## Description of the Office of the State Auditor

The mission of the Office of the State Auditor is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 150 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

**Audit Practice** - conducts financial and legal compliance audits of local governments;

**Government Information** - collects and analyzes financial information for cities, towns, counties, and special districts;

**Legal/Special Investigations** - provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;

**Pension** - monitors investment, financial, and actuarial reporting for approximately 730 public pension funds; and

**Tax Increment Financing** - promotes compliance and accountability in local governments' use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

## Executive Summary

---

- In 2009, 218 Minnesota law enforcement agencies (7 fewer agencies than in 2008) reported a total of 4,895 incidents of property seized subject to forfeiture. While 7 fewer law enforcement agencies reported forfeiture incidents in 2009, the total number of incidents increased by 1,072 forfeiture incidents, or 28.0 percent more than the number reported in 2008 (pg. 7).
- Gross sales of forfeited property or seized cash totaled \$4,778,457 in 2009, up 25.0 percent from the \$3,823,463 reported in 2008. Administrative expenses and lien holder's obligations decreased 2.4 percent between 2008 and 2009, falling from \$356,362 in 2008 to \$347,745 in 2009.<sup>1</sup> Net proceeds totaled \$4,449,152 in 2009, which was 27.1 percent more than the \$3,500,434 reported in 2008 (pg. 7).
- Cash accounted for 54 percent (55 percent in 2008) of property seized, followed by firearms at 26 percent (18 percent in 2008), vehicles at 19 percent (26 percent in 2008), and other property at 1 percent (1 percent in 2008) (pg. 8).
- Of the 4,895 forfeiture incidents reported, 3,579 involved seized cash, property that was sold, or an agreement that required monetary compensation to the agency. The total value of net proceeds from these forfeitures was \$4,449,152. Net proceeds derived from forfeitures ranged from \$0 to \$95,102.<sup>2</sup> Net proceeds per forfeiture incident averaged \$1,243 in 2009, compared to \$1,073 in 2008 (pg. 10).
- Criminal activity involving a controlled substance accounted for 3,773 (77 percent) of the 4,895 forfeiture incidents reported in 2009 (pg. 11).
- The agencies with 100 or more forfeiture incidents completed in 2009 were: the Minneapolis Police Department (1,207), the Saint Paul Police Department (806), the Minnesota State Patrol (257), the Dakota County Drug Task Force (194), the Southeast Minnesota Drug Task Force (182), the Northwest Metro Drug Task Force (112), and the Hennepin County Sheriff's Office (100) (pg. 11).
- In addition to the 218 law enforcement agencies that completed forfeitures in 2009, 241 agencies reported that they had no forfeitures, and 34 did not file reports with the Office of the State Auditor (pg. 7).

<sup>1</sup>These costs represent the payment of seizure, storage, forfeiture, and sale expenses; satisfaction of valid liens against the property; or court-ordered restitution (Minn. Stat. § 609.5315, subd. 4).

<sup>2</sup>In some cases, the reported expenses were greater than the gross sales amount, but the net amount was recorded as zero rather than a negative amount.

## Scope and Methodology

---

Minn. Stat. § 609.5315, subd. 6, directs law enforcement agencies to report to the Office of the State Auditor all property seized subject to forfeiture, with the exception of driving under the influence (DUI) related forfeitures.<sup>3</sup> This report lists and summarizes these forfeiture incidents to help provide transparency to the forfeiture process and to keep policymakers and the public informed on the nature and frequency of property seized subject to forfeiture.<sup>4</sup>

This report provides information on the cash and property seized subject to forfeiture in which the final disposition was completed in 2009.<sup>5</sup> Forfeitures are considered complete in the year in which a final decision is rendered on the seized property regardless of the date the property is initially seized. At that time, items are sold, retained for law enforcement purposes, destroyed, forwarded to other law enforcement agencies, or returned to the owner.<sup>6</sup> This report does not reflect the property seizure and forfeiture activity in 2009, but rather the number of forfeitures that were completed in 2009.

Pursuant to Minn. Stat. § 609.5315, subd. 5, cash or net proceeds from the sale of forfeited property (after administrative expenses and payment of liens are subtracted) are distributed in the following manner: 70 percent to the appropriate law enforcement agency; 20 percent to the county attorney or other prosecuting agency that handled the forfeiture; and 10 percent to be forwarded within 60 days after resolution of the forfeiture to the Treasury Division of Minnesota Management and Budget.

Forfeitures that were completed in 2009 are detailed in the three data tables in this report. Table 1 provides a two-year summary and comparison of the type and value of property forfeited in 2008 and 2009 (pg. 9). Table 2 lists, by agency, all property seized subject to forfeiture in which the final disposition was completed in 2009 (pg. 16). Table 3 summarizes forfeiture activity by agency (pg. 170).

---

<sup>3</sup>Criminal and firearm forfeitures are authorized by Minn. Stat. §§ 609.531-609.5318. DUI forfeitures are authorized pursuant to Minn. Stat. § 169A.63 and are not required to be reported to the Office of the State Auditor.

<sup>4</sup>All forfeiture information in this report is self-reported by individual law enforcement agencies. The Office of the State Auditor does not audit this data.

<sup>5</sup>In Minn. Stat. §§ 609.531-609.5318, the subject of this report is described as “property seized” which is “subject to forfeiture.” Other terminology used in this report, such as “forfeiture incidents” and “forfeitures,” are intended to convey the same meaning.

<sup>6</sup>Property seized under Minn. Stat. §§ 609.531-609.5318 is subject to the orders and decrees of the court having jurisdiction over the forfeiture proceedings. Property seized in connection with a controlled substance offense and vehicles used in drive-by shootings are subject to administrative forfeiture procedures. The owner(s) of the seized property must be given written notice of the seizure, the intent to forfeit the property, and their right to obtain judicial review of the forfeiture. The court may order the return of seized property or find that the property is subject to forfeiture. If the forfeiture of property is related to controlled substances, the court may not issue an order of forfeiture while the alleged owner of the property is in custody and the related criminal proceedings are pending against the alleged owner. Forfeitures are not complete until all related judicial and administrative proceedings have been completed.

## Background

---

State laws governing property that is subject to criminal forfeiture proceedings, and the actual disposition of the forfeited property, have changed considerably since their inception in 1971.

- In 1971, the Legislature authorized law enforcement agencies making an arrest involving a controlled substance to seize property associated with the use or transportation of the controlled substance. Upon conviction of the offense, the individual forfeited the seized property to the local law enforcement agency. Legislation authorized local law enforcement agencies to use forfeited property for law enforcement purposes or sell the property and use the proceeds of the sale for authorized agency activities and to destroy forfeited contraband.
- In 1973, the Legislature authorized the seizure and subsequent forfeiture of money that was deemed to be related to the commission of an offense involving a controlled substance. The 1973 law prescribed a more detailed process for criminal forfeitures. It also directed that half of all proceeds from the sale of forfeited property, and half of all of the forfeited cash, be forwarded to the state drug abuse authority. The state drug abuse authority was directed to use its share of the proceeds for the care and treatment of individuals with drug-related disorders. The remaining half of the proceeds from the sale of forfeited property would continue to be used by the local law enforcement agency.
- In 1984, the Legislature expanded the items that are subject to criminal forfeiture to include all money, precious metals, gems, negotiable instruments, securities, and property or things of value. The 1984 law further stipulated that “all moneys, precious metals, and gems found in proximity to controlled substances or in proximity to any equipment or records pertaining to a controlled substance, are subject to forfeiture.” It also revised the formula for distributing forfeited cash and the net proceeds from the sale of forfeited property. Under the 1984 revision, the state retained one-third of the cash and net proceeds for the care and treatment of individuals with drug-related disorders. The remaining two-thirds of the net proceeds were to be shared equally between the law enforcement agency making the initial arrest and the prosecuting agency.
- In 1988, the Legislature significantly expanded the list of criminal offenses that could result in the forfeiture of cash and personal property. In addition to controlled substance-related forfeitures, the Legislature authorized forfeitures of cash and property related to the commission of a variety of other criminal offenses including: murder, aggravated assault, criminal sexual conduct, criminal vehicular homicide, robbery, kidnapping, prostitution, bribery, fraud, and theft. The 1988 law also amended the formula used to distribute forfeited cash and the proceeds from the sale of forfeited property. The new formula directed that 70 percent of the cash and net proceeds be used by the law enforcement agency initiating the forfeiture action, 20 percent of the cash and net proceeds be distributed to the prosecuting agency, and the remaining 10 percent of the cash and net proceeds be forwarded to the state for deposit in the state’s General Fund.

- In 1992, legislative interest in the nature and extent of criminal forfeitures increased throughout the state. This increased interest resulted in a legislatively-imposed requirement that law enforcement agencies report all criminal forfeitures to the Office of the State Auditor. The new reporting requirement mandated that the reports be filed monthly and include the amount forfeited, date, and a brief description of the circumstances involved.
- In 1993, the Legislature passed legislation that prohibited law enforcement agencies from selling forfeited firearms. The provision required that all forfeited weapons, ammunition, and firearm accessories be destroyed unless retained for law enforcement purposes.
- In 1994, the Legislature amended the forfeiture statutes to require law enforcement agencies to report to the Office of the State Auditor “the number of firearms forfeited, and the make, model, and serial number of each firearm forfeited.”
- In 1995, the Legislature expanded DUI-related forfeiture statutes to include offenses involving snowmobiles, all-terrain vehicles, boats, and automobiles. A vehicle used in an incident that results in a third impaired driving conviction in 5 years or a fourth conviction within 15 years is subject to forfeiture. The legislation also required law enforcement agencies to report these forfeitures to the Office of the State Auditor on an annual basis.
- Due to the 1997 legislative repeal of Minn. Stat. § 84.912, subd. 10, and § 86B.337, subd. 10, the requirement to report information on DUI-related forfeitures to the Office of the State Auditor was eliminated.
- In 1999, the Legislature amended Minn. Stat. § 609.5315, subd. 1, to allow law enforcement agencies to sell forfeited firearms to federally-licensed firearms dealers. Hennepin and Ramsey County Boards were given authorization to ban the sale of forfeited firearms by their respective sheriff’s departments. The Boards subsequently voted to continue the ban.

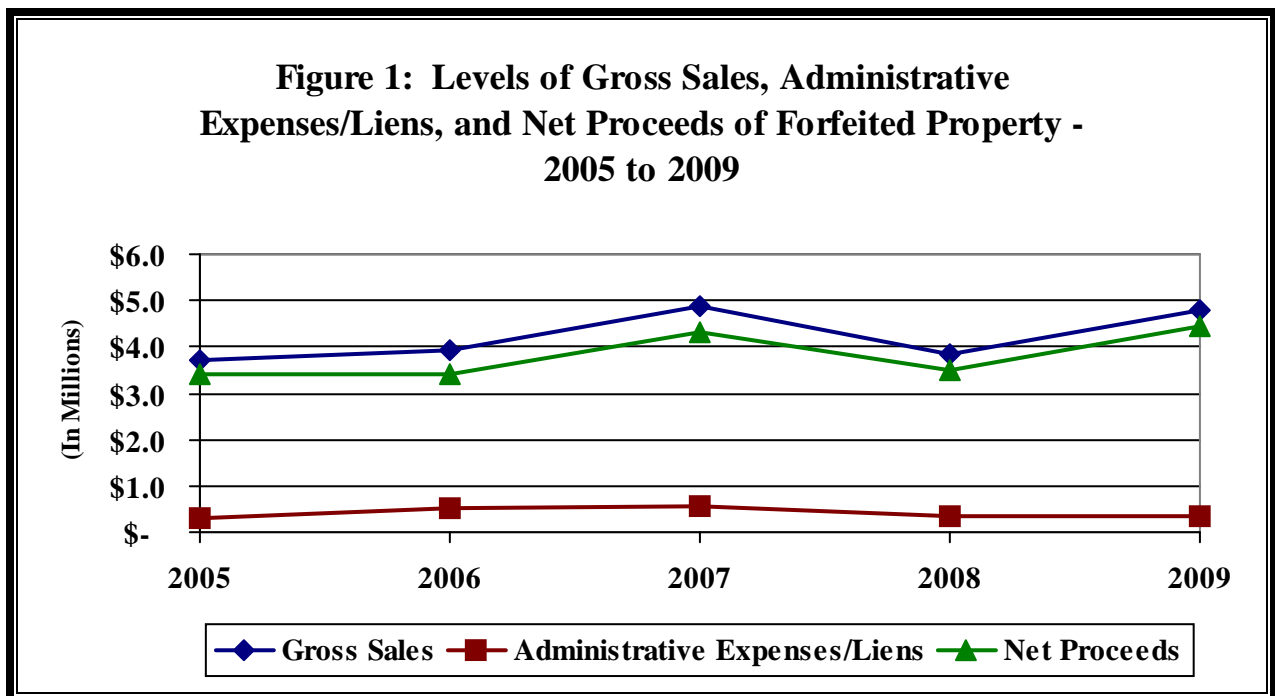

## 2009 Forfeiture Activity

In 2009, 218 Minnesota law enforcement agencies (7 fewer agencies than in 2008) reported a total of 4,895 incidents of property seized subject to forfeiture. While 7 fewer law enforcement agencies reported forfeiture incidents in 2009, the total number of incidents reported increased by 1,072 forfeiture incidents, or 28.0 percent more than the number reported in 2008. In addition to the 218 law enforcement agencies that completed forfeitures in 2009, 241 agencies reported that they had no forfeitures, and 34 did not file reports with the Office of the State Auditor.

Coinciding with the increase in the number of forfeiture incidents completed in 2009 was an increase in gross sales and net proceeds between 2008 and 2009.

- Gross sales of forfeited property or seized cash totaled \$4,778,457 in 2009, up 25.0 percent from the \$3,823,463 reported in 2008.
- Administrative expenses and lien holder's obligations decreased 2.4 percent between 2008 and 2009, falling from \$356,362 in 2008 to \$347,745 in 2009.<sup>7</sup>
- Net proceeds totaled \$4,449,152 in 2009, which was 27.1 percent more than the \$3,500,434 reported in 2008.

Figure 1 below shows the five-year trend in the gross sales, administrative expenses/liens, and net proceeds of forfeited property that was either cash or was sold.

<sup>7</sup>These costs represent the payment of seizure, storage, forfeiture, and sale expenses; satisfaction of valid liens against the property; or court-ordered restitution (Minn. Stat. § 609.5315, subd. 4).

## Factors Affecting 2009 Forfeitures

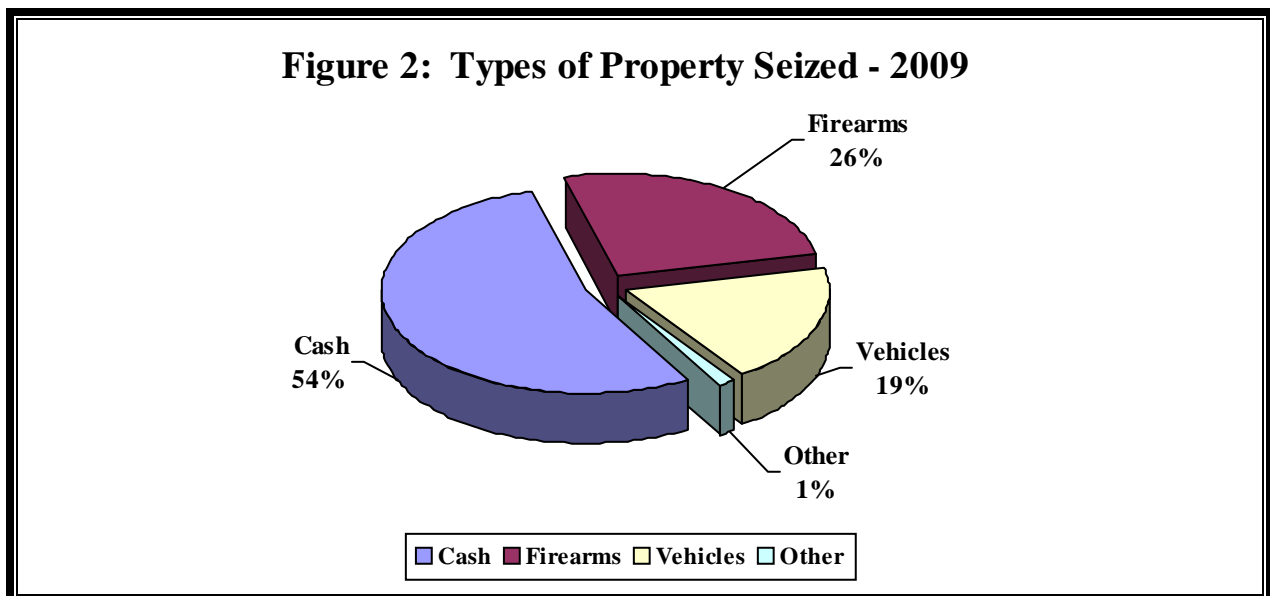

The significant increase between 2008 and 2009 in both the number of completed forfeitures and the level of gross sales and net proceeds primarily reflects the activities of the Minneapolis and Saint Paul Police Departments. The Minneapolis Police Department reported 1,207 forfeiture incidents in 2009, compared to 406 in 2008. The Saint Paul Police Department reported 806 forfeitures incidents in 2009, compared to 48 in 2008. The increase in the number of completed forfeitures for these two entities (1,559) was greater than the overall statewide increase (1,072).

For the Minneapolis Police Department, the majority of the increase in forfeitures was due to firearm forfeitures. The city did not process any firearm forfeitures in 2008 because the firm that was used to destroy firearms stopped taking them in 2008. An agreement was later reached with this business, and the Minneapolis Police Department resumed processing the firearm forfeitures in June of 2009. In 2009, firearm forfeitures accounted for 824 of the 1,207 forfeiture incidents reported by the Minneapolis Police Department.

In 2008, the Saint Paul Police Department reported that, due to a combination of funding and staffing issues in the courts and police department, forfeiture cases were not processed as quickly as in the past. In 2009, staff from the Saint Paul Police Department worked with the Ramsey County Attorney's Office to process a backlog of forfeitures. As a result of this effort, the number of forfeitures completed greatly increased. A significant number of older forfeitures were processed in 2009. Of the 806 forfeiture incidents reported by the Saint Paul Police Department, 560 involved property seized prior to 2007.

## Type of Property

Figure 2 below shows the type of property seized subject to forfeiture in 2009. The resumption of firearm forfeitures by the Minneapolis Police Department significantly changed the composition of forfeited property from 2008 to 2009. The 2009 mix of seized property is more in line with years prior to 2008. In 2009, cash accounted for 54 percent (55 percent in 2008) of property seized, followed by firearms at 26 percent (18 percent in 2008), vehicles at 19 percent (26 percent in 2008), and other property at 1 percent (1 percent in 2008).

A closer examination of forfeited property by type reveals differing trends for the major categories of forfeitures. Two categories of property showed significant increases between 2008 and 2009. Cash forfeitures increased 28 percent, and firearm forfeitures increased 78 percent. The increase in firearm forfeitures did not have an effect on gross sales and net proceeds because the Minneapolis Police Department, which was largely responsible for the increase, does not sell or trade firearms. Cash forfeitures were the primary factor in gross sales and net proceeds growth, with the Saint Paul Police Department accounting for the majority of the increase.

The table below shows the change from 2008 to 2009 for the three most common types of forfeited property (cash, vehicles, and firearms) and all other property.

### **Forfeiture Proceeds Forwarded to the State**

Pursuant to Minn. Stat. § 609.5315, subd. 5, cash or net proceeds from the sale of forfeited property (after administrative expenses and payment of liens are subtracted) are distributed in the following manner: 70 percent to the appropriate law enforcement agency; 20 percent to the county attorney or other prosecuting agency that handled the forfeiture; and 10 percent to be forwarded within 60 days after resolution of the forfeiture to the Treasury Division of Minnesota Management and Budget. In 2009, 4,333 incidents resulted in forfeitures, 299 resulted in an agreement, 106 incidents resulted in court-ordered return to the owner, and 157 resulted in other disposition.<sup>8</sup>

<sup>8</sup>Agreements that are completed by the agency and the property owner may involve the agency keeping 100 percent of the proceeds or the relevant county or city attorney receiving 20 percent of the proceeds. These types of agreements result in no funds being forwarded to the state. Some agencies, especially those that do not own their own impound lots, incur a loss in holding the property before the forfeiture is completed and, therefore, have no proceeds to distribute.

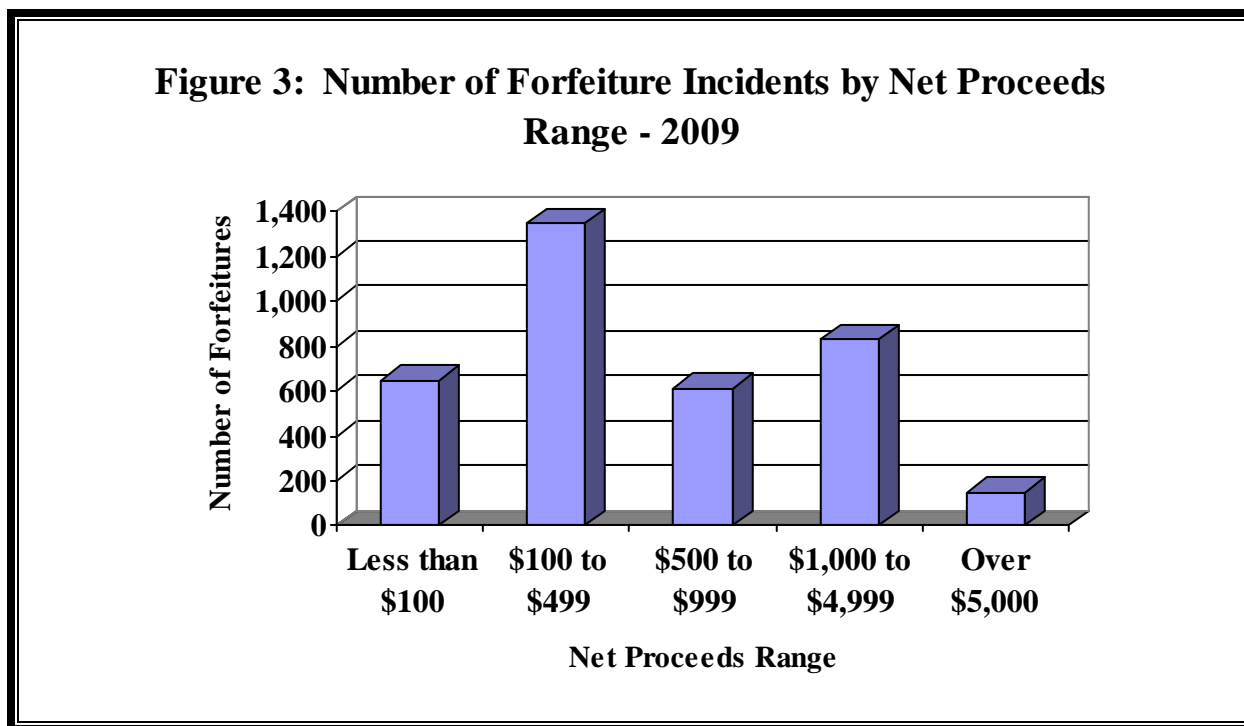

Of the 4,895 forfeiture incidents reported, 3,579 involved seized cash, property that was sold, or an agreement that required monetary compensation to the agency. The total value of net proceeds from these forfeitures was \$4,449,152. Net proceeds derived from forfeitures ranged from \$0 to \$95,102.<sup>9</sup> Net proceeds per forfeiture incident averaged \$1,243 in 2009, compared to \$1,073 in 2008.

### Range in Net Proceeds Level

Law enforcement agencies receive funds derived from forfeitures in three primary ways: the forfeited item was cash, the forfeited item was sold, or an agreement required monetary compensation to the agency. An analysis of the net proceeds of these incidents showed the following:<sup>10</sup>

- 646 (18.1 percent) forfeitures were less than \$100.
- 1,346 (37.6 percent) forfeitures ranged from \$100 to \$499.
- 612 (17.1 percent) forfeitures ranged from \$500 to \$999.
- 828 (23.1 percent) forfeitures ranged from \$1,000 to \$4,999.
- 147 (4.1 percent) forfeitures were greater than \$5,000.

Figure 3 below shows the distribution of forfeitures by net proceeds range.

<sup>9</sup>In some cases, the reported expenses were greater than the gross sales amount, but the net amount was recorded as zero rather than a negative amount.

<sup>10</sup>These totals do not include property destroyed, retained, or returned to owner without compensation.

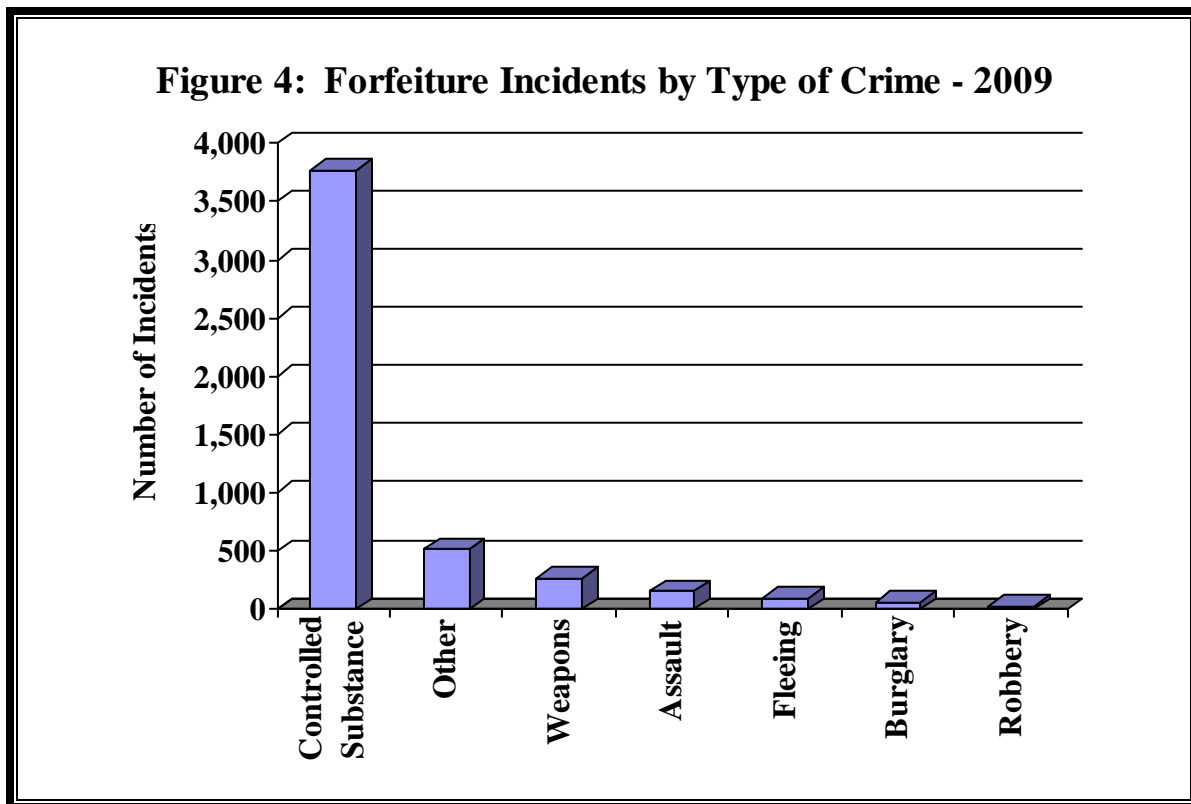

## Criminal Forfeiture Activity by Law Enforcement Agency

The 218 law enforcement agencies reporting criminal forfeiture incidents in 2009 included county sheriff's departments, city police departments, various drug task forces, and the Minnesota State Patrol. The agencies with 100 or more forfeiture incidents completed in 2009 were: the Minneapolis Police Department (1,207), the Saint Paul Police Department (806), the Minnesota State Patrol (257), the Dakota County Drug Task Force (194), the Southeast Minnesota Drug Task Force (182), the Northwest Metro Drug Task Force (112), and the Hennepin County Sheriff's Office (100). Forfeiture incidents are an infrequent occurrence for most law enforcement agencies, with many smaller agencies forwarding forfeiture incidents to a gang and drug task force (see map on page 187).

### Type of Crime

Criminal activity involving a controlled substance accounted for 3,773 (77 percent) of the 4,895 forfeiture incidents reported in 2009. The remaining incidents involved weapons, assault, fleeing, burglary, robbery, and "other" crimes.<sup>11</sup> Figure 4 below shows forfeiture incidents by type of crime.

<sup>11</sup>"Other" crimes include child abuse, crisis intervention, criminal sexual conduct, curfew, criminal vehicular homicide, disorderly house, gun buy-back, hit and run, identification fraud, murder, prostitution, recovered property, suicide, threats, traffic violations, U.S. customs, and warrant arrest.

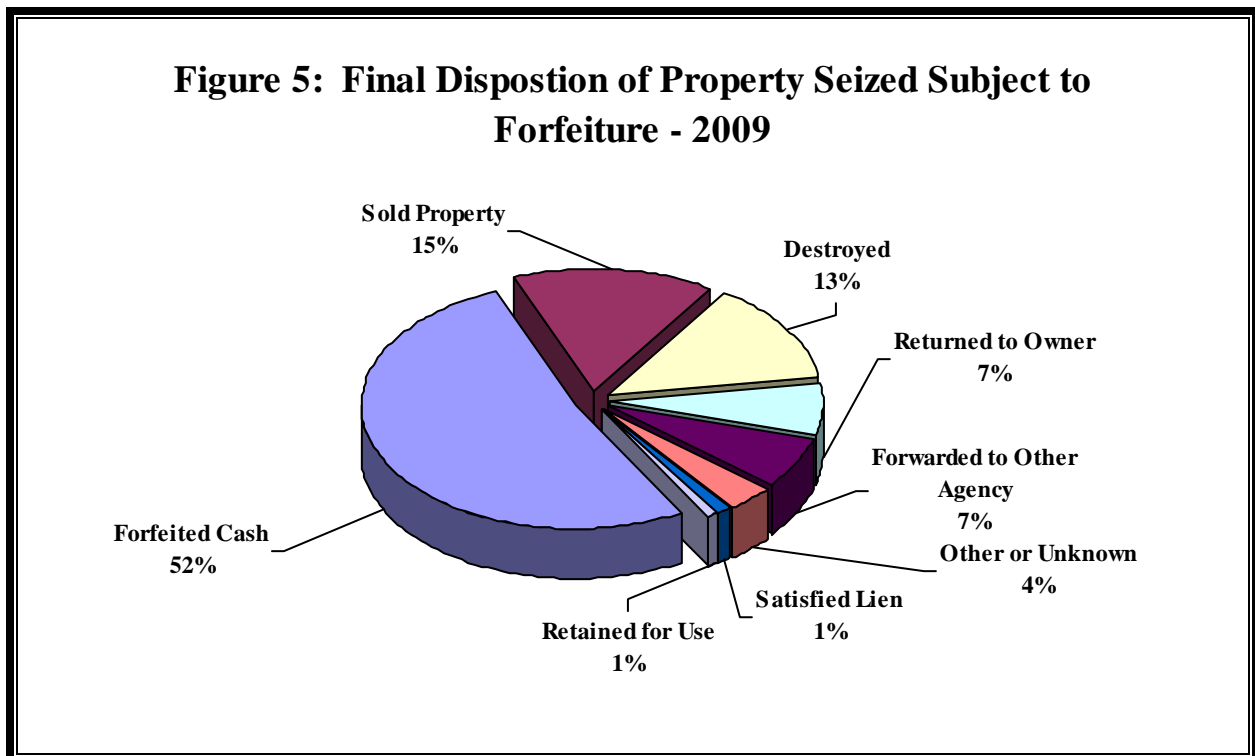

## Forfeited Property Destroyed, Retained, or Forwarded to Other Agency

In addition to selling forfeited property, law enforcement agencies have the authority to destroy property that is harmful to the public, retain property for official use by the agency, return the seized property upon court order or agreement, or forward property to a state or federal agency (usually the Drug Enforcement Administration). When the final disposition of seized property is one of those listed above, there are no net proceeds transmitted to the Treasury Division of Minnesota Management and Budget. If property retained for official use is later sold, the net proceeds are apportioned according to Minn. Stat. § 609.5315, subd. 5.

In 2009, 320 forfeitures resulted in property being retained by the agency or forwarded to another agency, 655 forfeitures resulted in property being destroyed, 46 forfeitures were used to resolve liens against the property, and in 343 cases, the seized property was returned to the owner upon agreement or court order. The “other” category, which accounted for 187 forfeiture incidents, includes any other disposition of property not previously classified.

## Final Disposition of Property

Law enforcement agencies reported final disposition for 4,895 incidences of seized property in 2009. In the figure below, the reported category of disposition is used. There are many instances where the final disposition could be classified differently. For example, a vehicle listed as “returned to the owner” may have also included a monetary payment to the law enforcement agency per an agreement. Some agencies may have classified that as sold property. Figure 5 below shows the final disposition of all 4,895 forfeitures completed in 2009.

## **Property or Proceeds Shared With Other Agency**

Law enforcement agencies frequently work together, especially on drug-related offenses, and often share the cash proceeds from drug-related criminal forfeitures. Sharing of property or proceeds occurs most frequently in narcotics task forces, where proceeds are split amongst the contributing agencies in accordance with Minn. Stat. § 609.5315, subd. 5.

## **Agencies Reporting No Forfeitures in 2009**

Not all law enforcement agencies in the state process property for forfeiture. The Office of the State Auditor requests that all law enforcement agencies which did not process any forfeitures in a given year submit a form by January 31 of the following year indicating that they had no forfeitures to report. For 2009, 241 agencies reported that they did not process any property under the forfeiture statutes (see Appendix 1). As previously mentioned, reported forfeitures do not include DUI-related forfeitures. This does not mean that forfeitable offenses do not occur in these jurisdictions, but rather it is often cost-prohibitive for these agencies to take advantage of the forfeiture statutes due to their limited size. Many agencies forward their forfeitures to the task force in their jurisdiction. Appendix 3 contains a map of the gang and drug task forces throughout the state.

In addition to the 241 agencies that filed a reporting form indicating that they had no forfeitures to report in 2009, 34 agencies did not provide any information to the Office of the State Auditor regarding their forfeiture activity in 2009. These agencies are listed in Appendix 2.
