FILLMORE COUNTY
REVIEW AND STATUS OF 2015 PERFORMANCE MEASURES

2015 Performance Measure 1) Reduce the total number of accidents that occur on County State Aid Highways, County Roads and Un-Organized Township Roads that involve fatalities and injury from prior year:

From our reports we are showing 11 personal injury crashes for 2015. The TZD data does not come out until June 30th and this is the report that the Performance Measures ask to get the information from. We can verify the data once the report comes out. From 2014 to 2015, Fillmore County went from 15 personal injury crashes down to 11.

2015 Performance Measure 2) Maintain Pavement Quality Index rating of 72:

This performance measure was reached, as the current MPQI is 72 for the County.

2015 Performance Measure 3) Tobacco use among adult to national benchmark:

This performance measure was not reached for 2015 as the performance measure was 14% and Fillmore County was at 16%. The State benchmark is 16% and Fillmore did meet that. Our SHIP Surveillance Survey showed Fillmore County at 13.1%, which would mean we would reach that benchmark for the national rate as well, but the performance measures requires us to use the County Health Rankings.

2015 Performance Measure 4) Child Support Program Cost Effectiveness:

This performance measure outlines what a tremendous job that Fillmore County staff does for Child Support collections. We collect \$9.52 for every \$1.00 spent on the child support program. The State average is \$3.54. We are the second highest overall.

2015 Performance Measure 5) Percentage of low birth-weight births:

This performance measure is surprisingly good for the high number of pregnant women not receiving prenatal care and delivering babies at home. We are one of the lowest in our region, tied with Goodhue at 5%, with the national and state percentages at 6%.

2015 Performance Measure 6) Median ratio between 90% and 105% for three types of assessment ratios:

This performance measure was reached as follows:

- Commercial/Industrial Classification 96%
- Ag/Rural Vacant Classification 99%
- Residential Classification 95%

2015 Performance Measure 7) Meet 10 day turn-around time for document recording:

This performance measure was reached for 2015.

2015 Performance Measure 8) 100% post-election results:

This performance measure was reached for 2015 with the special election.

2015 Performance Measure 9) Increase by 5% State and Federal dollars brought into County for veterans benefits:

For 2015, the federal and state dollars brought into the County did not increase. Federal numbers went down by approximately 1% but State programs went up to be about even to 2014. It was noted that fifty veterans passed during the year so that is a major factor.

2015 Performance Measure 10) Maintain 85% of veterans receiving services and/or benefits:

For 2015, we have maintained 85% of veterans receiving services and/or benefits.

2015 Performance Measure 11) Goal of 7200 per 1000 residents for annual library visits:

For 2015, 6,485 was the number of residents per 1000, so we were short of the performance measure. Total visits for 2015 was 135,308.

2015 Performance Measure 12): Goal to keep debt service levy under 11%:

The debt service levy was at 2.87% for 2015. Which per capita is \$12.19 for the debt service levy.

2015 Performance Measure 13) Performance Measure of 38% recycling rate of Municipal Solid Waste:

The recycling rate for 2015 was 44%, so the performance measure was reached and exceeded.
