Instructions for the Installation of CTAS

Office of the State Auditor Website: https://www.osa.state.mn.us/

The images in these instructions may be slightly different from the ones on your computer.

CTAS can be installed on your computer from the State Auditor's Form Entry System (SAFES). <u>The CTAS Version available in SAFES will always be the most current version of the program.</u> The download requires a high-speed Internet connection: if a high-speed connection is not available, please contact our office for assistance at <u>ctas@osa.state.mn.us</u> or (651) 296-6262.

If you are replacing an earlier version of CTAS with the most current version, create a backup of your current program, then close the program (not necessary if you are installing CTAS for the first time).

To access the download from SAFES, you need 1.) to be a registered SAFES Form Preparer and 2.) to have your username and password available. If you are not currently set up to use SAFES as a Form Preparer, e-mail us at ctas@osa.state.mn.us. If you have forgotten your password, go to https://safes.osa.state.mn.us/Default/ForgotPassword.

Begin by going to the Office of the State Auditor's website, <u>https://www.osa.state.mn.us</u>. On the blue bar at the top of the home page, select the SAFES heading (box).

The SAFES home screen will open. Enter your User Name and Password, then left-click once on the Log In button (box).

Instructions for Installing CTAS Revised July, 2021 2

The "SAFES CTAS Download" screen will appear. *If another screen appears with information on how to purchase CTAS, it indicates that our records show that you are not registered as a purchaser. Please contact us at ctas@osa.state.mn.us.*

On the "SAFES CTAS Download" screen, the entity or entities associated with the user are listed. From this screen you will be able to install CTAS (box). To install CTAS, place the cursor over the "CTAS Web Installer" link (circle) and left-click once.
