RECOMMENDED ACTION: Adopt the Resolution Approving the 2025 Performance Measures	

BACKGROUND

In 2010, the Legislature created the Council on Local Results and Innovation (CLRI). In February 2011, the CLRI released a standard set of 10 performance measures for cities and counties to determine the efficacy of services provided and measure residents' opinion of those services. The CLRI followed that in February 2012 with a comprehensive performance measurement system for cities and counties to implement.

Cities and counties can voluntarily participate in the program through the Office of the State Auditor. If they choose to participate, they must officially adopt and implement at least 10 of the performance measures developed by the CLRI. Each city or county is eligible for a reimbursement of \$0.14 per capita, not to exceed \$25,000, and is also exempt from levy limits if the limits are in effect. In 2025, 39 cities and 28 counties were certified through this program. Rosemount received \$3,888 in 2025.

The City currently reports on more than 10 of the performance measures in the annual budget book. The following measures are the 2025 information for the reported items under the six categories as approved by the State.
