Indebtedness: Introduction

The Indebtedness Module is designed to track an entity's indebtedness. By entering the principal payments, CTAS will track the outstanding indebtedness.

Accessing the Indebtedness Section

To access the Indebtedness Module, click on the Indebtedness tab (circled) in the Task Bar, then click the Debt icon (boxed). The Debt screen will open to the Debt List.

When the new debt screen appears, complete the following steps:

- Enter an Indebtedness number in the Indebtedness ID field. *There is no pre-determined numbering system for this. You will assign the Indebtedness ID.*
- Select the type of Indebtedness by clicking on the down arrow at the end of the Type field. The options for the type are: General Obligation, Tax Increment, Special Assessment General Obligation Revenue, Revenue Bonds, Other Long Term Debt and Short Term Debt.
- Type a brief explanation of the indebtedness in the Description field. A description should identify why the indebtedness was issued. For example, town hall, paving Elm Street, etc.
- Enter the amount borrowed in the Issue Amount field.
- Enter the interest rate in the Current Interest Rate field. *CTAS does not calculate the interest payments*.
- Enter the date the money was borrowed in the Issue Date filed.
- Enter the maturity date in the Final Maturity Date field.

Click the Save button to continue.

Note: When new debt is issued, make sure to add a receipt in the Accounting module to show the debt proceeds.

Indebtedness: Editing a Debt Record

To edit a debt record, highlight the debt and click the Edit button (circled).

Indebtedness: Making Payments on a Debt Record

The following section shows the <u>two</u> options on how to enter a principal payment for debt into CTAS. *Interest payments should not be entered into the Indebtedness module.*

Option 1

After a claim has been approved and posted to disbursements, access the Indebtedness Module.

Click on the Indebtedness tab in the Task Bar (circled, top) and then click the Debt icon (boxed). Highlight the record to change and click the Edit button (circled, bottom).

On this screen, you can enter principal payments in the Payment History section. To enter a principal payment, complete the following steps:

- Enter the date of the payment in the Payment Date field by clicking the down arrow at the end of the date field (boxed).
- Enter the amount of the principal payment in the Amount field (boxed).
- CTAS will then calculate a new remaining balance (circled, bottom).

Click the Save button to continue.

Note: Entering debt principal payments directly into the Indebtedness module still requires the entity to create a claim and post to disbursements to account for the payment made.

Indebtedness: Export to CSV

CTAS allows you to export your data to a CSV file. The **CSV** ("Comma Separated Values") file format is used by many spreadsheet applications, including Microsoft Excel. Many CTAS users export data to CSV files to give them flexibility in analyzing and presenting their entity's data.

Click the Export to CSV button (circled), from the Debt List tab.
