

Measures for Counties

Environment:

1. Recycling rate

Library:

2. # of annual visits per 1,000 residents

Taxation:

3. Level of assessment ratio
If the median ratio falls between 90% and 105%, the level of assessment is determined to be acceptable.

Elections:

4. Accuracy of post-election audit
Percentage of ballots counted accurately.

Veteran's Services:

Output:

Percent of veterans surveyed who said their questions were answered when seeking benefit information from their County Veteran's Office

Public Safety:

5. Part I and II crime rates

Or Citizen's rating of safety in their county.
(Community survey: very safe, somewhat safe, neither safe nor unsafe, somewhat safe, very unsafe)

Output:

Deputy Response Time
Time it takes on top-priority calls from dispatch to the first officer on scene.

Public Works:

6. Hours to plow complete system during average snowfall
7. Average pavement rating

Or Citizen's rating of the road conditions in their county.
(Community survey: good condition, mostly good condition, many bad spots)

Parks:

8. Citizen's rating of the quality of county parks, recreational programs, and/or facilities.
(Community survey: *excellent, good, fair, poor*)

Probation/Corrections:

9. Percent of offenders (adult and juvenile) with a new offense within 3 years of discharge or intervention

Public Health:

10. General health indicator TBD

Social Services:

11. Change in Self-support Index over three-year period (MFIP and DWP recipients)
12. Percentage of children where there is a recurrence of maltreatment within 12 months following an intervention

Output:

Percentage of people with disabilities receiving publicly funded long-term care who live in a community setting
