

Resolution 2024-050
Accepting St. Joseph's
Performance Measures Survey Results

WHEREAS, pursuant to Minnesota Statute 6.91 the St. Joseph City Council has adopted performance and output measures recommended by the State of Minnesota's Council on Local Results and Innovation and desires to continue with recommended performance measure guidelines and practices.

NOW THEREFORE BE IT RESOLVED, the St. Joseph City Council adopted the following performance measures initiatives:

1. That the City has adopted and implemented the minimum 10 performance measures developed by the Council on Local Results and Innovation.
2. That the City has implemented a local performance measurement system as developed by the Council on Local Results and Innovation.
3. That the City will report the results of the 10 adopted measures to its residents before July 2024 on the City's Website.
4. That the City has surveyed its residents on the services included in the performance benchmarks and intends to periodically (at least biennially) repeat the survey of its residents to gauge changes in the performance benchmarks.
5. That the City accepts the results of the performance measures survey conducted in November 2023 for 2024.

Adopted this 5th day of August 5, 2024.

Adam Scepaniak, Acting Mayor

David Murphy, City Administrator

Introduction

In 2010, the Minnesota Legislature created the Council on Local Results and Innovation (Council). The Council created a set of ten standard performance measures for cities and counties that could assist the governing body in determining the quality, efficiency and need for services provided. This program has become known as the Performance Measurement Program. Participants in the program would agree to survey their constituents using at least the ten standards established by the Council. The survey would allow residents the opportunity to provide input on the services provided.

To encourage participation in the voluntary program, the 2010 Legislature provided a financial incentive. Cities that opted to participate would be eligible for a reimbursement of \$0.14 per capita, not to exceed \$25,000 and would be exempt from levy limits under MS 275.70 to 275.74. For the City of St. Joseph, the reimbursement for participation is approximately \$1,000.

Additional information on the Council on Local Results and Innovation can be found the Minnesota Secretary of State Website: <http://www.auditor.state.mn.us>.

Methodology

To assist Minnesota cities with the new Performance Measurement Program, the League of Minnesota Cities (LMC) created a survey that would meet the requirements of the 2010 Legislation. Participating cities would have the opportunity to modify the question and they would administer the actual survey, providing the results to each city.

The City of St. Joseph utilized the services the League of Minnesota Cities who provided the survey through survey monkey. The City notified the residents that they had an opportunity to provide input on the services provided. Notification was placed in the following locations:

Published in the May Newsletter distributed to all utility bill customers. Residents were provided with the URL and requested to participate. The URL was listed as follows:

https://www.surveymonkey.com/r/St_Joseph2023.

1. Posted on the City of St. Joseph cable channel, newsletter and marque sign.
2. Published on the front page of the City Website. <http://cityofstjoseph.com>.

The survey was available on survey monkey from October 5th through November 30th, 2023. At the end of the survey period, the League of Minnesota Cities provided the results. The results indicated that 95 individuals responded to the survey.
