*The recommendation was using data from the Institute for Health Metrics and Evaluation (IHME). I have attached a spreadsheet showing the Anoka County life expectancy estimates from 1989-2009 (released in April, 2012). At the bottom of the spreadsheet, I've added a line for the 2010 estimates which were published in an IHME County Profile for Anoka County (also attached). There will always be a time lag in available life expectancy estimates.
