

State of Main Street

You are invited to join State Auditor Julie Blaha for the

State of Main Street Press Conference

Please join State Auditor Julie Blaha as she presents on the municipal (city, county, and township) trends facing local government. This press conference is the culmination of our six regional listening sessions that took place in January 2020 in Thief River Falls, St. Cloud, Duluth, Saint Paul, Marshall, and Albert Lea. State Auditor Blaha was joined by local elected officials and local government financial staff in order to hear their feedback on the trends that our office found over the last 20 years. These listening sessions allowed the Office of the State Auditor to collect direct feedback to ensure that our numbers tell the real stories of communities across the State of Minnesota. By pulling together our data with local expertise, we hope to begin making better and more thoughtful decisions for all of our communities.
