1. Summary of Significant Accounting Policies

B. Basic Financial Statements

2. Fund Financial Statements (Continued)

The Capital Projects Fund is used to account for the financial resources to be used for capital acquisition, construction, or improvement of capital assets, exclusive of infrastructure (roads, bridges, etc.).

Additionally, the County reports the following fund types:

The Private-Purpose Trust Fund accounts for funds that the County Auditor/Treasurer is holding for the cemetery, missing heirs, and Court Administrator.

Agency funds are custodial in nature and do not present results of operations or have a measurement focus. These funds account for assets that the County holds for others in an agent capacity.

C. Measurement Focus and Basis of Accounting

The government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Mille Lacs County considers all revenues as available if collected within 60 days after the end of the current period. Property and other taxes, licenses, and interest are all considered susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, compensated absences, and claims and judgments, which are recognized as expenditures to the extent that they have matured. Proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources.

**MILLE LACS COUNTY  
MILACA, MINNESOTA**

---

1. Summary of Significant Accounting Policies

C. Measurement Focus and Basis of Accounting (Continued)

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first and then unrestricted resources as needed.

D. Assets, Liabilities, and Net Assets or Equity

1. Deposits and Investments

The cash balances of substantially all funds are pooled and invested by the County Auditor/Treasurer for the purpose of increasing earnings through investment activities. Pooled and fund investments are reported at their fair value at December 31, 2006, based on market prices. Pursuant to Minn. Stat. § 385.07, investment earnings on cash and pooled investments of governmental and fiduciary funds are credited to the General Fund. Other funds received investment earnings based on other state statutes, grant agreements, contracts, and bond covenants. Pooled investment earnings for 2006 were \$690,788.

Mille Lacs County invests in an external investment pool, the Minnesota Association of Governments Investing for Counties (MAGIC) Fund, which is created under a joint powers agreement pursuant to Minn. Stat. § 471.59. The MAGIC Fund is not registered with the Securities and Exchange Commission (SEC), but does operate in a manner consistent with Rule 2a-7 prescribed by the SEC pursuant to the Investment Company Act of 1940 (17 C.F.R. § 270.2a-7). Therefore, the fair value of the County's position in the pool is the same as the value of the pool shares.

2. Receivables and Payables

Activities between funds representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (the current portion of interfund loans) or "advances to/from other funds" (the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate they are not available for appropriation and are not expendable available financial resources.

**MILLE LACS COUNTY  
MILACA, MINNESOTA**

---

---

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, and Net Assets or Equity

2. Receivables and Payables (Continued)

Property taxes are levied as of January 1 on property values assessed as of the same date. The tax levy notice is mailed in March with the first half payment due May 15 and the second half payment due October 15. Unpaid taxes at December 31 become liens on the respective property and are classified in the financial statements as delinquent taxes receivable.

3. Inventories

All inventories are valued at cost using the first in/first out (FIFO) method. Inventories in governmental funds are recorded as expenditures when purchased rather than when consumed. Reported inventories are equally offset by reserved fund balance to indicate that they do not constitute available spendable resources.

4. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (for example, roads, bridges, and similar items), are reported in the government-wide financial statements. The County defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment of the County are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Land improvements	20 - 35
Buildings	25 - 40
Machinery and equipment	3 - 15
Infrastructure	15 - 70

**MILLE LACS COUNTY  
MILACA, MINNESOTA**

---

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, and Net Assets or Equity (Continued)

5. Compensated Absences

The liability for compensated absences reported in the financial statements consists of unpaid, accumulated annual and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included. Compensated absences are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

6. Deferred Revenue

All County funds and the government-wide financial statements defer revenue for resources that have been received, but not yet earned. Governmental funds also report deferred revenue in connection with receivables for revenues not considered to be available to liquidate liabilities of the current period.

7. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as an other financing source. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**MILLE LACS COUNTY  
MILACA, MINNESOTA**

---

---

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, and Net Assets or Equity (Continued)

8. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

9. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Stewardship, Compliance, and Accountability

A. Individual Fund Deficits of Equity Accounts

Ditch Special Revenue Fund

One of six drainage systems of the Ditch Special Revenue Fund has incurred expenditures in excess of revenues and available resources. This deficit will be eliminated with future special assessment levies against benefited properties. The following summary shows the fund balance as of December 31, 2006.

Account balances	\$ 39,598
Account balance deficits	<u>(3,812)</u>
Fund Balance	<u>\$ 35,786</u>

Community Health Services Special Revenue Fund

The Community Health Services Special Revenue had a deficit fund balance of \$4,133 as of December 31, 2006. This deficit will be eliminated by future allocations from the General Fund.

**MILLE LACS COUNTY  
MILACA, MINNESOTA**

2. Stewardship, Compliance, and Accountability (Continued)

B. Excess of Expenditures over Appropriations

The following funds had expenditures in excess of budget at the function level for the year ended December 31, 2006.

	<u>Expenditures</u>	<u>Final Budget</u>	<u>Excess</u>
General Fund			
Current			
Public safety	\$ 5,790,580	\$ 5,731,285	\$ 59,295

3. Detailed Notes on All Funds

A. Assets

1. Deposits and Investments (Continued)

a. Deposits

Minn. Stat. §§ 118A.02 and 118A.04 authorize the County to designate a depository for public funds and to invest in certificates of deposit. Minn. Stat. § 118A.03 requires that all County deposits be protected by insurance, surety bond, or collateral. The market value of collateral pledged shall be at least ten percent more than the amount on deposit plus accrued interest at the close of the financial institution's banking day, not covered by insurance or bonds.

Authorized collateral includes treasury bills, notes and bonds; issues of U.S. government agencies; general obligations rated "A" or better, revenue obligations rated "AA" or better; irrevocable standby letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minnesota statutes require that securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution not owned or controlled by the financial institution furnishing the collateral.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a financial institution failure, the County's deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk, other than complying with the requirements of Minnesota statutes. As of December 31, 2006, the County's deposits were not exposed to custodial credit risk.

3. Detailed Notes on All Funds

A. Assets

1. Deposits and Investments (Continued)

b. Investments

Minn. Stat. §§ 118A.04 and 118A.05 generally authorize the following types of investments as available to the County:

- (1) securities which are direct obligations or are guaranteed or insured issues of the United States, its agencies, its instrumentalities, or organizations created by an act of Congress, except mortgage-backed securities defined as “high risk” by Minn. Stat. § 118A.04, subd. 6;
- (2) mutual funds through shares of registered investment companies provided the mutual fund receives certain ratings depending on its investments;
- (3) general obligations of the State of Minnesota and its municipalities, and in certain state agency and local obligations of Minnesota and other states provided such obligations have certain specified bond ratings by a national bond rating service;
- (4) bankers’ acceptances of United States banks;
- (5) commercial paper issued by United States corporations or their Canadian subsidiaries that is rated in the highest quality category by two nationally recognized rating agencies and matures in 270 days or less; and
- (6) with certain restrictions, in repurchase agreements, securities lending agreements, joint powers investment trusts, and guaranteed investment contracts.

Interest Rate Risk

Interest rate risk is the risk that changes in the market interest rates will adversely affect the fair value of an investment.

**MILLE LACS COUNTY  
MILACA, MINNESOTA**

3. Detailed Notes on All Funds

A. Assets

1. Deposits and Investments

b. Investments (Continued)

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. It is the County's policy to invest only in securities that meet the ratings requirements set by state statute.

Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The County does not have a policy on custodial credit risk. At December 31, 2006, none of the County's investments were subject to custodial credit risk.

Concentration of Credit Risk

The concentration of credit risk is the risk of loss that may be caused by the County's investment in a single issuer. It is the County's policy that U.S. Treasury securities, U.S. Agency securities, and obligations backed by U.S. Treasury and/or U.S. Agency securities, may be held without limit.

B. Interfund Receivables, Payables, and Transfers

The composition of interfund balances as of December 31, 2006, was as follows:

1. Due To/From Other Funds

	Receivable	Payable
Major Governmental Funds		
General Fund	\$ 16,964	\$ -
Welfare	-	16,964
Total Due To/From Other Funds	\$ 16,964	\$ 16,964

The interfund balances above represent fourth quarter 2006 postage and long distance phone charges for the Welfare Fund.

2. Advances From/To Other Funds

	Advances To	Advances From
Major Governmental Funds		
General Fund	\$ 3,812	\$ -
Nonmajor Governmental Funds		
Ditch Special Revenue Fund	-	3,812
Total Advances To/From Other Funds	\$ 3,812	\$ 3,812

The General Fund has advanced a total of \$10,417 to the Ditch Special Revenue Fund over the past several years to fund needed ditch repairs. In 2006, \$6,605 of this amount was paid back. The remaining balance of \$3,812 will be paid off with future special assessments on the benefited properties.

**MILLE LACS COUNTY  
MILACA, MINNESOTA**

3. Detailed Notes on All Funds (Continued)

C. Liabilities

1. Payables

Payables at December 31, 2006, were as follows:

	Governmental Activities	Fiduciary Funds
Accounts	\$ 691,587	\$ 870
Salaries	356,217	-
Contracts	683,239	-
Due to other governments	83,481	823,764
Total Payables	\$ 1,814,524	\$ 824,634

2. Deferred Revenue

Deferred revenue consists of taxes and special assessments receivable, state and federal grants that are not collected soon enough after year-end to pay liabilities of the current period, and state and federal grants received but not yet earned. Deferred revenue at December 31, 2006, is summarized below by fund:

	Taxes	Special Assessments	Grants	Total
Governmental Funds				
General	\$ 320,221	\$ 25,422	\$ -	\$ 345,643
Road and Bridge	79,203	-	2,945,564	3,024,767
Welfare	131,193	-	-	131,193
Debt Service	31,527	-	-	31,527
Total	\$ 562,144	\$ 25,422	\$ 2,945,564	\$ 3,533,130
Deferred revenue

2012 - 2016	2,005,000	518,248
2017 - 2019	1,435,000	95,928
Total	<u>\$ 8,535,000</u>	<u>\$ 1,546,584</u>

**MILLE LACS COUNTY  
MILACA, MINNESOTA**

3. Detailed Notes on All Funds

C. Liabilities

4. Debt Service Requirements (Continued)

In 2005, the County issued \$3,555,000 G. O. Law Enforcement Center Refunding Bonds to refund the 1997 G. O. Law Enforcement Center Bonds on the crossover date in 2007. In 2007, the 1997 bonds will be called, and the first payments on the 2005 bonds will be in 2008.

5. Changes in Long-Term Liabilities

Long-term liability activity for the year ended December 31, 2006, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
General obligation bonds	\$ 7,425,000	\$ -	\$ 195,000	\$ 7,230,000	\$ 3,675,000
Lease revenue bonds	1,375,000	-	70,000	1,305,000	70,000
General obligation capital notes	125,000	-	125,000	-	-
East Central Solid Waste Commission	483,930	-	268,470	215,460	215,460
Compensated absences	1,076,910	134,611	-	1,211,521	80,088
Less: discounts on bonds	(28,966)	-	(2,069)	(26,897)	-
Long-Term Liabilities	<u>\$ 10,456,874</u>	<u>\$ 134,611</u>	<u>\$ 656,401</u>	<u>\$ 9,935,084</u>	<u>\$ 4,040,548</u>

D. Contract Commitments

The County has entered into contract commitments for expansion of the County Jail, which has not been completed as of December 31, 2006. The amount to be completed on this project is \$123,049. The County also has active road construction projects as of December 31, 2006, with an uncompleted amount of \$466,644.

4. Employee Retirement Systems and Pension Plans

A. Plan Description

All full-time and certain part-time employees of Mille Lacs County are covered by defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). The PERA administers the Public Employees Retirement Fund, the Public Employees Police and Fire Fund, and the Public

**MILLE LACS COUNTY  
MILACA, MINNESOTA**

---

4. Employee Retirement Systems and Pension Plans

A. Plan Description (Continued)

Employees Correctional Fund, which are cost-sharing, multiple-employer retirement plans. These plans are established and administered in accordance with Minn. Stat. chs. 353 and 356.

Public Employees Retirement Fund members belong to either the Coordinated Plan or the Basic Plan. Coordinated Plan members are covered by Social Security, and Basic Plan members are not. All new members must participate in the Coordinated Plan. All police officers, firefighters, and peace officers who qualify for membership by statute are covered by the Public Employees Police and Fire Fund. Members who are employed in a county correctional institution and have direct contact with inmates are covered by the Public Employees Correctional Fund.

The PERA provides retirement benefits as well as disability benefits to members and benefits to survivors upon death of eligible members. Benefits are established by state statute and vest after three years of credited service. The retirement benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service.

Two methods are used to compute benefits for Coordinated and Basic Plan members. The retiring member receives the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Basic Plan member is 2.2 percent of average salary for each of the first ten years of service and 2.7 percent for each year thereafter. For a Coordinated Plan member, the annuity accrual rate is 1.2 percent of average salary for each of the first ten years and 1.7 percent for each successive year. Under Method 2, the annuity accrual rate is 2.7 percent of average salary for Basic Plan members and 1.7 percent for Coordinated Plan members for each year of service. For Public Employees Police and Fire Fund members, the annuity accrual rate is 3.0 percent of average salary for each year of service. For Public Employees Correctional Fund members, the annuity accrual rate is 1.9 percent of average salary for each year of service.

For all Public Employees Retirement Fund members whose annuity is calculated using Method 1, and for all Public Employees Police and Fire Fund and Public Employees Correctional Fund members, a full annuity is available when age plus years of service equal 90. A reduced retirement annuity is also available to eligible members seeking early retirement.

**MILLE LACS COUNTY  
MILACA, MINNESOTA**

---

4. Employee Retirement Systems and Pension Plans

A. Plan Description (Continued)

The benefit provisions stated in the previous paragraphs of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not yet receiving them are bound by the provisions in effect at the time they last terminated public service.

The PERA issues a publicly available financial report that includes financial statements and required supplementary information for the Public Employees Retirement Fund, the Public Employees Police and Fire Fund, and the Public Employees Correctional Fund. That report may be obtained on the internet at [www.mnpera.org](http://www.mnpera.org); by writing to PERA at 60 Empire Drive, Suite 200, Saint Paul, Minnesota 55103-2088; or by calling 651-296-7460 or 1-800-652-9026.

B. Funding Policy

Pension benefits are funded from member and employer contributions and income from investment of fund assets. Minn. Stat. ch. 353 sets the rates for employer and employee contributions. These statutes are established and amended by the State Legislature. The County makes annual contributions to the pension plans equal to the amount required by state statutes. Public Employees Retirement Fund Basic Plan members and Coordinated Plan members were required to contribute 9.10 and 5.50 percent, respectively, of their annual covered salary in 2006. Contribution rates in the Coordinated Plan increased in 2007 to 5.75 percent. Public Employees Police and Fire Fund members were required to contribute 7.00 percent of their annual covered salary in 2006. That rate increased to 7.80 percent in 2007. Public Employees Correctional Fund members are required to contribute 5.83 percent of their annual covered salary.

The County is required to contribute the following percentages of annual covered payroll in 2006 and 2007:

	<u>2006</u>	<u>2007</u>
Public Employees Retirement Fund		
Basic Plan members	11.78%	11.78%
Coordinated Plan members	6.00	6.25
Public Employees Police and Fire Fund	10.50	11.70
Public Employees Correctional Fund	8.75	8.75

**MILLE LACS COUNTY  
MILACA, MINNESOTA**

---

4. Employee Retirement Systems and Pension Plans

B. Funding Policy (Continued)

The County's contributions for the years ending December 31, 2006, 2005, and 2004, for the Public Employees Retirement Fund, the Public Employees Police and Fire Fund, and the Public Employees Correctional Fund were:

	<u>Public Employees Retirement Fund</u>	<u>Public Employees Police and Fire Fund</u>	<u>Public Employees Correctional Fund</u>
2006	\$ 493,238	\$ 59,246	\$ 88,573
2005	341,752	91,794	125,619
2004	314,985	81,085	110,214

These contribution amounts are equal to the contractually required contributions for each year as set by state statute.

5. Summary of Significant Contingencies and Other Items

A. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters. To manage these risks, the County has entered into a joint powers agreement with other Minnesota counties to form the Minnesota Counties Insurance Trust (MCIT). MCIT is a public entity risk pool currently operated as a common risk management and insurance program for its members. The County is a member of both the MCIT Workers' Compensation and Property and Casualty Divisions. For other risk, the County carries commercial insurance. There were no significant reductions in insurance coverage from the previous year or settlements in excess of insurance coverage for any of the past three years.

The Workers' Compensation Division of MCIT is self-sustaining based on the contributions charged, so that total contributions plus compounded earnings on these contributions will equal the amount needed to satisfy claims liabilities and other expenses. MCIT participates in the Workers' Compensation Reinsurance Association with coverage at \$390,000 per claim in 2006 and \$400,000 per claim in 2007. Should the MCIT Workers' Compensation Division liabilities exceed assets, MCIT may assess the County in a method and amount to be determined by MCIT.

**MILLE LACS COUNTY  
MILACA, MINNESOTA**

---

5. Summary of Significant Contingencies and Other Items

A. Risk Management (Continued)

The Property and Casualty Division of MCIT is self-sustaining, and the County pays an annual premium to cover current and future losses. MCIT carries reinsurance for its property lines to protect against catastrophic losses. Should the MCIT Property and Casualty Division liabilities exceed assets, MCIT may assess the County in a method and amount to be determined by MCIT.

B. Contingent Liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of the expenditures that may be disallowed by the grantor cannot be determined at this time, although the County expects such amounts, if any, to be immaterial.

The County, in connection with the normal conduct of its affairs, is involved in various claims, judgments, and litigation. Although the outcome of these lawsuits is not presently determinable, in the opinion of the County Attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the County.

C. Joint Ventures

East Central Solid Waste Commission

The East Central Solid Waste Commission was established in March 1988 by a joint powers agreement among Chisago, Isanti, Kanabec, Mille Lacs, and Pine Counties to conduct a solid waste management program on behalf of the participating counties. The Commission is an organized joint venture having the powers, duties, and privileges granted joint powers by Minn. Stat. § 471.59. The Commission comprises five members--one voting member from each County. At its annual meeting, the Board of County Commissioners of each county chooses a member and an alternate, both County Commissioners, as representatives of the County. Each county has one voting member and, in the absence of the voting member, the alternate votes.

**MILLE LACS COUNTY  
MILACA, MINNESOTA**

---

5. Summary of Significant Contingencies and Other Items

C. Joint Ventures

East Central Solid Waste Commission (Continued)

Each county's proportionate share of the total operating costs is based on the most recent census data available and is to be adjusted upon the admission of additional counties or the withdrawal of counties. The Commission will remain in existence so long as two or more counties remain as parties to the agreement or until January 1, 2008. Upon dissolution of the Commission, there will be an accounting to determine assets and liabilities. The assets of the Commission will be liquidated and, after payment of liabilities, the proceeds will be distributed to the counties based on their respective ratios set by the most recent census data.

Each county's share of the Commission's assets, liabilities, and equities cannot be accurately determined since it will fluctuate with census data rather than ownership interest. Following is a summary of the financial information as of and for the year ended December 31, 2005 (most recent figures available):

Total Assets	<u>\$ 13,133,476</u>
Total Liabilities	\$ 4,940,044
Total Equity	<u>8,193,432</u>
Total Liabilities and Equity	<u>\$ 13,133,476</u>
Operating and nonoperating revenues	\$ 4,377,782
Operating and nonoperating expenses	<u>3,720,521</u>
Net income (loss)	\$ 657,261
Add: Net change in contributed capital	<u>803,769</u>
Change in Equity	<u>\$ 1,461,030</u>

Liabilities at December 31, 2005, include one revenue bond issue:

\$5,905,000 East Central Solid Waste Commission Solid Waste Resource Recovery Revenue Refunding Bonds, Series 2003, dated August 1, 2003: serial bonds maturing in amounts ranging from \$1,260,000 to \$1,535,000 each June 1 in the years 2004 to 2007 with interest due each June 1 and December 1 at rates from 1.75 to 2.55 percent.

\$ 2,830,000

**MILLE LACS COUNTY  
MILACA, MINNESOTA**

---

5. Summary of Significant Contingencies and Other Items

C. Joint Ventures

East Central Solid Waste Commission (Continued)

Should revenues be insufficient to retire the debt, the participating counties are currently responsible in the follow proportion:

Chisago County	28.0%
Isanti County	23.7
Kanabec County	11.7
Mille Lacs County	17.1
Pine County	19.5

During 1993, the participating counties were notified that the Commission was unable to meet its cash needs for debt service. The counties were assessed for their proportionate share. Mille Lacs County's share was \$137,444 for 2005, and \$130,232 for 2006. At December 31, 2006, Mille Lacs County has included a liability of \$215,460 in the Statement of Net Assets for its proportionate share of the Commission's bonds payable.

Complete financial statements of the East Central Solid Waste Commission can be obtained from:

East Central Solid Waste Commission  
1756 - 180th Avenue  
Mora, Minnesota 55051

East Central Regional Library

The East Central Regional Library was established by a joint powers agreement among Aitkin, Chisago, Isanti, Kanabec, Mille Lacs, and Pine Counties to provide an efficient and improved regional public library service. The Library Board comprises 18 members--one County Board member, and two appointees from each member County. Mille Lacs County's contribution for 2006 was \$223,641.

5. Summary of Significant Contingencies and Other Items

C. Joint Ventures (Continued)

Snake River Watershed Management Board

The Snake River Watershed Management Board was established in April 1993, pursuant to Minn. Stat. § 471.59, as a joint powers entity. Its purpose is to coordinate the member county water plans and to develop objectives to promote sound hydrologic management of the water and the related land resources. Members are Aitkin, Kanabec, Mille Lacs, and Pine Counties. Financial responsibility exists because once the SRWMB has established a budget and determined which projects will be undertaken, each member County is required by the agreement to provide appropriate financial support. The SRWMB establishes an annual budget, and participation in the administrative costs is as follows:

Aitkin County	20.8%
Kanabec County	49.5
Mille Lacs County	9.2
Pine County	20.5

Complete financial statements of the Snake River Watershed Management Board can be obtained from:

Snake River Watershed Management Board  
Rural Route 3, Box 253  
Mora, Minnesota 55051

D. Subsequent Events

On April 19, 2007, the County issued \$1,280,000 Lease Revenue Refunding Bonds, Series 2007A, to current refund \$1,235,000 of the Lease Revenue Bonds of 1998.

**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION  
FOR THE YEAR ENDED DECEMBER 31, 2006**

1. Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds, except for the Ditch Special Revenue Fund, the Debt Service Fund, and the Capital Projects Fund. All annual appropriations lapse at fiscal year-end unless specifically carried over to the next budget year by Board action.

On or before mid-June of each year, all departments and agencies submit requests for appropriations to the County Auditor/Treasurer so that a budget can be prepared. Before October 31, the proposed budget is presented to the County Board for review. The Board holds public hearings and a final budget must be prepared and adopted no later than December 31.

The appropriated budget is prepared by fund, function, and department. The County's department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require approval of the County Board. The legal level of budgetary control (the level at which expenditures may not legally exceed appropriations) is the function level.

Encumbrance accounting is employed in governmental funds. Encumbrances (such as purchase orders or contracts) outstanding at year-end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be reapportioned and honored during the subsequent year.

2. Excess of Expenditures over Appropriations

The following major governmental funds had expenditures in excess of budget at the function level for the year ended December 31, 2006:

	<u>Expenditures</u>	<u>Final Budget</u>	<u>Excess</u>
General Fund			
Current			
Public safety	\$ 5,790,580	\$ 5,731,285	\$ 59,295
Conservation of natural resources	196,609	185,974	10,635
Economic development	12,651	7,281	5,370

**Schedule 10**

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED DECEMBER 31, 2006**

**I. SUMMARY OF AUDITOR'S RESULTS**

- A. Our report expresses unqualified opinions on the basic financial statements of Mille Lacs County.
- B. Significant deficiencies in internal control were disclosed by the audit of financial statements of Mille Lacs County and are reported in the "Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*." None were material weaknesses.
- C. No instances of noncompliance material to the financial statements of Mille Lacs County were disclosed during the audit.
- D. No matters involving internal control over compliance relating to the audit of the major federal award program were reported in the "Report on Compliance with Requirements Applicable to Each Major Program and Internal Control Over Compliance in Accordance with OMB Circular A-133."
- E. The Auditor's Report on Compliance for the major federal award program for Mille Lacs County expresses an unqualified opinion.
- F. No findings were disclosed that are required to be reported in accordance with Section 510(a) of OMB Circular A-133.
- G. The major program is:
  - Highway Planning and Construction
  - CFDA #20.205
- H. The threshold for distinguishing between Types A and B programs was \$300,000.
- I. Mille Lacs County was determined to be a low-risk auditee.

**II. FINDINGS RELATED TO FINANCIAL STATEMENTS AUDITED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

INTERNAL CONTROL

PREVIOUSLY REPORTED ITEMS NOT RESOLVED

96-1 Departmental Internal Accounting Control

Due to the limited number of office personnel within the various County offices, segregation of the accounting functions necessary to ensure adequate internal accounting control is not possible. In some offices, there may be only one employee to receive and account for departmental collections. This is not unusual in small departmental situations; however, the County's management should constantly be aware of this condition and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from an accounting point of view.

Examples of incompatible duties that should be performed by separate individuals are:

- receipting collections, posting collections to registers, and making bank deposits;
- signing checks and reconciling the bank accounts;
- receipting collections and posting collections to the accounts receivable records;
- approving receivable write-offs/write-downs and posting adjustments to the accounts receivable records; and
- data entry, adjusting accounting codes, and reviewing the monthly detailed report of receipts and disbursements for accuracy.

Some procedures the County's management may wish to consider to strengthen controls in these offices include:

- Departmental collections should be remitted to the County Auditor/Treasurer more frequently than once each month, perhaps weekly or even daily, to reduce the amount of funds on hand.

- Department heads should monitor operations within their offices to determine that reports are submitted properly and are in agreement with cash balances and grant expenditures.
- When an office has only a department head and one other employee, the department head should perform some of the accounting functions.

We recommend that County management be aware of the lack of segregation of the accounting functions and implement oversight procedures to ensure that adequate controls are in place over cash, receivables, and other items.

Client's Response:

*This condition is due to the limited number of office personnel within the various offices. Budget constraints prevent hiring enough additional staff to alleviate this condition. Management is aware of this condition and continues to monitor it. Accounting duties are segregated as much as possible within the limitations of staff's abilities and job descriptions.*

02-1 Preparation of Financial Statements

Mille Lacs County is required to prepare financial statements in accordance with generally accepted accounting principles (GAAP). The preparation of the financial statements is the responsibility of the County's management. Financial statement preparation in accordance with GAAP requires internal controls over both: (1) recording, processing, and summarizing accounting data (maintaining internal books and records); and (2) preparing and reporting appropriate government-wide and fund financial statements, including the related notes to the financial statements.

Mille Lacs County has established controls and procedures for the recording, processing, and summarizing of its accounting data used in the preparation of its financial statements.

As is the case with many small and medium-sized entities, the County has relied on its independent external auditors to assist in the preparation of the basic financial statements, including notes to the financial statements, as part of its external financial reporting process. Accordingly, the County's ability to prepare financial statements in accordance with GAAP is based, at least in part, on its reliance on its external auditors, who cannot by definition be considered part of the government's internal control. This condition was caused by the County's decision that it is more cost effective to have its auditors prepare its annual basic financial statements than to incur the time and expense of obtaining the

necessary training and expertise required to prepare the financial statements internally. As a result of this condition, the government lacks internal control over the preparation and reporting of financial statements in accordance with GAAP.

We recommend Mille Lacs County obtain the training and expertise to internally prepare its annual financial statements in accordance with GAAP. If Mille Lacs County still intends to have staff from the Office of the State Auditor assist in preparation, then at a minimum, it must identify and train individuals to obtain the expertise that can sufficiently review, understand and approve the County's financial statements, including notes.

Client's Response:

*We are working at completing more of the schedules and statements. We will look for opportunities to obtain additional training and expertise within the budget constraints that exist. We have also contracted for additional technical assistance through our computer financial system vendor to accomplish more of the statements on the system, but weigh the benefits of production of his financial statements against the probable additional efforts (and associated cost) of the audit team to perform the audit. This condition is common among small counties with limited resources.*

04-1 Disaster Recovery Plan

The County has a written disaster recovery plan in the event of a disaster involving its computer operations; however, it has not been updated since 1987. Since that time, the implementation of new computer systems and software has made the current plan outdated.

With increased reliance on data processing in the day-to-day operations of the County, an outdated disaster recovery plan could delay the County's return to normal operations after a computer-related disaster.

We recommend the County review and update its disaster recovery plan to reflect new systems, software, and changes in personnel and operations that have occurred since the plan was last updated.

Client's Response:

*Our AS400 computer is housed offsite at Computer Professionals Unlimited, Inc., in Morris, Minnesota, and the computer we are leasing space on is also used by a couple other counties in our computer cooperative. We've been told that our computer provider is working on a disaster recovery plan that will provide for alternatives if we experience a computer-related disaster. We will be reviewing that plan and possibly have input in its final development and consider its adoption.*

ITEMS ARISING THIS YEAR

06-1 Computer Controls

Mille Lacs County has established controls over its computer operations to ensure the proper recording, processing, and summarizing of accounting data. Our review of those controls revealed some weaknesses in the general and application controls designed to prevent unauthorized access.

Mille Lacs County processes its finance and general government applications on an IBM I Series system owned by Computer Professionals Unlimited, Inc. System value settings and user profiles provide the general controls over access to this system.

The following system value settings are operating below the recommended security levels for adequate control within the data processing function:

- Inactive job time-out - Under the current setting, the system does not check for inactive jobs.
- Limit device sessions - The current setting allows a single user on multiple devices.
- Maximum sign-on attempts allowed - Under the current setting, a user is allowed unlimited sign-on attempts.
- Limit adjacent digits in password - The current setting allows adjacent numbers.
- Limit characters in password - The current setting does not limit the use of any characters.
- Limit repeating characters in password - A character can be used more than once.

- Limit password character positions - Under the current setting, the same character can be used in the new password corresponding to the old position.
- Require digit in password - The current setting does not require numbers.

For adequate internal control, not all password controls are required; but the County should review the password controls currently in use to determine which ones are reasonable to limit access.

Client's Response:

*Additional security and password controls are being considered and discussed with our AS400 vendor.*

06-2 Audit Adjustments

A control deficiency exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions to prevent or detect misstatements of the financial statements on a timely basis. Statement on Auditing Standards (SAS) No. 112 states that one control deficiency that should be regarded as at least a significant deficiency is identification by the auditor of a material misstatement in the financial statements not initially identified by the entity's internal controls, even if management subsequently corrects the misstatement.

During our audit, we identified the following material adjustments:

General Fund

- Contracts payable and related expenditures were increased by \$294,387.

Road and Bridge Special Revenue Fund

- Receivables were increased by \$3,224,125 for state-aid highway project allotments. At the fund level the additional receivables were offset by deferred revenue of \$2,945,564 for receivables not available during the revenue recognition period.
- Receivables and related revenues were increased by \$321,628 for federal and local funding of a highway project.

- Revenues and expenditures were increased by \$152,016 to record town road allotment activity.

Proposed audit adjustments are reviewed and approved by the appropriate staff and are reflected in the financial statements. By definition, however, independent external auditors cannot be considered part of the government's internal control.

We recommend the County establish internal control necessary to determine that all adjusting entries are made to ensure the County's annual financial statements are reported in accordance with GAAP.

Client's Response:

*We have approved the audit adjustments necessary to represent the correct financial conditions for the year ending December 31, 2006, and will increase efforts to identify all receivables and payables for future financial statements.*

**III. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARD PROGRAMS**

None.

**IV. OTHER FINDINGS AND RECOMMENDATIONS**

OTHER ITEM FOR CONSIDERATION

Other Postemployment Benefits (OPEB)

The Governmental Accounting Standards Board (GASB) recently issued Statement No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, which establishes financial reporting for OPEB plans, and Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, which governs employer accounting and financial reporting for OPEB. These standards, similar to what GASB Statements 25 and 27 did for government employee pension benefits and plans, provide the accounting and reporting standards for the various other postemployment benefits many local governments offer to their employees. OPEB can include many different benefits offered to retirees such as health, dental, life, and long-term care insurance coverage.

If retirees are included in an insurance plan and pay a rate similar to that paid for younger active employees, this implicit subsidy is considered OPEB. In fact, local governments may be required to continue medical insurance coverage pursuant to Minn. Stat. § 471.61, subd. 2b. This benefit is common when accumulated sick leave is used to pay for retiree medical insurance. Under the new GASB statements, accounting for OPEB is now similar to the accounting used by governments for pension plans.

Some of the issues that the County Board will need to address in order to comply with the statements are:

- determine if employees are provided OPEB;
- if OPEB are being provided, the County Board will have to determine whether it will advance fund the benefits or pay for them on a pay-as-you-go basis;
- if OPEB are being provided, and the County Board determines that the establishment of a trust is desirable in order to fund the OPEB, the County Board will have to wait until legislation is enacted authorizing the creation of an OPEB trust and establishing an applicable investment standard; and
- in order to determine annual costs and liabilities that need to be recognized, the County Board will have to decide whether to hire an actuary.

If applicable for Mille Lacs County, GASB Statements 43 and 45 would be implemented for the years ending December 31, 2007 and 2008, respectively.

## **REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of County Commissioners  
Mille Lacs County

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Mille Lacs County as of and for the year ended December 31, 2006, and have issued our report thereon dated September 28, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered Mille Lacs County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph of this section and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination

of control deficiencies, that adversely affects the County's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the County's financial statements that is more than inconsequential will not be prevented or detected by the County's internal control. We considered the deficiencies described in the accompanying Schedule of Findings and Questioned Costs as items 96-1, 02-1, 04-1, 06-1, and 06-2 to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the County's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we believe none of the significant deficiencies described above is a material weakness.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Mille Lacs County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Minnesota Legal Compliance

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the provisions of the *Minnesota Legal Compliance Audit Guide for Local Government*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65. Accordingly, the audit included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The *Minnesota Legal Compliance Audit Guide for Local Government* contains six categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, and miscellaneous provisions. Our study included all of the listed categories.

The results of our tests indicate that, for the items tested, Mille Lacs County complied with the material terms and conditions of applicable legal provisions.

Also included in the Schedule of Findings and Questioned Costs is an other item for consideration. We believe this information to be of benefit to Mille Lacs County and is reported for that purpose.

Mille Lacs County's written responses to the significant deficiencies identified in our audit have not been subjected to any auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of the Board of County Commissioners, management, others within Mille Lacs County, and federal awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than those specified parties.

### **REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Board of County Commissioners  
Mille Lacs County

#### Compliance

We have audited the compliance of Mille Lacs County with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to its major federal program for the year ended December 31, 2006. Mille Lacs County's major federal program is identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to its major federal program is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Mille Lacs County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County's compliance with those requirements.

In our opinion, Mille Lacs County complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended December 31, 2006.

## Internal Control Over Compliance

The management of Mille Lacs County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A control deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the County's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the County's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the County's internal control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

## Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Mille Lacs County as of and for the year ended December 31, 2006, and have issued our report thereon dated September 28, 2007. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the Board of County Commissioners, management and others within the County, and federal awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than those specified parties.

Notes to Schedule of Expenditures of Federal Awards

1. The Schedule of Expenditures of Federal Awards presents the activity of federal award programs expended by Mille Lacs County. The County's reporting entity is defined in Note 1 to the basic financial statements.
2. The expenditures on this schedule are on the modified accrual basis of accounting.
3. During 2006, the County did not pass any federal money to subrecipients.
4. Pass-through grant numbers were not assigned by the pass-through agencies.
